Senator Bill Diamond, Chairman  
Representative Stan Gerzofsky, Chairman  
Joint Standing Committee on Criminal Justice and Public Safety  
Room 436 State House  
Augusta, Maine 04333-0003

Senator Diamond and Representative Gerzofsky:

I would like to thank you and the Board of Trustees for all the hard work you do for the Maine Criminal Justice Academy. As I write my 5th annual report reflecting this past year, I look very much to the future of where the Academy is headed. I see many positive changes coming for the Director and the Staff, as well as the involvement of the Board of Trustees.

The Academy is the central training facility for state, county and municipal law enforcement and corrections officers. The campus is located at the former Oak Grove-Coburn School in Vassalboro, Maine. From 1972 until December 28, 2000, the Academy was located at 93 Silver Street in Waterville, at the former Thomas College facility. The Academy has eleven (11) classrooms, four (4) conference rooms, a full cafeteria and can house 130 students. The building has a state of the art special training center, an indoor running track and formal parade grounds.

The mission of the Maine Criminal Justice Academy is to provide the highest level of training within given resources, to law enforcement and correctional officers in the State. By statute, the Academy is required to provide a basic training program for all full-time law enforcement officers, all part-time law enforcement officers, all county and state correctional officers, all court security officers and all capitol security officers. The Academy also coordinates the 8 Regional Training Districts across the state, which provides academy certified training to officers in remote areas.

The Academy has a staff of eleven (11) full-time people and operates with an annual FY07 budget of \$1,554,792 (Special Revenues). In addition to the full-time staff, the Academy relies heavily on volunteer instructors from state, county and municipal law enforcement agencies, county and state corrections agencies and others in the criminal justice fields. During 2006, the Academy had 11,676.5 instructor hours donated for Regional, In-service, Corrections training and the Basic Law Enforcement Training Program (BLETP).

During 2004, Academy completed a Job and Task Analysis (JTA) on what law enforcement officers do in the field. From this information, we have set a new course and curriculum goals and objectives. The staff is continuing to work on the process of writing the new curriculum using adult learning principles and integrating a “community policing philosophy” and “ethics” into as many courses as possible. The Academy provides many instructor development classes, in order to train students to become future volunteer instructors.

In 2006 we completed work with the National Institute of Corrections (NIC) to completely redo the Basic Corrections Program. We completed a JTA and then NIC provided the technical assistance to the Academy on a revision of the Basic Corrections Program. We will be making some recommendations to the Board for some changes in the Basic Corrections program in 2007 and then we begin the process of writing new lesson plans for that program. We also have incorporated a block of training on dealing with the Autism into BLETP, which will also be a mandatory topic for all law enforcement officers in 2008. The Academy also had two (2) tuition students (paying \$6,500 on their own) graduate from the BLETP.

The Academy continues to work with JPMA and the Maine Chiefs to develop training on-line for the mandatory topics. The Academy produced the lesson plans with the help of content experts and JPMA put these lesson plans into electronic format for officers to use. This year, JPMA charged \$50.00 per person to access the mandatory training topics along with the rest of their on-line library. This resulted in cost savings to agencies for not having to pay tuition, salary, overtime replacement and travel costs. The 2006 mandatory training topics that were offered on-line were: Drugs that Impair, Homelessness Awareness, and New Law Updates. Firearms had to given in house because officers need to qualify with their service weapon on the range and the Review of Agency Mandatory Policies was agency specific.

The Board of Trustees of the Academy awards certificates to Law Enforcement and Corrections Officers, Executives, Instructors, Canine Teams, Drug Recognition Experts, Traffic Reconstruction Experts and others. The Board continues to update the mandatory standards for the 12 mandated policies for law enforcement agencies in the State. The Board also certifies all new courses, and grants waivers and extensions to law enforcement and corrections officers in emergency or extenuating circumstances, as well as decertifies law enforcement and corrections officers.

During calendar year 2006, the Academy provided the following training:

- 120 students (93 in 2005) graduated from 2 ***Basic Law Enforcement Training Programs (BLETP)***, 18 weeks in length.
- 288 students (229 in 2005) completed the 100-hour ***Law Enforcement Pre-Service Training Program***.
- 202 students (204 in 2005) graduated from the 2-week ***Basic Corrections Officer Training Program***.
- The Academy conducted 138 ***In-Service Training Programs***, (144 in 2005), of which 2,095 officers (2,179 in 2005) attended for a total of 52,758 training hours (56,593 in 2005).
- 125 training programs (282 in 2005) were conducted in the 8 ***Regional Training Districts*** across the State, of which 3,466 officers (6,356 in 2005) attended for a total of 10,361 training hours (24,052 in 2005).

- **8** Ninety-day Extensions (14 in 2005) to attend the Basic Law Enforcement Training Program were granted for emergency or extenuating circumstances.
- **1** Waivers (1 in 2005) of the 2-week Basic Corrections Training Programs was granted.
- **25** Ninety-day Extensions (12 in 2005) to attend the Basic Corrections Training Program were granted for emergency or extenuating circumstances.
- **6** Executive Certificates (3 in 2005) were granted.
- **22** Instructor Certificates (39 in 2005) were granted.
- **25** Firearms Instructor Certificates (27 in 2005) were granted.
- **27** Canine Team Certificates (29 in 2005) were granted.
- **0** Canine Team Trainer Certificates (2 in 2005) were granted.
- **9** New Courses (17 in 2005) were approved.
- **15** Law Enforcement/Corrections Officers (26 in 2005) voluntarily surrendered their certificates of eligibility or had their certifications revoked for criminal conduct or failure to meet Board required training.
- **5** Waivers (1 in 2005) of convicted persons for person to attend Academy programs was granted.
- **12** Intermediate Certificates (11 in 2005) were granted.
- **10** Advanced Certificate (8 in 2005) was granted.
- **24** Crash Re-constructionist Certificates (3 in 2005) were granted.

Again, I want to thank the members of the Joint Standing Committee on Criminal Justice and Public Safety for all the hard work you do and for your support of the Maine Criminal Justice Academy. I would like to extend to your committee members on behalf of my staff, the Board of Trustees and myself, any assistance, advice or guidance we can give you or to help you in your committee work, as it relates to the Maine Criminal Justice Academy.

Sincerely,

John B. Rogers, Director

## ABOUT THE ACADEMY

The origin of organized law enforcement training in Maine dates back to the late 1960's when the Federal Law Enforcement Assistance Agency made funds available through the Maine Criminal Justice Planning and Assistance Agency for improving the operation of the criminal justice system. Using this as seed money, the Maine Municipal Association initiated a two-week law enforcement training program offered in the Portland, Augusta, and Bangor regions. A Board of Directors, consisting of law enforcement officials, was charged with overseeing the program and encouraging law enforcement agencies to support the training.

The early 1970's saw passage of the Mandatory Training Act for law enforcement and in 1972 the former Thomas College in Waterville was purchased to provide permanent facilities for the Maine Criminal Justice Academy. Since that time, the scope of activities at the Academy has steadily increased. In 1990, new legislation required that all law enforcement officers, state, county and municipal, who have the power of arrest and the authority to carry a firearm come under the purview of the Academy's Board of Trustees. This has greatly increased the responsibilities and tasks of the Academy.

The Maine Criminal Justice Academy is responsible for the development and implementation of comprehensive training programs both at the Academy and through outreach programs across the state.

With this responsibility the Academy is providing:

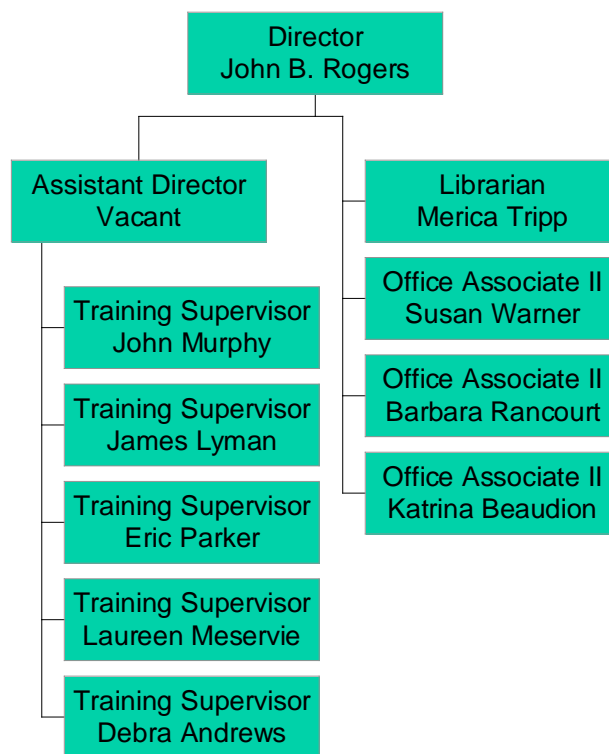

1. A residential training facility to accommodate the needs of Maine's criminal justice professionals;
2. A training delivery system to reach all parts of the State.
3. A centralized administrative structure which promotes coordination and communication; and
4. A repository of support services that promotes research, management, and training activities of all types.

The citizens of Maine have a reasonable expectation that extensive training is provided to criminal justice personnel, particularly those responsible for dealing with emergency situations, which could involve life and death decisions. Court decisions have held that it is the responsibility of criminal justice agencies to ensure that their personnel receive training, which supports the quality performance these citizens expect and deserve. At present, the Maine Criminal Justice Academy is the primary vehicle for Maine criminal justice agencies to meet these obligations.

## APPENDIX G

### **Guidelines for Regional Training Coordinators**

# **MAINE CRIMINAL JUSTICE ACADEMY**

## **A Bureau of the Department of Public Safety**

### **Guidelines for Regional Training Coordinators**

#### **Training Memorandum 93-1 (Revised)**

#### **PURPOSE**

The purpose of the Academy's regional in-service training program is to provide certified law enforcement, corrections officers and other criminal justice personnel an opportunity to upgrade their existing levels of job skills and develop new areas of expertise.

The statewide in-service training will carry out the following primary objectives:

- 1) Provide cost effective training;
- 2) Provide local officers with training opportunities in their own locale and on a flexible schedule;
- 3) Provide quality training on topics specific to local needs;
- 4) Promote and encourage local law enforcement and corrections officers to upgrade their skills; and
- 5) Develop and support courses which maintain and promote philosophies and standards established by the Academy's Board of Trustees.

#### **DESCRIPTION OF IN-SERVICE TRAINING PROGRAM**

The Academy is required by statute to offer in-service training for law enforcement and corrections officers. The various types of in-service training are:

#### **SPECIALIZED TRAINING**

This type of training is usually done at the Academy and involves the development of special skills, e.g., Police Photography, Arson Investigation, Instructor Development. These courses could be offered locally if coordinated with other training regions. These activities are supported by fees paid by attendee's agencies.

#### **MANAGEMENT TRAINING**

Supervisor, Mid-Management and Executive Training are developed courses with specifications and offered annually at the Academy. Regionally, Coordinators should offer, on a needs basis, work-shops, seminars and conferences for area management that deals with local issues or problems. Statewide issues and problems should be scheduled at the Academy. The Management courses could be offered regionally if coordinated through the Academy. These activities are supported by fees paid by attendee's agencies.

#### **REFRESHER TRAINING**

This type of training sharpens and expands the skills and knowledge of officers as it deals with changes in the law, new concepts, updated procedures and critical skills. Training subjects could be required by the legislature, the Board of Trustees or identified through an established Regional Training Council. Fees could be assessed and maintained by individual councils.

### **ORGANIZATION OF IN-SERVICE TRAINING**

Training regions have been organized to recognize the geographical boundaries established by the courts. These prosecutorial districts recognize more than one county. It should be noted that the Maine Chiefs of Police Association also recognizes these boundaries setting their District representation. The Academy has used the same boundaries to establish the four training regions, which are;

- 1) Region 1,  
    District (1) York  
    District (2) Cumberland
- 2) Region 2,  
    District (3) Franklin, Oxford, Androscoggin  
    District (4) Somerset, Kennebec
- 3) Region 3,  
    District (6) Waldo, Knox, Lincoln, Sagadahoc  
    District (7) Washington, Hancock
- 4) Region 4,  
    District (5) Penobscot, Piscataquis  
    District (8) Aroostook

The establishment of a Regional Training Council within each training region is an essential part of the overall training plan. The Task Force Report from the Attorney General noted that regional training councils should reflect the concerns of municipal, county, state law enforcement officers, district attorneys and designated public members who have no affiliation with law enforcement.

The Task Force Report recognized the importance of identifying local training issues and to address these problems by improving performance. Each district should be made up of a minimal representation of:

- 1) District Attorney, or designee
- 2) Troop Commander or designee
- 3) County Sheriff (s) or designee
- 4) Representative member of Chiefs of differing sizes
- 5) Public member(s).

The primary role of the regional training coordinator is to provide technical assistance to the Council. It further becomes the responsibility of the coordinator to provide leadership within the training region in ensuring that all officers are receiving the required training and become the standard bearer for the Academy.

The Regional Training Council should meet periodically, and through this process, identify training needs. With identification, also requires the responsibility of assuring that the training is of sufficient quality in regard to both content and instructor. The regional training coordinator serves the role of technical assistance to this process and assures that it meets the overall Board of Trustee's standard of course certification.

The duties of the regional training coordinator will include but is not limited to the following:

- \* Assess the training needs of their region's criminal justice community and develop programs based on those needs.
- \* Develop specialized in-service programs for that area (i.e. Fingerprinting, photography, Criminal Investigation, Radar, Intoxilyzer, Etc.)

- \* Provide the 100 hour Pre-serve Training Program on a needs basis in the region.
- \* Work with the area criminal justice agencies and institutions of higher education in an effort to constantly provide training of the highest quality.
- \* To serve as the on-site coordinator for all Academy certified programs within their geographic regions.

### **PLANNING**

- \* Work with the Academy/Council in identifying training needs
- \* Examine resources and prior evaluations in establishing courses.

  - 3) Audio-visual readily available
