BOARD OF TRUSTEES MAINE CRIMINAL JUSTICE ACADEMY

April 1, 2023

Senator Pinny Beebe-Center, Senate Chair
Representative Suzanne Salisbury, House Chair
Members of the Joint Standing Committee on Criminal Justice and Public Safety
Room 436 State House
Augusta, ME 04333-0003

Dear Senator, Beebe-Center, Representative Salisbury, and Committee Members:

The Board of Trustees of the Maine Criminal Justice Academy are pleased to present its 2022 annual report to the Joint Standing Committee on Criminal Justice and Public Safety. As you will see, this report is both informative and responsive to the statutory requirement for its production, and the Board is confident that the report will provide the Legislature with the information necessary to ensure that appropriate and timely training is accomplished.

The Board of Trustees, which is comprised of citizens, law enforcement, corrections, and legal representatives, remains committed to the citizens of Maine as the oversight board for the Maine Criminal Justice Academy as it relates directly to; admission standards, training curriculum, policy standards, and the certification and de-certification standards for the more than 5,000 law enforcement and corrections certificate holders.

The Board of Trustees have been responsive to the needs of both the citizens of Maine and the public servants in the law enforcement and corrections community by conducting regularly scheduled public meetings throughout the year.

The Board continues to review and evaluate the statutorily required minimum policy standards for Maine law enforcement agencies and is in the process of developing several additional standards of officer conduct, through the rule making process. These standards of conduct will ultimately enhance the Board's authority and oversight, relating to matters of misconduct by the officers certified through this institution.

As a proactive approach to maintaining current and national best standards for training, the Maine Criminal Justice Academy is currently engaged in the development of a strategic

development plan, that is being conducted by nationally recognized consultants. This comprehensive review is expected to be completed later this year and will evaluate areas to include our admission standards, program curriculums, fiscal resources, staffing, facilities, and our relationships with those we serve.

I would like to recognize our soon departing Academy Director Richard Desjardins, who is leaving the Academy this spring to undertake a new assignment as the Director of the Maine Drug Enforcement Agency. Director Desjardins began his leadership role at the Academy in February of 2020, days before the worldwide pandemic reached our shores.

Director Desjardins ability to adapt and overcome was impressive as he led his staff through one of the most challenging times in this institution's history. Director Desjardins was the right leader at the right time. In transition, Assistant Director Peck and his staff have the full faith and confidence of the Board to successfully carry out the mission of the Maine Criminal Justice Academy as we begin the search for a new director.

The Board of Trustees and the staff of the Maine Criminal Justice Academy remain fully committed to promoting the highest standards of professionalism and training to Maine's law enforcement and correctional officers throughout the State. We further stand ready to appear before the Committee to elaborate on any issue associated with this report or with the Academy and its mission.

Respectfully submitted,

Senator Beebe-Center, Representative Salisbury and Committee Members:

I would like to thank you for your work during this past legislative session and hope this report helps highlight some of the accomplishments and actions by our Academy and the Board of Trustees. Maine's law enforcement and corrections professionals have faced many challenges over this past year but despite the recent challenges, I continue to see improvement and I look forward to working with the Committee Members in the coming legislative sessions.

Our Academy is the central training facility for state, county, municipal law enforcement and corrections officers. The campus is located at the former Oak Grove-Coburn School in Vassalboro, Maine. From 1972 until December 28, 2000, the Academy was located at 93 Silver Street in Waterville, at the former Thomas College facility. The Academy has twelve (12) classrooms, four (4) conference rooms, a full cafeteria and can house 130 students. The building has a tactical training center, an indoor running track, outside obstacle course, and formal parade grounds.

The mission of the Maine Criminal Justice Academy is to provide the highest level of training with our given resources, to law enforcement and correctional officers in the State. By statute, the Academy is required to provide a basic training program for all full-time law enforcement officers, all part-time law enforcement officers, all county and state correctional officers, all Judicial Marshal's and all Capitol Police officers. The Academy also coordinates the 8 Regional Training Districts across the state, many of which provides academy certified training and other training to officers in remote areas.

In addition to the full-time staff, the Academy relies heavily on volunteer instructors from state, county and municipal law enforcement agencies, county and state corrections agencies and others in the criminal justice fields. During 2022, the Academy had instructor hours of 16,406.5 (17,135 in 2021) donated from 123 different agencies for Regional, In-service, Law Enforcement Pre-service, the Basic Corrections Training and the Basic Law Enforcement Training Program.

During 2004, the Academy completed a Job and Task Analysis (JTA) on what law enforcement officers do in the field. From this information, we have set our current course and curriculum goals and objectives for the BLETP. Working with our Board, the staff and our subject matter experts continue to update lesson plans as laws and techniques evolve and we develop new curriculum using adult learning principles and integrating a “community policing philosophy” and “ethics” into as many courses as possible. The Academy’s staff provide instructor development classes throughout the year to train new volunteer instructors in order to sustain our ability to provide this vital training.

In 2006, we completed work with the National Institute of Corrections (NIC) to completely redo the Basic Corrections Training Program (BCTP). We started by NIC and MCJA completing a Job & Task Analysis and then NIC provided some technical assistance to the Academy on a revision of the BCTP. The Board and the Academy staff worked to revamp the BCTP to bring it up to date with new standards, including writing all new lesson plans. The new BCTP started on July 1, 2015 with a 200-hour program. The new entrance requirements added to the existing background check were passing the written Alert Test and a medical physical from a healthcare professional. In 2018, we increased the program to 208 hours to accommodate an 8-hour class on Mental Health.

We are currently engaged with Slalom, a management consulting company. Slalom will be evaluating our training model, staffing, future capacity, budget, curriculum, building and technology needs and the services provided by the academy. They will be developing a strategic plan and an overall vision for the academy for the next five years. We are expecting the final version and vision to be delivered in the early summer of 2023.

The Academy produces the lesson plans with the help of content experts for mandatory in-service training. These lesson plans are converted into electronic format for officers to use by vendors who offer these classes remotely. The 2022 mandatory training topics for law enforcement officers that were offered on-line were, New Law/Case Law Updates, Law Enforcement Response to Mental Health Calls, Wellness and Resiliency for Law Enforcement and 20 hours of elective training between 1/1/2022 through 12/31/2022. The 2022 mandatory training topics for corrections officers were also on-line by Police One and Dirigo Safety and they were: New Law Updates, Officer Development, Leadership in Corrections and one (1) elective topic of choice.

The Board of Trustees of the Academy awards certificates to Law Enforcement and Corrections Officers, Executives, Instructors, Canine Teams, Drug Recognition Experts, Traffic Reconstruction Experts, and others. The Board continues to update the mandatory standards for the 14 mandated policies for law enforcement agencies in the State. The Board also certifies all new courses and grants waivers and extensions to law enforcement and corrections officers in emergency or extenuating circumstances, as well as decertifies law enforcement and corrections officers

In 2017, we started the process to correctly identify the gender of all officers. By the end of 2022, it was determined that there were 296 full-time female law enforcement officers or 10.54% and 41 part-time female law enforcement officers or 7.97% employed. By the end of 2022, it was also determined that there were 244 female corrections officers or 19.35% (15.30% in 2021) employed. Nationally, 12.5% are full-time female law enforcement officers (2017 FBI Crime in the US, Table 74).

During calendar year 2022, the Academy Board of Trustee actions were as follows:

ABOUT THE ACADEMY

The origin of organized law enforcement training in Maine dates to the late 1960's when the Federal Law Enforcement Assistance Agency made funds available through the Maine Criminal Justice Planning and Assistance Agency for improving the operation of the criminal justice system. Using this as seed money, the Maine Municipal Association initiated a two-week law enforcement training program offered in the Portland, Augusta, and Bangor regions. A Board of Directors, consisting of law enforcement officials, was charged with overseeing the program and encouraging law enforcement agencies to support the training.

The early 1970's saw passage of the Mandatory Training Act for law enforcement and in 1972 the former Thomas College in Waterville was purchased to provide permanent facilities for the Maine Criminal Justice Academy. Since that time, the scope of activities at the Academy has steadily increased. In 1990, new legislation required that all law enforcement officers, state, county and municipal, who have the power of arrest and the authority to carry a firearm, come under the purview of the Academy's Board of Trustees. This has greatly increased the responsibilities and tasks of the Academy.

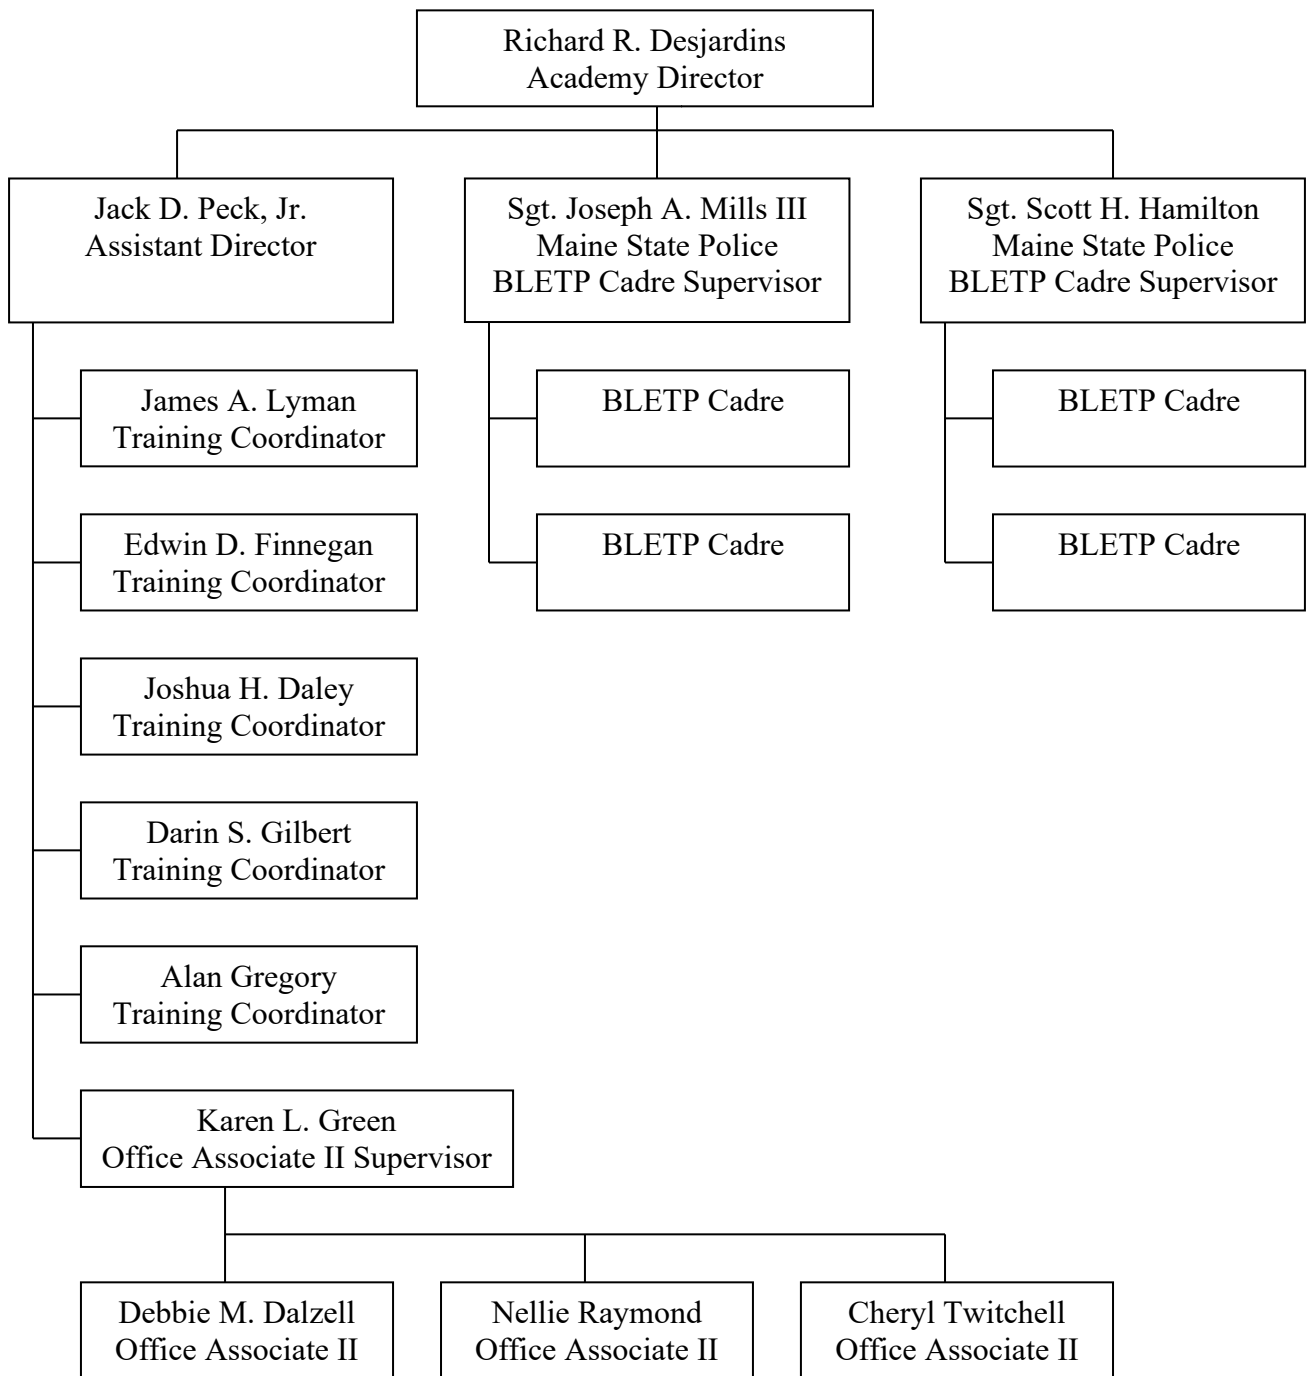

The Maine Criminal Justice Academy is responsible for the development and implementation of comprehensive training programs both at the Academy and through outreach programs across the state.

With this responsibility the Academy is providing:

1. A residential training facility to accommodate the needs of Maine's criminal justice professionals.
2. A training delivery system to reach all parts of the State.
3. A centralized administrative structure which promotes coordination and communication; and
4. A repository of support services that promotes research, management, and training activities of all types.

The citizens of Maine have a reasonable expectation that extensive training is provided to criminal justice personnel, particularly those responsible for dealing with emergency situations, which could involve life and death decisions. Court decisions have held that it is the responsibility of criminal justice agencies to ensure that their personnel receive training, which supports the quality performance these citizens expect and deserve. At present, the Maine Criminal Justice Academy is the primary vehicle for Maine criminal justice agencies to meet these obligations.

The MCJA Student Benefit Fund purchased furniture, LCD projector, Blue Ray DVD player, surround sound system and a gaming port for the LCD projector.

2012 – The Academy received a federal grant to replace a 15+ year old Firearms Training Simulator. Meggitt Systems, Inc. was selected because this new Use of Force Training Simulator will allow for Firearms, OC Spray, Taser, Impact Tools and Flashlights to be used for training options. This advanced system will better prepare officers.

2014 – The Academy started to receive General Fund money of \$564, 839 as part of the annual budget because fines revenues were decreasing and at the same time eliminated \$564,839 from the Special Revenue Fund.

2015 – The Academy changed the Basic Corrections Training Program (BCTP) from 80 hours to 200 hours, plus added a requirement that all corrections students pass the Alert Test, prior to starting the BCTP, effective July 1, 2015.

2016 – Justice Planning Management Associates (JPMA) started offering mandatory corrections annual in-service training on-line, as they have done with mandatory law enforcement annual in-service training since 2005.

2018 – The Basic Corrections Training Program was increased to 208 hours to add a legislatively mandated class on Mental Health First Aid. It was determined for the first time that Maine employed 256 F/T and 50 P/T female law enforcement officers (8.82% and 6.42% respectively). It was also determined that Maine employed 232 female corrections officers or 15.55%.

2020 – In February of 2020 Director John Rogers retired from the Academy as the longest serving Academy Director. Also, in March of 2020 the Academy’s programs were heavily impacted by the results of a global pandemic. Many programs were suspended from in-person training and remote or virtual trainings were developed to meet the training needs. In July of 2020, Assistant Director Richard Desjardins was appointed by the Board and the Commissioner of Public Safety as the new Director.

***MAINE CRIMINAL JUSTICE ACADEMY
2022 IN-SERVICE REGIONAL TRAINING***

LAW ENFORCEMENT TRAINING REGIONS	COURSES	OFFICERS	TOTAL HOURS
York County Training Council (Region 1)	6	42	2,928
Cumberland County Training Council (Region 2)	20	135	1,652
Western Maine Training Council (Region 3)	10	46	1,786
Central Maine Training Council (Region 4)	7	43	696
Penobscot / Piscataquis County Regional Training Council (Region 5)	17	145	2,488
Mid-Coast Training Council (Region 6)	16	250	27,128
Downeast Training Council (Region 7)	4	7	56
Aroostook County Training Council (Region 8)	1	3	24

There are eight regional training councils that offer a variety of in-service trainings in their area. The amount of trainings and officers that attend vary widely by region. On-line options by Police One and Dirigo Safety offer customers access to most of the mandatory law enforcement and corrections training for officers in Maine. The Academy staff produces the lesson plans, the MCJA Board approves them and then the vendors convert courses to the on-line format. This training format causes less training being offered by the regional training councils.

Re: 25 M.R.S. § 4501

Senator Beebe-Center, Representative Salisbury and Committee Members:

On July 2, 2015, Chapter 307 Public Law (L.D.25 and now 25 M.R.S. §4501) “An Act to Regulate Domestic Unmanned Aerial Vehicle Use” was enacted. This new law requires the Maine Criminal Justice Academy Board of Trustees to develop the mandatory standards for a policy, if a law enforcement agency chooses to use an Unmanned Aerial Vehicle (Drone) for law enforcement purposes. The Board adopted the Minimum Standards on March 10, 2017. This law also requires these agencies to report their use to the Commissioner of Public Safety each year. The agencies then reported their UAV use to the academy with their annual reporting requirements, as outlined in 25 M.R.S., Chapter 341. The Academy on behalf of the Commissioner reports the following information to the Legislature as part of Chapter 307 Public Law in this annual report to include: a summary description of the number of deployments for investigative purposes, the general nature of those investigations and the number of search warrants sought, and the number of search warrants obtained for the deployment of unmanned aerial vehicles.

There are 163 law enforcement agencies in the State of Maine and each chief executive officer must file an annual report to the Academy. For 2022, only 14 agencies reported that they had a UAV, and all 14 agencies had a policy in place that met the MCJA Board Minimum Standards.

Re: LD 534, An Act to Increase Crisis Intervention Training in the State

Senator Deschambault, Representative Warren and Committee Members:

On April 27, 2015, Senator Rosen, Representative Warren, and Committee Members wrote a letter directing the Maine Criminal Justice Academy Board to adopt a new standard to the mandatory policy on "Response to Mental Illness and Involuntary Commitment Policy" with the standard that states:

The policy shall require that 20% of all full-time law enforcement officers of each agency receive at least 8 hours of nationally recognized or best practice in-person training in Mental Health Identification Awareness for Law Enforcement Officers by January 1, 2018 and that the agency maintains at least 20% after that date. The training standard requirement will be sent annually to the Maine Criminal Justice Academy as part of the annual reporting requirements, as outlined in 25 M.R.S. §2805-B. This was adopted by the Board on November 17, 2017. The 8 hours of training was also incorporated as a part of the Basic Law Enforcement Training Program curriculum, so all full-time law enforcement officers have received this training since August 1, 2015.

There are 163 law enforcement agencies in Maine, several agencies are exempt because they only have part-time law enforcement officers. Each agency was sent a reporting form at the end of 2022 asking two questions. First, does your agency meet at least the 20% training requirement as stated above? Second, if not, what percentage have they met? Of the 152 law enforcement agencies, all (100%) responded, pursuant to 25 M.R.S. §2805-B and all (100%) of law enforcement agencies with at least 1 full-time law enforcement officer met this training requirement.

On behalf of Commissioner Michael J. Sauschuck of the Maine Department of Public Safety, I want to thank the members of the Joint Standing Committee on Criminal Justice and Public Safety for all the hard work you do and for your support of the Maine Department of Public Safety and the Maine Criminal Justice Academy.
