LEGISLATIVE SALARY

(Authorized by 3 MRSA, § 2)

| | |
|-----------------------------|---------------------------------|
| 1st Regular Session: | \$ 14,271.35 |
| 2nd Regular Session: | \$ 10,157.52 (estimated) |

Notes:

1. Pursuant to law, Legislators' salaries are adjusted annually on December 1 to reflect the percentage change in the Consumer Price Index for the most recently concluded fiscal year, up to a limit of 3% per year. The salary specified above reflects the projected adjusted amounts for the 128th Legislature.
2. A legislator who is currently retired and receiving a Social Security retirement benefit may request that the legislative salary be equalized between the 2 years of the legislative biennium. When equalized, the gross salary in each year of the 128th Legislature would be approximately \$12,214 based upon the projected adjusted salary amounts. A written request must be filed with the Executive Director of the Legislative Council at the start of the 1st Regular Session in order for the salary to be equalized.
3. In addition to the salary paid for the 1st and 2nd regular sessions, legislators are compensated \$100/day for every day's attendance when the Legislature is called into a special session, as provided by law.

Legislator salary payments will be direct deposited into the legislator's designated bank account and are issued **biweekly** during the period of the legislative session. The first payment will be issued during the first week in January. The remaining payments will be issued in equal installments during the session on a schedule that is determined jointly by the Presiding Officers. Salary payments usually end just prior to the statutory adjournment of the session.

Direct deposit is mandatory for legislator salary payments.

Legislators receive per diem payments, as provided by law, for their attendance at authorized meetings of joint standing and select committees when the Legislature is not in session, as follows:

| | |
|-----------------|--|
| Per Diem | \$ 55/day for authorized committee meetings during the legislative interim |
|-----------------|--|

EXPENSE / ALLOWANCES
(Authorized by 3 MRSA § 2)

Expenses During Legislative Session

In addition to their legislative salary, legislators receive expense payments during the session for their transportation, lodging and meal expenses. Payments are not necessarily reimbursement of actual expenses and, therefore, are subject to income taxes as provided by law. Expense payments are as follows:

A. Meals and Lodging: \$70/day (\$32 for meals plus \$38 for lodging)

or

B. Meals at \$32/day and mileage at \$0.44/mile not to exceed \$38/day plus actual tolls. However, the \$38 maximum does not apply to mileage incurred for **one** round trip per week which is calculated at the \$0.44 per mile rate.

Note: Expense payments are made **each week usually Wednesday or Thursday, for the previous week's expenses** if expense vouchers are submitted to the Executive Director's Office, Room 103, **by 12 noon on the previous Friday.** Direct deposit is mandatory for all legislators for expense reimbursements.

Expenses During Interim
(when the Legislature is not in session)

During the legislative interim, legislators receive reimbursement of actual expenses for authorized travel or attendance at meetings. Legislators must submit a properly completed expense voucher in order to receive reimbursement.

| | |
|-----------------|--|
| Lodging: | Actual (receipt required) Up to the limit authorized by the Presiding Officers |
| Meals: | Up to \$32/day based on the following limits: Breakfast \$4.00; Lunch \$8.00; and Dinner \$20.00 (a receipt is <u>required</u> for any meal reimbursement over \$12) |
| Mileage: | \$0.44/mile |
| Tolls: | Actual |

TRAVEL AUTHORIZATION AND REIMBURSEMENT

IN-STATE TRAVEL

Expenses for travel other than regular travel to and from the State House for Legislators to attend legislative sessions, **must be authorized in advance** by the Legislator's Presiding Officer.

OUT-OF-STATE TRAVEL

Travel outside of Maine **must be authorized in advance** by the Legislator's Presiding Officer and, if approved, will be reimbursed in accordance with expense reimbursement guidelines for legislator out-of-state travel.

SESSION EXPENSE REIMBURSEMENT GUIDELINES

In accordance with 3 MRSA §2, each Legislator is entitled to be paid for travel once each week during the session to and from the Legislator's home at the reimbursement rate provided for State employees (\$0.44 per mile). There is no maximum limit for one round trip mileage reimbursement during the week; the reimbursement is based on the actual number of miles. For all other travel that week, reimbursement is based on actual cost or a maximum of \$38 per day (the statutory limit), whichever is less. Actual toll expenses are also reimbursed.

For example, a Legislator whose round trip mileage from home to the State House is 80 miles will be reimbursed \$35.20 each day for travel to and from Augusta (80 miles X \$0.44). It is based on actual cost, since the reimbursement amount is less than the limit of \$38.

Using another example, a Legislator whose round trip mileage from home to the State House is 200 miles will receive one round trip mileage reimbursement of \$88 (200 miles X \$0.44). In addition, for each day the member uses overnight accommodations in Augusta, he or she is entitled to a lodging allowance of \$38 each day. In this example, if the member stayed at a motel for 3 nights, the total reimbursement would be \$202 (\$88 for one round trip plus \$114 for lodging (lodging allowance for 3 days X \$38). On the other hand, if that Legislator chose to travel to and from Augusta for 3 days, he or she would still receive total reimbursement of \$202 (\$88 for one round trip plus other mileage reimbursement of \$114 (3 days X \$38). In this instance, the daily limit of \$38 applies since a reimbursement amount for travel to and from Augusta for 3 days (\$88 X 3 days = \$264) would exceed the maximum allowable amount.

In addition to the lodging and mileage allowance, each Legislator is entitled to a daily meal allowance of \$32 for each day he or she is in attendance at sessions of the Legislature and for each day the member occupies overnight accommodations away from home either immediately preceding or immediately following attendance at daily sessions of the Legislature. The daily meal allowance will be adjusted for meals that are provided.

DIRECT DEPOSIT OF LEGISLATOR SALARY AND EXPENSE PAYMENTS ARE MANDATORY

Biweekly payroll payments as well as expense reimbursements are credited to the Legislator through direct deposit to the Legislator's designated financial institution. Payroll deductions are made for items such as federal and state taxes, retirement contributions, MSECCA and deferred compensation. A Legislator may choose the participating financial institution(s) into which the Legislator's salary payment is to be deposited.

A Legislator may apportion his or her salary payment among as many as four different financial institutions and into as many as four different accounts in those institutions. Most local banks and credit unions participate in this service. There is no State charge for this service. Forms for direct deposit will be provided by the Executive Director's Office.

Legislators will receive paper advices of deposit for payroll and may register to receive electronic advices of deposit for expense payments through their email addresses.

CONSTITUENT SERVICES ALLOWANCE

(Authorized by 3 MRSA § 2)

In addition to legislator salary and expense payments, legislators receive a constituent services allowance to partially offset expenses incurred in providing services to their constituents, as follows:

| | |
|-----------------------------|--|
| For Senators: | \$2,000/year |
| 1 st payment: | \$1,300 issued at the start of each regular session in January |
| 2 nd payment: | \$ 700 issued in the month following adjournment sine die |
| For Representatives: | \$1,500/year |
| 1 st payment: | \$1,005 issued at the start of each regular session in January |
| 2 nd payment: | \$ 495 issued in the month following adjournment sine die |

Notes:

1. Under IRS regulations, this allowance is considered “income” although it is not reported on the W-2 form. The State Controller’s Office will issue a Form 1099 – MISC to each legislator to reflect Constituent Services Allowance payments paid each calendar year, if the total paid is \$600 or more. It must be reported as “other income” for tax purposes in the tax year it is received. It is for expenses that a Legislator may incur in the performance of legislative business. Receipts and adequate records to support these expenses are needed for income tax return purposes.
2. Legislators who live more than 50 miles from Augusta must file IRS Form 2106 with their federal income tax return to report legislative expenses, which may offset in part the constituent services allowance and other expense payments made by the State.

At the start of the 1st Regular Session only, a Senator or Representative may request to receive the first payment in December rather than January. To do so, he or she must notify the Executive Director of the Legislative Council in writing of this choice prior to December 12th by completing and submitting the early payment request form. This form is available in the Office of the Executive Director, Room 103. These payments will be directly deposited into the Legislator’s bank account. Constituent services allowances are taxed in the year in which payment is actually made.

REPORTING LEGISLATIVE INCOME AND EXPENSES

The IRS classifies Legislators into two groups for income tax purposes.

- Those who live **more than** 50 miles from Augusta may offset a portion of reimbursed expenses
- Those who live **less than** 50 miles from Augusta must declare **all** legislative salary and expense reimbursements as income, excluding reimbursement for mileage

For income tax purposes, legislative income includes:

- Legislative salary
- Per diem received for attendance at authorized committee meetings
- Expense allowances (mileage, meals, lodging)
- Constituent services allowance, taxed in the year in which it is received

IMPORTANT RECORDS

- KEEP RECEIPTS!
 - KEEP A GOOD "JOURNAL" OR OTHER RECORD OF ALL THE MEETINGS YOU ATTEND AND EXPENSES INCURRED IN YOUR ROLE AS A LEGISLATOR.

GROUP HEALTH INSURANCE

(Authorized by 5 MRSA, §285, sub-§7)

SUMMARY OF HEALTH INSURANCE PLAN

Aetna's Point-of-Service (POS) Plan is available to Legislators as well as to State and Legislative Employees. It provides the highest level of coverage when medical services are received by an in-network provider. Your selected Primary Care Physician (PCP) manages all of your health care. Services include but are not limited to regular office visits, preventive care such as annual physicals, immunizations, and well-child care. No referrals are required under the plan, but some specialists may require a referral from your PCP to see you. You are responsible for any copayments, deductibles and coinsurance that may apply.

The Executive Director's Office can assist with general policy and coverage issues, or you may contact the Division of Employee Health and Benefits (1-800-422-4503 or 624-7380). Due to federal regulations concerning confidentiality of medical information under the HIPAA (Health Insurance Portability and Accountability Act), we cannot access your medical records. Therefore, specific questions about claims processing issues should be directed to Aetna (1-855-850-0039).

MAINE LEGISLATIVE RETIREMENT SYSTEM

SUMMARY OF SYSTEM

The Maine Legislative Retirement System (3 MRSA c. 29) provides a defined benefit retirement plan for Legislators similar to the retirement plans administered by the Maine Public Employees Retirement System (MPERS) for state employees, judges and teachers. The Legislative Retirement System (MLRS) is administered by the Board of Trustees of the Maine Public Employees Retirement System. Legislators' retirement benefits are determined by a formula based on length of legislative service and average compensation. Disability retirement and death benefits are also available.

The system is funded by Legislator (employee) and Legislature (employer) contributions. Legislator contributions are set by statute as a percentage of Legislator compensation. The employer contribution is determined on an actuarial basis by the Board of Trustees of the Maine Public Employees Retirement System and is expressed and paid as a percentage of each Legislator's compensation.

Generally, membership in the Maine Legislative Retirement System is mandatory for all Legislators. However, there are exceptions for Legislators who are already members of the Maine Public Employees Retirement System. Membership in the MLRS is mandatory for Legislators entering service on or after December 3, 1986. Any Legislator who was a member under the State employee and teacher retirement plan on December 2, 1986 has the option to continue to be a member under that plan instead of becoming a member under the MLRS. In addition, under very specific and limited circumstances, the President of the Senate or the Speaker of the House may, upon a Legislator's request, waive the membership requirement if the Legislator participates in social security or another retirement plan.

Questions regarding membership, contributions or benefits under the Maine Legislative Retirement System can be answered by the Office of the Executive Director of the Legislative Council (287-1615) or by the Maine Public Employees Retirement System (MPERS) (512-3100 or 1-800-451-9800).

CONTRIBUTIONS

Legislature's Contribution: Legislative Retirement
10.54% of earnable compensation

Legislator Contribution (Payroll Deduction):
7.65% of earnable compensation

For questions specific to your retirement records, you may contact the Office of the Executive Director (287-1615) or the Maine Public Employees Retirement System (512-3100 or 1-800-451-9800).

OPTIONAL LEGISLATOR-PAID BENEFITS

- **ANTHEM BLUE VIEW VISION INSURANCE**
- **MAINESAVES457 – VOLUNTARY RETIREMENT SAVINGS PROGRAM**
- **FLEXIBLE SPENDING ACCOUNTS**
- **GROUP LIFE INSURANCE**
- **MAINE STATE CREDIT UNION**

ANTHEM BLUE VIEW VISION INSURANCE

SUMMARY OF PLAN

Anthem Blue View Vision offers limited coverage for examinations, lenses, frames and contact lenses. Anthem Blue View Vision contracts with many providers, including independent optometrists and ophthalmologists as well as retail locations; maximum benefits are achieved when members access their benefits from an Anthem Blue View Vision provider. In addition, Anthem Blue View Vision providers agree to preferred pricing that is significantly below retail. Members are also able to achieve savings on additional pair purchases, contact lenses, lens treatments, specialized lenses and various other items.

PREMIUMS

Since this is a voluntary benefit, the Legislature does not make any contributions to the payment of premiums. The Legislator pays all premiums to receive this benefit. Dependent is defined as a spouse, domestic partner or child. Anthem will send monthly bills to the Legislator's home address for his or her Legislator and dependent coverage. **Payments must be made directly to Anthem, the address will be provided on the invoice.**

The rates listed below are effective as of July 1, 2016. **Rates are subject to change.**

RECORD KEEPING AND SUBSTANTIATION

A. General Rule

Deductions for travel, transportation, meals, and entertainment expenditures are allowed only if a taxpayer has adequate records to substantiate the amount, time, place and business purpose of the expenditure. Certain expenditure requires that the business relationship to others involved also be recorded. This general rule applies to all such expenditures whether incurred while away from home or while conducting business locally. A taxpayer that is unable to satisfy the recordkeeping tests may lose otherwise valid deduction if unable to produce adequate records upon audit.

B. Elements of Recording Expenses

1. Travel

Travel expenses are costs incurred while you are conducting business away from home and are required to remain overnight or for a period requiring sleep or rest. Travel expenses include not only the cost of travel to and from your destination, but also the cost of meals, lodging, local transportation, and commuting, as well as other ancillary costs incurred while you are away from home. The elements of travel expenses which should be recorded include:

- a. The amount spent daily for transportation, meals, lodging, and other ancillary expenses. The cost of travel by automobile may be substantiated by using the standard mileage allowance as provided by law or regulation.
- b. The dates of departure and return and the number of days spent on business.
- c. The destination or locality of travel, identified by the name of the city or town or similar description.
- d. The business purpose of the trip, or the business benefit expected to be derived from the travel.

2. Entertainment

To be deductible, entertainment expenses must be adequately documented and may not be approximated. The elements of entertainment expenses which would be recorded include:

- a. The amount of each separate meal or entertainment expense;
- b. The date the meal or entertainment took place;
- c. The name (if any), address or location, and type of meal or entertainment, such as dinner or theater, if the information is not apparent from the name of the place;
- d. The business purpose or reason for the meal or entertainment and the nature of the business discussion or activity that took place;
- e. The occupation or other information about the person or persons for whom the meal or entertainment expense is being claimed, including name, title or other designation sufficient to establish the business relationship to you; and
- f. Your presence (or your employee's presence) at a business meal or entertainment event.
- g. Business Gifts

No deduction is available for business gifts to the extent that total gifts during the year exceed \$25 per person. For these purposes, gifts are counted towards the \$25 per person limitation whether made directly or indirectly. The elements of business gifts which should be recorded include:

- a. The cost and description of the gift;
- b. The date upon which the gift was made;
- c. The business reason or the benefit expected to be derived from the business gift; and
- d. The relationship of the recipient to the taxpayer, including his or her name, title or other designation sufficient to establish such a relationship.

C. Adequate Records

1. Recording Expenses

You should record your travel, meal, lodging, entertainment, and business gifts in an account book or diary at or near the time you incur the expense. Although there is no special form of account or record that must be maintained, the timely maintenance of a diary or account book is generally afforded more credibility than a record that is recreated at a much later time.

2. Substantiation

You should keep copies of receipts, paid bills and similar evidence to support your claims for deductions. It is generally not necessary to duplicate a diary entry for information contained on receipts provided that the receipt and diary complement each other in an orderly fashion. You are generally required to verify an expenditure for lodging while traveling away from home and any other expenditure for \$75 or more. (IRC Reg. 1.274-5(c)) Although expenditures of \$75 or less generally do not need to be substantiated with receipts or other support, they still must be tied in with business purpose and proved if necessary.

Cancelled checks usually do not constitute adequate documentary evidence because canceled checks do not detail the items included in the check amount. Copies of the credit card receipts and other receipts will generally be sufficient evidence to support a claimed deduction if they contain enough information to establish the amount, date, place and type of expenses.

Expenses for meals and lodging while traveling away from home can be based on the High-low method for Federal meal and housing allowance as provided by law or regulation.

3. Retention of Records

A taxpayer must retain records and related documentary evidence to support travel, entertainment and other employee business expenses for as long as the taxpayer's tax return is subject to audit. Normally, this period is three years from the date of filing the tax return on which the deduction is claimed. The statute of limitation is longer if the taxpayer consents to an extension, or if there has been a substantial omission from gross income.
