120th MAINE LEGISLATURE

Dear Citizens:

With the hope of better serving the people of this great state, the 120th Legislature is proud to provide you with its Legislative District Directory. This directory has proven through the years to be a time-saving, user-friendly reference for our citizens.

This directory lists Senate and House Districts by counties, towns and cities. It also provides the names, addresses, telephone numbers, and email for each legislator. At the back of the book, you will find a helpful cross reference listing by municipality and by legislator.

We would like to express our appreciation to Secretary of the Senate and Clerk of the House for their efforts in providing this invaluable reference.

This directory is made available to you with the intention of improving public access to Maine's Legislature. Any suggestions you may have to promote citizen participation in state government are welcome.

Thank you for the opportunity to serve the people of the State of Maine.

Sincerely,

A handwritten signature in black ink, reading "Michael H. Michaud".

THE LEGISLATURE

Legislative Session

The First Regular Session convenes on the first Wednesday of December following the general election. Adjournment is mandated by statute, not later than the third Wednesday in June of the odd-numbered years.

The Second Regular Session convenes on the first Wednesday after the first Tuesday of January in the subsequent even-numbered year and must adjourn not later than the third Wednesday in April.

However, during both the First and Second Regular Sessions the Legislature can meet in Special Session at the call of the Governor. It can also call itself into session with the consent of the majority of each political party, all members having been polled.

Representation

Each Senator represents a district including approximately 35,084 constituents. Each House member represents a district which has approximately 8,132 people.

Originally, Senators were elected from each county with numbers according to population; since the 104th Legislature they have been elected by district.

Until the 109th Legislature, House members from some of the larger communities in the State were elected at large from their districts.

Now there are 151 individual House districts and 35 Senate districts throughout the State. Some Senate districts cross county lines and town and city lines as do some House districts.

The **LEGISLATIVE DISTRICT DIRECTORY** is a reference guide to help you identify the Senator or Representative from your legislative district.

This directory provides you with Senate and House Districts by county, towns and cities and provides the name, address, home telephone number and email addresses (if they have one) of each member. The directory now has three indexes: one cross-referenced by municipality, one by member's name, and one by member's name with email addresses.
