## SUMMARY OF MAJOR STATE FUNDING DISBURSED TO MUNICIPALITIES AND COUNTIES

Maine State Legislature Office of Fiscal and Program Review October 2012 Pub. #23

#### SUMMARY OF MAJOR STATE FUNDING DISBURSED TO MUNICIPALITIES AND COUNTIES

This report summarizes the major state funding disbursed to municipalities and counties. These disbursements represent a substantial portion of the State's budget and significantly affect local government budgets as well. The State's support of municipal and county functions through these disbursements has a major impact on the amount of local property taxes assessed on Maine taxpayers to support municipal and county government.

This report captures state funds, including bond proceeds, paid directly to municipalities and counties or paid on their behalf for a local governmental purpose. All major direct-disbursement programs/items are reflected, such as General Purpose Aid for Local Schools and State-Municipal Revenue Sharing, as well as certain indirect expenditures, most notably, Teachers' Retirement, which is paid 100% by the State. Local school units would otherwise make these payments to the retirement system for the "employer share" of teacher retirement costs. The amounts in this report do not include federal funds that pass through state agencies to local units of government and do not reflect any benefit that local units might receive from the sales tax and fuel tax exemptions for local governmental purchases. The exclusion of federal funds is particularly noteworthy during the period from FY 2009 through FY 2011 because a significant amount of the American Recovery and Reinvestment Act of 2009 federal stimulus funds passed through to local school units to mitigate the impact of cuts in state funding. The summary data in this report also do not include amounts the State pays to individuals and businesses as reimbursement for local property taxes. Appendix A summarizes those expenditures separately.

The extent of the State's financial support of local governments is best illustrated when the data are expressed as a percentage of state revenue (see the graph on page 3). For the fiscal year ending June 30, 2012 (FY 2012) disbursements to municipalities and counties from the General Fund represented 37.1% of total General Fund revenue, a reduction from FY 2011. If State-Municipal Revenue Sharing expenditures are included as General Fund expenditures and the revenue set aside for revenue sharing is added back to General Fund revenue, the percentage of these disbursements would increase to 39.1%. Due to reductions in several categories in FY 2012, the most significant being education funding, this percentage declined from the FY 2011 level of 40.2%. When all state disbursements to municipalities and counties, excluding bond expenditures, are compared to total state operating revenue (which for the purposes of this analysis excludes all federal funds, enterprise funds, internal services funds, trust funds and bond funds), the State disbursed 29.5% of its operating revenue back to municipalities and counties, down from 30.5% in FY 2011.

With the downturn in General Fund and Highway Fund revenue, the dollar value of these disbursements has declined from its peak in FY 2008. Despite the recent declines, the average annual percent increase in these disbursements has been 2.9% over the 20-year period from FY 1994 to FY 2013. On an inflation-adjusted basis that upward trend was 0.4% annually.

(1) Revenue collected in the Surcharge Fund is distributed to counties for costs associated with operations of the jails per PL 1987, c. 339 (4 MRSA, §1057). FY 2005 expenditures for the Surcharge Fund were below prior years due to technology conversion difficulties at the Traffic Violations Bureau.

(2) FY 1987 through FY 1998 represent reimbursement to counties for costs related to the support of certain prisoners at county correctional facilities, enacted by PL 1985, c. 821 (34-A MRSA, §1210). Fiscal year 1999 and beyond represents funding to the County Jail Prisoner Support and Community Corrections Fund, enacted by PL 1997, c. 753 (34-A MRSA, §1210-A).

(3) These amounts represent the salary and fringe benefits for state positions working in the eight prosecutorial districts. All other costs of the District Attorney's offices are funded by county funds. In the absence of this special arrangement, the salaries and fringe benefits of these state positions would also be supported by county funds.

(4) PL 1997, c. 750 established the Law Enforcement Agency Reimbursement Fund to provide reimbursement to municipal and county law enforcement officers for serving as court officers or witnesses. Prior to FY 1999, municipal law enforcement officers were reimbursed by the Judicial Department out of funds appropriated to the department from the General Fund; estimates are not available.

(5) These amounts represent tobacco fine revenue collected by the courts and issued to municipal law enforcement agencies as grants by the Maine Criminal Justice Academy to perform tobacco enforcement.

(6) Budgeted through 125th Legislature, 2nd Regular Session. Does not include funds in the Correctional Impact Reserve program.
