Committee On State and Local Government
c/o Legislative Information Office
100 State House Station
Augusta, ME 04333

Dear Senator Lachowicz, Representative Graham and Distinguished Members of the Committee,

Enclosed is a series of reports prepared in accordance with Title 5, Section 7036 regarding the operation of the State's Civil Service System. Each of the reports required under that statute are listed below with reference to the attached reports.

- A. The turnover rate in the state employee labor force for the classified and the unclassified services for the previous fiscal year

Turnover rate is calculated by dividing the total number of terminations by the total number of jobs. Given our current HR system, this would only count actual "terminations" (as opposed to job changes, such as promotion, demotions, and transfers).

Report: Class-Unclass Turnover Report FY 2011-2012 - ALL

- B. The turnover rate for each job classification for the previous fiscal year

Turnover rate is calculated by dividing the total number of terminations by the total number of jobs. Given our current HR system, this would only count actual "terminations" (as opposed to job changes, such as promotion, demotions, and transfers).

Report: Job Class Turnover Report FY 2011-2012 - ALL

- C. The total number and disposition of job reclassification requests, which shall also indicate the period of time for a final decision for each request

Report: Reclass Report FY 2011-2012 - ALL

- D. The number of vacancies, occurring in the previous fiscal year, which required recruitment of personnel and the length of time required to fill each vacancy. The time period shall be measured from the time of notice of departure, transfer or promotion of the previous incumbent to the successor's assumption of the position

Report: Time to Fill Positions Report FY 2011-2012 - ALL

- E. The reason for the occurrence of each vacancy that occurred in the previous fiscal year to include job promotion, problems with management and any other causes for the vacancies

Our current HR system only captures "reason for leaving" on actual terminations, not on promotions, demotions, or transfers.

Report: Termination Reasons Report FY 2010-2012

- F. The training programs instituted by the bureau and the number of persons completing these programs in the previous fiscal year

Sincerely,

Joyce A. Oreskovich
Director
