BOARD OF TRUSTEES

MAINE CRIMINAL JUSTICE ACADEMY

April 1, 2022

Senator Susan A. Deschambault, Senate Chair
Representative Charlotte Warren, House Chair
Members of the Joint Standing Committee on Criminal Justice and Public Safety
Room 436 State House
Augusta, ME 04333-0003

Dear Senator, Deschambault, Representative Warren, and Committee Members:

The Board of Trustees of the Maine Criminal Justice Academy is pleased to present its 2021 annual report to the Joint Standing Committee on Criminal Justice and Public Safety. As you will see, this report is both informative and responsive to the statutory requirement for its production, and the Board is confident that the report will provide the Legislature with the information necessary to ensure that appropriate and timely training is accomplished.

The Board of Trustees, which is comprised of citizens, law enforcement, corrections, and legal representatives, remains committed to the citizens of Maine as the oversight board for the Maine Criminal Justice Academy as it relates directly to; admission standards, training curriculum, policy standards, and the certification and de-certification standards for the more than 5,000 law enforcement and corrections certificate holders.

In this past year, the Board of Trustees have been active in working with the Maine legislature to expand the Board's complaint review committee from three members to five, expand the scope of decertifying conduct, and require the certification of Maine Sheriffs to hold and maintain their office.

Also, in this past year, the Board of Trustees initiated and approved the creation of a School Resource Officer training program and certification for officers in Maine. The staff at the Academy, working collaboratively with the Maine Department of Education and the Maine Center for School Safety, developed a 40-hour School Resource Officer training program that successfully completed its inaugural class at the Academy in August of 2021. This new program will be offered annually to all full time municipal, county and state police officers. This program requires a stringent in-service training component and peer mentoring program to maintain certification.

The Board of Trustees have been responsive to the needs of both the citizens of Maine and the public servants in the law enforcement and corrections community by conducting regular public meetings throughout the year. As a proactive approach to maintaining current and national standards, the Board is currently in the process evaluating and moving to increase certification and training standards for part time police officers, probation officers, and transport officers who work here in Maine.

The Board has taken swift and immediate action in modifying and clarifying several of the statutorily required minimum policy standards for Maine law enforcement agencies that includes chokeholds, a duty to intervene in situations where misconduct or excessive force occurs as well as the requirement for that officer to report those violations to their department's leadership and ultimately the Board of Trustees for oversight and review.

I would also like to recognize Academy Director Desjardins, Assistant Director Peck and their staff in their ability to successfully carry out the mission of the Maine Criminal Justice Academy during these unprecedented and challenging times as we have entered the third year of this worldwide pandemic. What they have accomplished should be recognized as nothing short of being incredible and not the slightest bit surprising.

The Board of Trustees, Director Desjardins, and his staff remain fully committed to promoting the highest standards of professionalism and training to Maine's law enforcement and correctional officers throughout the State. We further stand ready to appear before the Committee to elaborate on any issue associated with this report or with the Academy and its mission.

Respectfully submitted,

Senator Deschambault, Representative Warren and Committee Members:

I would like to thank you for your work during this past legislative session and hope this report helps highlight some of the accomplishments and actions by our Academy and the Board of Trustees. Maine's law enforcement and corrections professionals have faced many challenges over this past year but despite the recent challenges of staffing, Social Justice concerns and the Global Pandemic, I continue to see much improvement and I look forward to working with the Committee Members in the coming legislative sessions.

Our Academy is the central training facility for state, county, municipal law enforcement and corrections officers. The campus is located at the former Oak Grove-Coburn School in Vassalboro, Maine. From 1972 until December 28, 2000, the Academy was located at 93 Silver Street in Waterville, at the former Thomas College facility. The Academy has twelve (12) classrooms, four (4) conference rooms, a full cafeteria and can house 130 students. The building has a tactical training center, an indoor running track, outside obstacle course, and formal parade grounds.

The mission of the Maine Criminal Justice Academy is to provide the highest level of training within given resources, to law enforcement and correctional officers in the State. By statute, the Academy is required to provide a basic training program for all full-time law enforcement officers, all part-time law enforcement officers, all county and state correctional officers, all Judicial Marshal's and all Capitol Police officers. The Academy also coordinates the 8 Regional Training Districts across the state, many of which provides academy certified training and other training to officers in remote areas.

The Academy has an allocation of eleven (11) full-time staff and operates with an annual FY21 budget of \$1,932,256 a decrease from FY 20. The Academy received \$1,014,792 from the General Fund, \$892,464 from the Special Revenue Fund and \$25,000 from the Federal Fund. The Special Revenue Fund comes from 3% of the traffic fine money and student fees from tuition, meals, lodging and other miscellaneous fees.

In addition to the full-time staff, the Academy relies heavily on volunteer instructors from state, county and municipal law enforcement agencies, county and state corrections agencies and others in the criminal justice fields. During 2021, the Academy had instructor hours of 17,135 (9940 in 2020) donated from 114 different agencies for Regional, In-service, Law Enforcement Pre-service, the Basic Corrections Training and the Basic Law Enforcement Training Program. This is a significant reduction due to the pandemic.

During 2004, the Academy completed a Job and Task Analysis (JTA) on what law enforcement officers do in the field. From this information, we have set our current course and curriculum goals and objectives for the BLETP. Working with our Board, the staff and our subject matter experts continue to update lesson plans as laws and techniques evolve and we develop new curriculum using adult learning principles and integrating a “community policing philosophy” and “ethics” into as many courses as possible. The Academy’s staff provide instructor development classes throughout the year to train new volunteer instructors in order to sustain our ability to provide this vital training.

In 2006, we completed work with the National Institute of Corrections (NIC) to completely redo the Basic Corrections Training Program (BCTP). We started by NIC and MCJA completing a Job & Task Analysis and then NIC provided some technical assistance to the Academy on a revision of the BCTP. The Board and the Academy staff worked to revamp the BCTP to bring it up to date with new standards, including writing all new lesson plans. The new BCTP started on July 1, 2015 with a 200-hour program. The new entrance requirements added to the existing background check were passing the written Alert Test and a medical physical from a healthcare professional. In 2018, we increased the program to 208 hours to accommodate an 8-hour class on Mental Health.

The Academy produces the lesson plans with the help of content experts for mandatory in-service training. These lesson plans are converted into electronic format for officers to use by vendors who offer these classes remotely. The 2021 mandatory training topics for law enforcement officers that were offered on-line were: New Law/Recent Court Decision Updates, Implicit Bias, Investigating Electronic Evidence, and De-Escalation training. The 2021 mandatory training topics for corrections officers were also on-line by JPMA and they were: New Law Updates, Diversity and Bias, with additional elective training at the agency.

The Board of Trustees of the Academy awards certificates to Law Enforcement and Corrections Officers, Executives, Instructors, Canine Teams, Drug Recognition Experts, Traffic Reconstruction Experts, and others. The Board continues to update the mandatory standards for the 14 mandated policies for law enforcement agencies in the State. The Board also certifies all new courses and grants waivers and extensions to law enforcement and corrections officers in emergency or extenuating circumstances, as well as decertifies law enforcement and corrections officers. During 2021, the Board had a very busy year dealing with potentially decertifiable conduct and/or convictions for law enforcement and correctional officers. The Board also adopted new standards on use of force, Bias and other important improvements that strengthened our response on Social Justice issues.

In 2017, we started the process to correctly identify the gender of all officers, as many were incorrect. By the end of 2021, it was determined that there were 280 full-time female law enforcement officers or 9.40% (9.14% in 2020) and 51 part-time female law enforcement officers or 8.14% (8.16% in 2020) employed. By the end of 2021, it was also determined that there were 229 female corrections officers or 15.30% (15.23% in 2020) employed. Nationally, 12.5% are full-time female law enforcement officers (2017 FBI Crime in the US, Table 74).

During calendar year 2021, the Academy Board of Trustee actions were as follows:

- 20 Waivers (21 in 2020) of the 720-hour Basic Law Enforcement Training Program were granted.
- 101 Extensions (118 in 2020) to attend the Basic Law Enforcement Training Program were granted for emergency or extenuating circumstances. * Increase due to pandemic and suspensions of BLETP

I would like to extend to your committee members on behalf of my staff, the Board of Trustees and myself, any assistance, advice or guidance we can give you or to help you in your committee work, as it relates to the Maine Criminal Justice Academy.

ABOUT THE ACADEMY

The origin of organized law enforcement training in Maine dates to the late 1960's when the Federal Law Enforcement Assistance Agency made funds available through the Maine Criminal Justice Planning and Assistance Agency for improving the operation of the criminal justice system. Using this as seed money, the Maine Municipal Association initiated a two-week law enforcement training program offered in the Portland, Augusta, and Bangor regions. A Board of Directors, consisting of law enforcement officials, was charged with overseeing the program and encouraging law enforcement agencies to support the training.

The early 1970's saw passage of the Mandatory Training Act for law enforcement and in 1972 the former Thomas College in Waterville was purchased to provide permanent facilities for the Maine Criminal Justice Academy. Since that time, the scope of activities at the Academy has steadily increased. In 1990, new legislation required that all law enforcement officers, state, county and municipal, who have the power of arrest and the authority to carry a firearm, come under the purview of the Academy's Board of Trustees. This has greatly increased the responsibilities and tasks of the Academy.

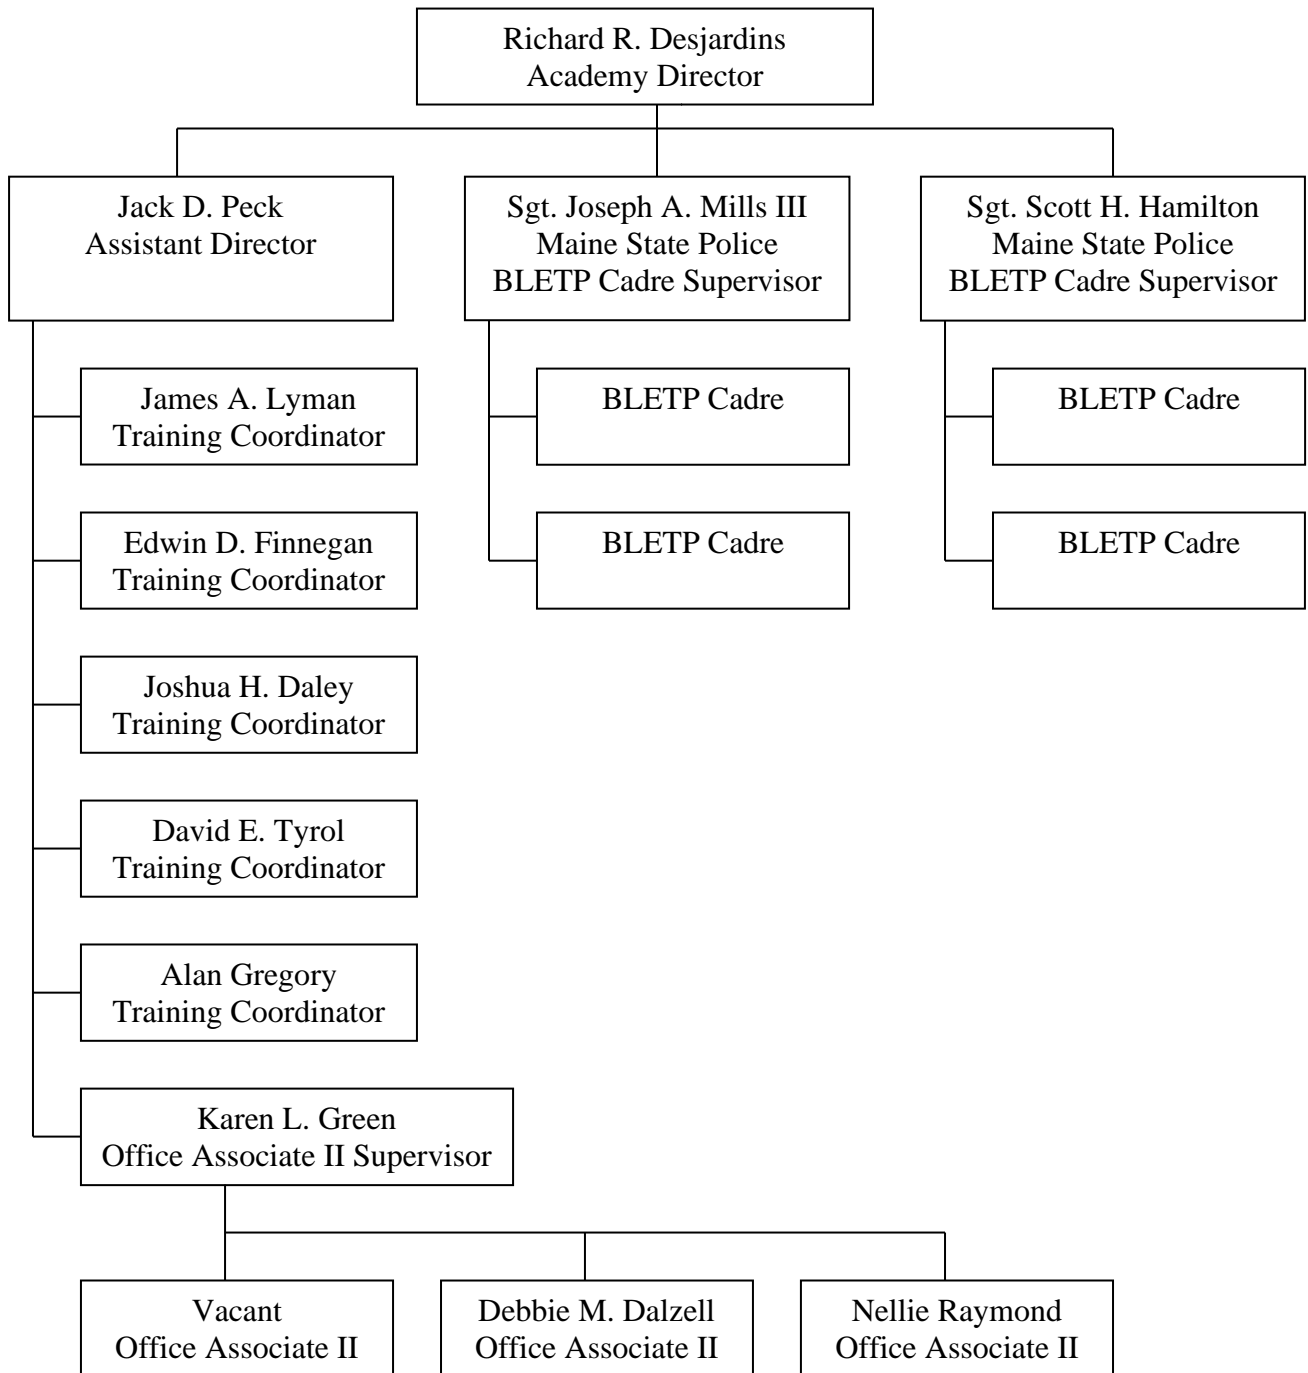

The Maine Criminal Justice Academy is responsible for the development and implementation of comprehensive training programs both at the Academy and through outreach programs across the state.

With this responsibility the Academy is providing:

1. A residential training facility to accommodate the needs of Maine's criminal justice professionals.
2. A training delivery system to reach all parts of the State.
3. A centralized administrative structure which promotes coordination and communication; and
4. A repository of support services that promotes research, management, and training activities of all types.

The citizens of Maine have a reasonable expectation that extensive training is provided to criminal justice personnel, particularly those responsible for dealing with emergency situations, which could involve life and death decisions. Court decisions have held that it is the responsibility of criminal justice agencies to ensure that their personnel receive training, which supports the quality performance these citizens expect and deserve. At present, the Maine Criminal Justice Academy is the primary vehicle for Maine criminal justice agencies to meet these obligations.

The Academy was also able to contract with 2 agencies for full-time Cadre for the Basic Law Enforcement Training Program (BLETP). These contract Cadre positions are for a 2-year period and designed to give Cadets consistent training from BLETP class to BLETP class.

2011 – The Academy received a federal grant to replace the 20+ year old records management system. Informa, Inc. was selected, which will allow for more accurate information to be entered, online registration for training classes and for all criminal justice agencies in Maine to enter their own training records. The Academy closed the library and reopened it as a student lounge. The MCJA Student Benefit Fund purchased furniture, LCD projector, Blue Ray DVD player, surround sound system and a gaming port for the LCD projector.

2012 – The Academy received a federal grant to replace a 15+ year old Firearms Training Simulator. Meggitt Systems, Inc. was selected because this new Use of Force Training Simulator will allow for Firearms, OC Spray, Taser, Impact Tools and Flashlights to be used for training options. This advanced system will better prepare officers.

2014 – The Academy started to receive General Fund money of \$564, 839 as part of the annual budget because fines revenues were decreasing and at the same time eliminated \$564,839 from the Special Revenue Fund.

2015 – The Academy changed the Basic Corrections Training Program (BCTP) from 80 hours to 200 hours, plus added a requirement that all corrections students pass the Alert Test, prior to starting the BCTP, effective July 1, 2015.

2016 – Justice Planning Management Associates (JPMA) started offering mandatory corrections annual in-service training on-line, as they have done with mandatory law enforcement annual in-service training since 2005.

2018 – The Basic Corrections Training Program was increased to 208 hours to add a legislatively mandated class on Mental Health First Aid. It was determined for the first time that Maine employed 256 F/T and 50 P/T female law enforcement officers (8.82% and 6.42% respectively). It was also determined that Maine employed 232 female corrections officers or 15.55%.

2020 – In February of 2020 Director John Rogers retired from the Academy as the longest serving Academy Director. Also, in March of 2020 the Academy’s programs were heavily impacted by the results of a global pandemic. Many programs were suspended from in-person training and remote or virtual trainings were developed to meet the training needs. In July of 2020, Assistant Director Richard Desjardins was appointed by the Board and the Commissioner of Public Safety as the new Director.

Regional In-service Training courses and total training hours reported to the Academy has significantly gone up since 2010. On-line options like Justice Planning Management Associates (JPMA) Police One and Dirigo-Safety offer customers access to most of the mandatory law enforcement and corrections training for officers in Maine. The Academy staff produces the lesson plans, the MCJA Board approves them and then the vendors convert courses to the on-line format. This training format causes less training being offered by the regional training councils.

Re: 25 M.R.S. § 4501

Senator Deschambault, Representative Warren and Committee Members:

On July 2, 2015, Chapter 307 Public Law (L.D.25 and now 25 M.R.S. §4501) “An Act to Regulate Domestic Unmanned Aerial Vehicle Use” was enacted. This new law requires the Maine Criminal Justice Academy Board of Trustees to develop the mandatory standards for a policy, if a law enforcement agency chooses to use an Unmanned Aerial Vehicle (Drone) for law enforcement purposes. The Board adopted the Minimum Standards on March 10, 2017. This law also requires these agencies to report their use to the Commissioner of Public Safety each year. The agencies then reported their UAV use to the academy with their annual reporting requirements, as outlined in 25 M.R.S., Chapter 341. The Academy on behalf of the Commissioner reports the following information to the Legislature as part of Chapter 307 Public Law in this annual report to include: a summary description of the number of deployments for investigative purposes, the general nature of those investigations and the number of search warrants sought, and the number of search warrants obtained for the deployment of unmanned aerial vehicles.

There are 163 law enforcement agencies in the State of Maine and each chief executive officer must file an annual report to the Academy. For 2021, only 9 agencies reported that they had a UAV, and all 9 agencies had a policy in place that met the MCJA Board Minimum Standards.

Re: LD 534, An Act to Increase Crisis Intervention Training in the State

Senator Deschambault, Representative Warren and Committee Members:

On April 27, 2015, Senator Rosen, Representative Warren, and Committee Members wrote a letter directing the Maine Criminal Justice Academy Board adopt a new standard to the mandatory policy on “Response to Mental Illness and Involuntary Commitment Policy” with the standard that states:

The policy shall require that 20% of all full-time law enforcement officers of each agency receive at least 8 hours of nationally recognized or best practice in-person training in Mental Health Identification Awareness for Law Enforcement Officers by January 1, 2018 and that the agency maintains at least 20% after that date. The training standard requirement will be sent annually to the Maine Criminal Justice Academy as part of the annual reporting requirements, as outlined in 25 M.R.S. §2805-B. This was adopted by the Board on November 17, 2017. The 8 hours of training was also incorporated as a part of the Basic Law Enforcement Training Program curriculum, so all full-time law enforcement officers have received this training since August 1, 2015.

There are 163 law enforcement agencies in Maine, 11 agencies are exempt because they only have part-time law enforcement officers. This leaves 152 law enforcement agencies with at least 1 full-time law enforcement officer. Each agency was sent a reporting form at the end of 2021 asking two questions. First, does your agency meet at least the 20% training requirement as stated above? Second, if not, what percentage have they met? Of the 152 law enforcement agencies, all (100%) responded, pursuant to 25 M.R.S. §2805-B and all (100%) of law enforcement agencies with at least 1 full-time law enforcement officer met this training requirement.

On behalf of Commissioner Michael J. Sauschuck of the Maine Department of Public Safety, I want to thank the members of the Joint Standing Committee on Criminal Justice and Public Safety for all the hard work you do and for your support of the Maine Department of Public Safety and the Maine Criminal Justice Academy.
