INTRODUCTION

The normal operations of our Maine state government are recorded and controlled on a fund basis in three major operating funds: **GENERAL FUND, HIGHWAY FUND and OTHER SPECIAL REVENUE FUNDS.**

The **GENERAL FUND** receives its revenues from **GENERAL STATE REVENUE SOURCES**, the largest sources being from Individual Income Taxes and Sales and Use Taxes.

The **HIGHWAY FUND** provides most of the financing of the Bureaus of Highways and its allied divisions in the Department of Transportation. This fund receives its revenues from three major sources: Gasoline, Use Fuel and Motor Carrier Tax and Motor Vehicle Registrations and Driver Licenses.

OTHER SPECIAL REVENUE FUNDS receive their revenues from segregated or dedicated sources and the funds are expended by category for special purposes. The major source of revenue in **OTHER SPECIAL REVENUE FUNDS** is derived from the federal government.

In addition to the three operating funds that are listed above, there are numerous other funds that are used to record specific activities such as Capital Project, General Long Term Debt, Enterprise Fund, Intragovernmental Services and Trust and Agency Funds.

The information contained in this report was compiled from the following sources:

- the Bureau of Taxation;
- the Bureau of Accounts and Control;
- State Treasury reports;
- the Maine Revised Statutes Annotated;
- various State departments;
- the Advisory Commission on Intergovernmental Relations; and
- financial reports and records of the Legislative Office of Fiscal and Program Review.

SALES AND USE TAXES (Adopted 1951) - 36 M.R.S.A. cc. 211-225

Sales Tax A tax is imposed at the rate of 5% on the sale price of all tangible personal property, telephone and telegraph services, extended cable television service, fabrication services, rentals of video tapes and equipment, and custom computer programming sold at retail in this State, and at the rate of 7% on the rental charged for living quarters in hotels, rooming houses, tourist or trailer camps and automobiles rented on a short term basis, and at the rate of 10% on the sale of liquor by the drink.

Generally speaking, the exemptions are: Foods for home consumption; water and fuels for domestic use; the first 750 kilowatts per month of electricity for domestic use; certain agricultural materials used in agricultural production; medicines for human beings sold on a doctor's prescription; prosthetic devices; machinery and equipment used directly and primarily in manufacturing, agricultural production, or commercial fishing; repair parts for manufacturing machinery; items consumed or destroyed directly in production; water and air pollution control facilities; trade-ins of motor vehicles, farm tractors, boats, aircraft, self-propelled vehicles used to harvest lumber, chain saws, camper trailers, livestock trailers and special mobile equipment; motor vehicle fuels subject to Maine excise tax; railroad track materials; and costs other than materials included in the sale of new mobile and modular homes up to 50% of the sale price.

Use Tax A tax is imposed at the rate of 5% of the purchase price on the storage, use or other consumption in this state of purchases at retail sale when sales tax is not paid at the time of purchase and on casual purchases of motor vehicles, camper trailers, livestock trailers, special mobile equipment, and boats and aircraft. This tax is basically a tax on purchases made outside the state for use in Maine.

INCOME TAXES (Adopted 1969) - 36 M.R.S.A. cc. 801-841

Individual Income Tax A tax is imposed for each taxable year on the Maine taxable income of every resident individual, estate and trust of this state. Nonresident individuals, estates and trusts are subject to tax on income derived from sources within this state. Tax rates are progressive from 2% to 8.5%. For nonresident individuals, the progressive rate structure is applied to taxable income from all sources in determining the tax on Maine sourced income. Tax rates for fiduciaries are the same as those for single individuals.

Withholding of Maine income tax from wages is required of every employer who maintains an office or transacts business in Maine and who makes payment of any wages subject to Maine income tax, whether or not the employee is a Maine resident. Every person who maintains an office or who transacts business in Maine and who makes payment of any other items of income which constitute Maine taxable income is also required to withhold Maine income tax from such payments if federal withholding is required.

Partnerships and S Corporations. Every partnership and corporation having a resident partner or shareholder or having Maine derived income is required to file an information tax return.

Corporate Income Tax. A corporate income tax is imposed on all profit oriented corporations subject to federal income tax and having nexus in this state, with the exception of financial institutions subject to the franchise tax and insurance companies subject to the premium tax. The tax is levied on Maine net income which is federal taxable income as modified by Maine law. In the case of a corporation doing business both within and without this state, Maine net income is determined by apportioning the modified federal taxable income according to a formula using payroll, property and sales. Tax rates are progressive from 3.5% to 8.93%. A taxable corporation which is a member of an affiliated group operating in a unitary fashion must file a combined report.

(Originally effective on July 1, 1969, for individuals, estates and trusts and on January 1, 1969, for corporations. Amended numerous times since enactment to alter the tax rates and other provisions. For individuals, the tax rate brackets, standard deduction and personal exemption have been subject to indexing for inflation since tax year 1983 for each year except tax years 1988 and 1989. The tax rate brackets for fiduciaries have been subject to indexing for the same period.)

In 1965 eliminated refunds for pleasure boat use and set aside 1.25% of gasoline tax revenue from which is deducted refunds to commercial motor boat users; 80% of balance credited to Boating Facilities Fund and 20% of balance to Department of Marine Resources; set-aside increased effective May 1, 1988, to 2.00% up to \$2 million.

Amended in 1973 to also set aside .5% of gasoline tax revenue, 90% to Snowmobile Trail Fund and 10% to Department of Inland Fisheries & Wildlife.)

SPECIAL FUEL TAX (Adopted 1983) - 36 M.R.S.A. c.459)

An excise tax is imposed at 20 cents per gallon on distillates (diesel fuel) and at 16 cents per gallon on low energy fuel (such as propane, methane and butane) when such fuel is used in an internal combustion engine for the generation of power to propel motor vehicles of any kind or character on the public highways or turnpikes of this state. The tax is normally paid by the supplier and is refundable to the user, less one cent per gallon and with imposition of the 5% use tax, when special fuel is purchased for off-highway use. Full refund is provided for certain common carrier passenger service vehicles.

(Enacted effective October 1, 1983 at the rate of 14 cents per gallon on distillates and 13 cents per gallon on low energy fuels. Increased on July 1, 1988 to 19 cents per gallon on distillates and 15 cents per gallon on low energy fuels. Increased on April 1, 1989 to 20 cents per gallon on distillates and 16 cents per gallon on low energy fuels. The special fuel tax replaces the 'Use Fuel Tax' that was adopted in 1941.)

ROAD USE TAXES

Motor carriers using special fuel in interstate or intrastate commerce within Maine are liable for a road tax equivalent to the Maine tax on motor fuels. Credit is allowed for Maine fuel tax paid, and for fuel tax paid in another jurisdiction up to the amount of the Maine tax. The states of Maine, New Hampshire and Vermont have entered into a Regional Fuel Tax Agreement whereby users report liability in any of the member jurisdictions to the jurisdiction where the user is based.

(Road use taxes provided with enactment of motor fuel tax laws. Road tax for gasoline-powered vehicles removed effective January 1, 1988.)

AERONAUTICAL GASOLINE TAX (Adopted 1931-1939) - 36 M.R.S.A. §§2903, 2910

Aeronautical gasoline sold for use in propelling piston engine aircraft is subject to the gasoline tax and is taxed at the same rate as other gasoline. The tax is refundable to the user, less four cents per gallon and with imposition of the 5% use tax.

AERONAUTICAL JET FUEL TAX (Adopted 1988) - 36 M.R.S.A. §2903

Fuel used for propelling jet or turbojet engine aircraft in domestic flights is subject to an excise tax of 3.4 cents per gallon and is exempt from sales and use tax. Jet fuel used in international flights is exempt from both the jet fuel tax and the sales and use tax.

SPRUCE BUDWORM MANAGEMENT TAX (Adopted 1976 - 12 M.R.S.A. §8427

There is established a Spruce Fir Protection District consisting of land which has been accepted for silvicultural treatment designation under 12 M.R.S.A. §8424. Lands submitted remain under the jurisdiction of the Act for five years. Persons owning parcels of forest land within the Spruce Fir Forest Protection District are subject to pre-project and post-project excise taxes for the privilege of owning and operating such forest land.

The pre-project excise tax is computed by multiplying the ratio of the planned spray acres for each landowner to the total planned spray acres for all landowners controlling 1% or more of the spray acres in the project by the total project cost.

The post-project excise tax is designed to raise 90% of the state cost of each year's program from the owners of forest land actually sprayed, and 10% from all taxable acres in the Spruce Fir Forest Protection District. The amount of the post-project excise tax payable by each landowner is reduced by the amount of the pre-project excise taxes payable for that calendar year.

The 50,000 acres presently enrolled in the District represent only 3% of the acreage enrolled in the mid-1980's, and were released from the District at the end of 1989. Although the current low levels of spruce budworm lessen the immediate need for this mechanism, the Act remains extant.

SARDINE TAX (Adopted 1951) - 36 M.R.S.A. c.713

An excise tax at the rate of 30 cents per case is imposed upon the privilege of packing sardines. The purpose of this tax is to advertise, research, study and conserve the industry along with promoting the prosperity and welfare of the state.

(Amended 1963 striking provision for \$500,000 limit on collections. Amended 1965 to exempt exported sardines. Amended 1969 to include financing of inspections of sardines. Amended in 1981 to increase tax from 25 cents to 30 cents.)

BLUEBERRY TAX (Adopted 1945) - 36 M.R.S.A. c.701

A tax is imposed at the rate of 1 cent per pound of fresh fruit on all blueberries grown, purchased, sold or processed in this state. The purpose of this tax is to promote the prosperity and welfare of the state and the blueberry industry.

(Imposed July 21, 1945 at 1 1/4 mills per pound. Increased September 23, 1971 to 2 1/4 mills per pound. Increased October 24, 1977 to 3 mills per pound. Increased June 8, 1979 to 5 mills per pound. Increased July 25, 1984 to 10 mills per pound.)

MAHOGANY QUAHOG TAX (Adopted 1986) - 36 M.R.S.A. c.714

A tax is imposed at the rate of \$1.20 per bushel on all mahogany quahogs purchased from a harvester in Maine for distribution in wholesale channels of trade.

*(Imposed July 16, 1986 at the rate of 8% of the landed value of mahogany quahogs.
Repealed and replaced June 29, 1987 changing rate to \$1.20 per bushel.)*

POTATO TAX (Adopted 1937) - 36 M.R.S.A. c.710

A tax is levied and imposed at the rate of \$.05 per hundredweight on all potatoes raised in this state except those retained by the grower for seed or consumption and those certified by a federal-state inspector as unmerchantable. The purpose of this tax is to conserve and promote the prosperity and welfare of the state and the potato industry.

(Amended 1955 increasing tax from 1 cent to 2 cents per barrel. Amended 1972 to \$.012 per hundredweight. Amended to \$.025 per hundredweight, effective October 1, 1975. Amended to \$.05 per hundredweight, Effective July 25, 1984. Unmerchantable potatoes are exempted, effective August 1, 1986.)

MAINE MILK POOL (Adopted 1984) - 7 M.R.S.A., §3153

A fee determined by the Department of Agriculture, Food and Rural Resources is imposed on all Maine milk dealers and credited to the Maine Milk Pool for redistribution to Maine and eligible Boston market producers to equalize price differentials in the dual market system. A promotion fee of \$0.10 per hundredweight is applied to all milk produced by each producer-dealer and credited to the Maine Dairy Promotion Board, except that \$0.02 per hundredweight is paid by the Board to the Maine Dairy and Nutrition Council. The promotion fee is also paid to the Maine Milk Pool by Maine market dealers on all milk imported for sale within the State.

FERTILIZER TAX (Adopted 1949) - 36 M.R.S.A. c.705

A tax is imposed at a rate of 12 cents per ton of 2,000 pounds on any manufacturer or distributor of mixed fertilizer in this state. The purpose of this tax is to finance the cost of sampling, inspecting and analyzing commercial fertilizer.

*(Amended 1959 increasing tax from 1 to 4 cents per ton.
Amended 1971 increasing tax from 4 to 10 cents per ton.
Amended 1979 increasing tax from 10 to 12 cents per ton.)*

COMMERCIAL FORESTRY EXCISE TAX (Adopted in 1985) - 36 M.R.S.A. c.367

This tax was enacted by P.L. 1985, c.514, to replace the "Forest Fire Suppression Tax" (which, in turn, replaced the Forest District Tax formerly imposed in the Unorganized Territory and selected adjoining towns). The General Fund bears approximately 1/2 the total costs of forest fire control and the commercial forestry excise tax provides the remaining 1/2 of the total costs. This tax is assessed against owners of more than 500 acres of forested land in the state.

MINING EXCISE TAX (Adopted 1981) - 36 M.R.S.A. c. 371

An excise tax is imposed on each mining company for the privilege of conducting mining within the state. It is imposed in lieu of all property taxes on or with respect to mining property except for the real property tax on buildings and land, excluding the value of minerals and rights.

The annual excise tax on each mine site is the greater of:

- 1) The value of facilities and equipment multiplied by 0.005; or
- 2) A tax on gross proceeds computed by a formula.

The statutes specify the percentage of tax revenues which are to be distributed to the General Fund, Mining Impact Assistance Fund, and the Mining Excise Tax Trust Fund.

UNORGANIZED TERRITORY EDUCATIONAL AND SERVICES TAX (Adopted 1977)
36 M.R.S.A. c.115

The Unorganized Territory Educational and Services Tax is levied upon non-exempt real and personal property located in the Unorganized Territory Tax District as of April 1st of each year. The tax is computed and apportioned on the basis of the State Tax Assessor's determination of the value of the property. The tax rate is calculated to raise the municipal cost component.

The Unorganized Territory Tax District includes all of the unorganized territory of the State of Maine.

The municipal cost component is the cost of funding services in the Unorganized Territory Tax District which would not be borne by the state if the Unorganized Territory Tax District were a municipality.

The municipal cost component is comprised of the following categories of services provided for the Unorganized Territory: Public Safety; Land Use Regulation Commission; Secretary of State; property tax assessment; county reimbursement for services; education and human services; and general assistance.

(Unorganized Territory continued)

The Legislature determines the municipal cost component for the current fiscal year and so advises the State Tax Assessor for computation of the mill rates for the Unorganized Territory Educational and Services Tax.

Revenue from this tax is credited to the Unorganized Territory Educational and Services Fund which is used to reimburse State and County Governments for the cost of providing municipal services in the Unorganized Territory.

SOLID WASTE ADVANCE DISPOSAL FEE (Adopted 1989) 36 M.R.S.A. c.719

The fee is applied in the same manner as sales and use tax. Any exclusion, exemption or credit provided in the sales and use tax law also applies to the solid waste advance disposal fee. Retailers responsible for collecting and remitting sales and use tax are also responsible for collecting and remitting the solid waste advance disposal fee. New tires, new lead-acid batteries, new major appliances, new major furniture, new bathtubs and new mattresses purchased out of state for use within the state are also subject to the solid waste advance disposal fee.
