STATE OF MAINE

ONE HUNDRED AND TWELFTH LEGISLATURE

COMMITTEE ON AUDIT AND PROGRAM REVIEW

March 14, 1986

Members of the Legislative Council:

It is our pleasure to transmit to you the second of three volumes which comprise the work of the Joint Standing Committee on Audit & Program Review during the past year.

During its recent review of the Department of Business, Occupational and Professional Regulation (see Volume I), the Committee began to assess the 29 professional licensing boards which are connected in some way to the Department. Although most of these boards are scheduled for review in the upcoming year, the Committee found it important to become familiarized with the topic of professional regulation.

As part of its review of any State agency, the Audit & Program Review Committee routinely compares a particular agency to other comparable agencies to determine the overall need for that agency and the effectiveness with which that agency accomplishes its statutory mandate.

In preparation for the review of these boards, the Committee found a need to undertake a comprehensive comparison of the 46 professional licensing boards in the state. This report provides a basis by which some important aspects of the professional licensing boards in the state can be examined on an individual basis and in contrast to each other.

In brief, the Committee compiled the following data, when available, for all of the licensing boards in the State of Maine:

- generic information about each board such as date of creation, location of central office, number of employees, professions regulated, etc.;
- a ten year overview of the number of individuals regulated by each board; and
- a ten year overview of the fiscal activities of each board.

The purpose of this report is to compile uniform information about each board to facilitate an accurate comparison between licensing boards in the State of Maine. The Committee intends to use this volume as a tool by which certain conclusions about each board and professional regulation in the state can be drawn. Within the confines of this document, the Committee is not making any conclusions.

Aside from its own anticipated use of this document in the upcoming year, the Committee intends that the Legislature and other parts of state government will be able to use this information to more completely understand the specifics of professional regulation in the State of Maine and to draw some conclusions about the manner in which it is presently being delivered.

Finally, we would like to acknowledge the staff work of Lock Kiermaier whose initiative and hard work enabled the Committee to undertake such a comprehensive review. We believe this document is the first of its kind in the nation and are proud to present this to you on behalf of the Maine Legislature.

Sincerely,

G. William Diamond
Senate Chairman

Neil Rolde
House Chairman

INTRODUCTION

Professional regulation has existed in the State of Maine since 1877 when the Board of Commissioners of the Profession of Pharmacy was created. Since that time, 45 additional licensing boards have been created by the Legislature to protect the public health and welfare. These boards have been created in response to the development of the various regulated professions. As a result, professional licensing boards in the State of Maine exist in many different forms and are located in a variety of organizational structures.

Most of these boards are connected in some fashion to the Department of Business, Occupational and Professional Regulation. As its name implies, this Department, created in 1973, exists to provide an organizational umbrella for a number of disparate state agencies charged with business and professional regulation. Presently, the Department consists of the Bureaus of Banking, Consumer Credit Protection and Insurance, 23 "internal" licensing boards for which the Department provides clerical, administrative and budgetary services and six "affiliated" licensing boards for which the Commissioner of Business Regulation provides budgetary and liaison functions with the Governor.

In addition to the boards which are presently connected to the Department of Business Regulation, there are 17 other professional licensing boards which are connected in some manner with other departments in Maine State Government.

PURPOSE

Because professional licensing boards have existed in such a variety of organizational relationships and formats, it has been difficult to accurately compare one board to another. The purpose of this document is to compile uniform information about each board to facilitate an accurate comparison between licensing boards in the State of Maine.

METHODOLOGY

SCOPE OF REPORT

To accomplish the goal of taking a comprehensive look at all professional licensing boards in the State of Maine, the Committee utilized certain parts of the Maine statutes as a guide and starting point. Section 12004 of Title 5 provides a useful listing of all the boards in Maine State Government. Subsection one separates those boards which are categorized as "Occupational and Professional Licensing Boards." The Committee used this list, with several exceptions, as the basis for this report.

These exceptions are the Joint Committee of Licensure-Certification for School Psychological Services and the Auctioneers Advisory Board. By carefully scrutinizing this list of professional licensing boards, the Committee determined that the Joint Committee of Licensure-Certification for School Psychological Services, which is listed as a licensing board, exists primarily to facilitate the licensing of school psychologists and does not, as such, have the authority to license any professionals. Therefore, the Committee did not include that agency in this report.

Conversely, the Committee found that the Auctioneers Advisory Board is not included in 5 MRSA §12004 sub §1. This board has the statutory authority to advise the Commissioner of Business Regulation as to the licensing of auctioneers. By policy decision, the present Commissioner abides by all advice rendered by the Board as if it had the statutory power to regulate auctioneers. Therefore, for the purposes of this report, the Committee included the Auctioneers Advisory Board as a professional licensing board.

DATA SOURCES

The information contained in this report was gathered from several different sources:

- generic factual information was collected by reference to the Maine Revised Statutes Annotated, Annual Reports of the Maine State Government, and data requests by letter and telephone to each of the boards;
- statistics on the number of individuals regulated by each board were gathered by reference to the Annual Reports of Maine State Government and requests by letter and telephone to each of the boards; and

-
-
- financial data was gathered exclusively from the records of the Bureau of Accounts and Control which is part of the Department of Finance and Administration.

CATEGORIES

This report is divided into four categories of licensing boards. Each category reflects the manner in which these boards are organizationally housed in Maine State Government. Because most of the boards the Committee will be reviewing are connected with the Department of Business Regulation, the Committee constructed this report as a comparison of boards relative to their relationship with the Department. These categories are described below, and the boards within each category are depicted in Diagram I:

- **INTERNAL BOARDS:** Twenty three licensing boards are "internal" to the Department of Business, Occupational and Professional Regulation. Typically, these boards have office facilities in the Department's building and receive clerical, administrative and budgetary support services from the Department. In addition, the Commissioner of Business Regulation acts as a liaison between each Board and the Governor. These boards remain autonomous in regards to their authority to regulate their respective professions. The Commissioner of Business Regulation does not have any authority to exercise or interfere with any of the discretionary, regulatory or licensing authorities granted by statute to each board;
- **AFFILIATED BOARDS:** Six licensing boards are "affiliated" with the Department of Business, Occupational and Professional Regulation. Each of these boards have offices which are not in the Department's building, and each board provides its own clerical and administrative services. The relationship of these boards to the Department is limited to the Commissioner's responsibilities to ensure that each board fulfills its statutory mandate, to receive the budget requirements of each board and to act as a liaison with the Governor for each board. As with the internal boards, the Commissioner does not have any authority to exercise or interfere with any of the discretionary, regulatory or licensing authorities granted by statute to each board;

DIAGRAM I

CATEGORIES OF PROFESSIONAL LICENSING BOARDS RELATIVE TO THE DEPARTMENT OF BUSINESS, OCCUPATIONAL AND PROFESSIONAL REGULATION

INTERNAL BOARDS

- + State Board of Funeral Service;
- + Plumbers' Examining Board;
- + Real Estate Commission;
- + Maine Athletic Commission;
- + Electricians' Examining Board;
- + Board of Examiners in Physical Therapy;
- + Oil and Solid Fuel Board;
- + Arborist Examining Board;
- + State Board of Examiners of Psychologists;
- + State Board of Social Worker Registration;
- + Maine State Pilotage Commission;
- + Board of Hearing Aid Dealers and Fitters;
- + Nursing Home Administrators Licensing Boards;
- + State Board of Certification for Geologists and Soil Scientists;
- + State Board of Registration for Professional Foresters;
- + Board of Examiners on Speech Pathology and Audiology;
- + Board of Registration of Substance Abuse Counselors;
- + Manufactured Housing Board;
- + Auctioneers Advisory Board;
- + Board of Commercial Drive Education;
- + Board of Occupational Therapy Practice;
- + Board of Registration of Dietetic Practice; and
- + Board of Respiratory

AFFILIATED BOARDS

- + State Board of Cosmetology;
- + State Board of Registration for Professional Engineers;
- + State Board of Barbers;
- + Maine State Board for Registration of Architects and Landscape Architects;
- + Board of Accountancy; and
- + State Board of Registration for Land Surveyors.

INDEPENDENT BOARDS

- + Board of Commissioners of the Profession of Pharmacy;
- + Board of Dental Examiners;
- + Board of Registration in Medicine;
- + Board of Examiners for the Examination of Applicants for Admission to the Bar;
- + State Board of Veterinary Medicine;
- + State Board of Optometry;
- + State Board of Nursing;
- + Board of Osteopathic Examination and Registration;
- + Board of Chiropractic Examination and Registration; and
- + Examiners of Podiatrists.

OTHER INDEPENDENT BOARDS

- + Board of Boiler Rules;
- + Board of Elevator and Tramway Safety;
- + Board for Licensure (Water Treatment Plant Operators);
- + Board of Examiners for the Licensing of Guides; Junior Maine Guides and Trip Leaders' Curriculum Board;
- + Radiologic Board of Examiners; and
- + Board of Underground Oil Storage Tank Installers.

-
- **INDEPENDENT BOARDS:** Ten "independent" licensing boards do not have any connection with the Department of Business, Occupational and Professional Regulation. All of these boards are connected in some way to other departments in Maine State Government. Although these relationships tend to vary, most bear a resemblance to the relationship to either the internal or affiliated boards and the Department of Business Regulation; and
 - **OTHER INDEPENDENT BOARDS:** Seven other boards are completely independent of the Department of Business, Occupational and Professional Regulation. The Committee found that, for the purposes of this report, these boards are internal to other Departments with their financial responsibilities borne largely by the department in which they are located. Although separate accounts are on occasion maintained for these boards, many of the staffing and administrative expenses are not broken out separately. Therefore, the Committee was not able to obtain accurate fiscal information which could be used to compare these boards to the boards in the other three categories. The Committee also found that several of these boards (Board for Licensure - Water Treatment Plant Operators, Board of Boiler Rules, and Board of Elevator and Tramway Safety) have statutory mandates which do not focus exclusively on professional regulation but also cover the regulation of a particular industry.

ABBREVIATIONS

This report makes use of a number of abbreviations. These abbreviations with the word that they signify, are listed below:

- **AFF** - affiliated;
- **AV** - average;
- **BDS** - boards;
- **FY** - fiscal year;
- **IND** - independent;
- **Ind's** - individuals; and
- **INT** - internal.

DATA COLLECTION AND USE

As mentioned earlier, data was compiled on the licensing boards within each category to provide a basis for comparing one board to another. For the first three board categories, detailed information was gathered regarding:

- generic factual information about each board;
- the total number of individuals regulated by a particular board for each of the past ten years;
- the ending balance for each board for the past ten years;
- the total revenues generated by each board for each of the past ten years;
- the total expenditures incurred by each board during that same time period; and
- a calculation of revenues minus expenditures for each board during each year of that same time period.

(For the fourth category, "Other Independent Boards," the Committee limited its efforts to gathering generic factual information.)

This report is comprised of a series of six page packets for each of the 39 boards in the first three categories. The packet for each board consists of separate pages which correspond to each of the areas listed above.

In assessing the fiscal information presented for each board, the Committee cautions that many of these boards have a biennial, as opposed to a yearly, licensure schedule. As a result, many of the boards with this type of schedule will exhibit a distinct pattern of alternating peaks and lows for their ending balance, revenues, expenditures and revenues minus expenditures.

FACTUAL INFORMATION

The purpose of this first page is to compile various factual information about each board. The categories included on this page are described below:

- **DATE ESTABLISHED:** Specifies the year in which each board was established.
- **LOCATION OF CENTRAL OFFICE:** Specifies the location of each board's central office. In gathering information for this category the Committee also intended to find out in what type of facility each board is located. The Committee determined that there were four discernible types of facilities:
 - state office building - office space of the Board is located in a building owned by the State;
 - private office building - office space is located in a privately owned office building;
 - professional office - office space is shared with a private professional practitioner in a privately owned office building; and
 - private residence - office space is located in a private residence.
- **STATUTORY CITATION:** Specifies the statutory citation for each board. In providing this information, the entire statutory reference is given, not just the statutes which authorize a particular board.
- **ORGANIZATIONAL STATUS OF BOARD:** Specifies the organizational placement of each board in state government.
- **SIZE OF THE BOARD:** Specifies the number of authorized members for each board.
- **NUMBER OF PUBLIC MEMBERS:** Specifies the number of public members for each board.
- **APPOINTMENT PROCESS:** Specifies the process by which members are appointed for each board.
- **STATUTORY HIRING AUTHORITY:** Specifies what authority exists for each board to employ staff.
- **DISCIPLINARY AUTHORITY:** Specifies what authority(s) each board has to discipline individuals that fall under its regulatory jurisdiction.

- **NUMBER OF EMPLOYEES - FY 1985:** Specifies the number of staff employed by each board for FY 1985.
- **TYPES OF PROFESSIONS REGULATED - FY 1985 (Type of Regulation):** Specifies the particular professions regulated by each board for FY 1985. Also, specifies what form of regulation was used in each instance. In preparing for this report, the Committee determined that many states employ three different levels of regulation which correspond to the need to protect public health and welfare.

Least Restrictive  Most Restrictive

Registration

Requires that any individual wishing to practice a particular profession, register his intent to do so with the state by providing a name and address. Registration does not generally require certain educational professional criteria.

Certification

Gives state recognition to certain professionals who have met specific educational and professional requirements. Certification does not generally prohibit practice by an uncertified professional.

Licensure

Prohibits anyone from practicing a certain profession without a license. Licensure usually requires a strict set of educational and professional criteria.

The Committee found that these terms are often used interchangeably in Maine law. For example, the statutes authorizing the Board of Osteopathic Examination and Registration (32 MRSA §§2561-2599) makes use of the regulatory term "registration" in the title of the board, but then refers to the requirements for "licensure" which can be satisfied through the issuance of a "certificate". (§2581) For those instances in which a combination of any of these three terms are used in reference to the regulation of the same profession, the Committee cited the term used in the title of the particular board.

INDIVIDUALS REGULATED

The second page provides an overview of the number of individuals regulated by a particular board for each of the years 1975 thru 1985. In gathering this information, the Committee requested that these figures correspond to fiscal years. The Committee determined that this data was not available for some boards during particular years. When the data was not available for a particular year, the Committee indicated this in the table by the letters "NA". The data contained in the table is depicted by the graph above it.

ENDING BALANCE

The third page provides data regarding the "Ending Balance" for each board. The ending balance represents the total of unexpended funds carried over by a board from one fiscal year to another for the time period of 1975 thru 1985. This overview on ending balances can be used to indicate the long term ability of a board to cover any revenue shortfalls of a particular year and the continuity of the board's cash flow. The information on this page is organized and presented from several different perspectives:

GRAPH

The graph found at the top of each "ending balance" page, makes three comparisons for each fiscal year:

- the ending balance for that particular board;
- the average ending balance for that category of boards in which the board has been placed; and
- the average ending balance for all boards.

TABLE 1

Table 1 provides the actual dollar amounts which are depicted in the graph. These dollar amounts have been arranged in three columns which have the following headings:

- **INFLATED:** The dollar amounts in this column represent the ending balance for that particular board. The word "INFLATED" refers to the actual dollar amount of that year without any adjustment for real buying power;
- **AV INT BDS:** (Average Internal Boards) The dollar amounts in this column represent the average ending balance for that category of boards in which the board has been placed. Again, these figures are not adjusted to reflect real buying power. These figures provide a basis by which the ending balance of a board can be compared to the average ending balance for that particular category of boards; and

-
-
- **AV ALL BDS:** (Average All Boards) The dollar amounts in this column represent the average ending balance for all boards without any adjustment to reflect real buying power. These figures provide another means of comparison: the ending balance of a particular board to the average ending balance for all boards in any given year.

There are also two additional pieces of information provided in Table 1:

- the last column labeled **% INCREASE** reflects any change in the dollar amounts for that board. These numbers show by what percent each board's ending balance has increased or decreased from the previous year; and
- the bottom row labeled **AVERAGE** represents the eleven year average for each of the columns.

TABLE 2

Table 2 mirrors the dollar amounts of Table 1 in deflated values. Each of the dollar amounts depicted in Table 2 reflects what the dollar figure of Table 1 is worth in terms of 1972 dollars. For example, as portrayed in Table 1, (pg. 30), the State Board of Funeral Service had an inflated ending balance of \$28,511. That same dollar amount is shown in Table 2 in terms of what its real buying power was in relation to 1972 dollars; \$22,033. The dollar amounts are calculated by inflationary factors published by the Bureau of Economic Analysis of the U.S. Department of Commerce.

Finally, as a means of comparing the average ending balances for each of the board categories, and to compare the corresponding increase or decrease from one year to another, the Committee has compiled these figures on the back side of each introduction to the board categories (pages 26, 200, and 250).

REVENUES

The fourth page provides data regarding the annual revenues gathered by each board. The overwhelming majority of licensing boards cited in this report receive their revenues, or funding, through dedicated fees gathered largely from the regulated professions. The revenue totals shown on this page represent the income generated by a particular board for the time period of 1975 thru 1985. This overview on revenues can be used to indicate the board's fiscal resources. The information on this page is organized and presented in the same fashion as Ending Balances:

GRAPH

The graph found at the top of each "revenue" page makes three comparisons for each fiscal year:

- the total revenues for that particular board;
- the average revenues for that category of boards in which the board has been placed; and
- the average revenues for all boards.

TABLE 1

Table 1 provides the actual dollar amounts depicted in the graph. These dollar amounts have been arranged in three columns under the following headings:

- **INFLATED:** The dollar amounts in this column represent the revenues for that particular board. The word "INFLATED" refers to the actual dollar amount of that year without any adjustment for real buying power;
- **AV INT BDS:** The dollar amounts in this column represent the average revenues for that category of boards in which the board has been placed. These figures have not been adjusted for real buying power. The information in this column provides a basis by which the revenues of the previous column can be compared to the average revenues for that particular category of boards; and

-
- **AV ALL BDS:** The dollar amounts in this column represent the average revenues for all boards without adjusting for real buying power. These figures provide another means of comparison: the revenues of a particular board to the average revenues for all boards in any given year.

There are also two additional pieces of information provided in Table 1:

- the last column labeled **% INCREASE** reflects any change in the dollar amounts for that board. These numbers show by what percent each board's revenues has increased or decreased from the previous year; and
- the bottom row labeled **AVERAGE** represents the eleven year average for each of the columns.

TABLE 2

Table 2 mirrors the dollar amounts of Table 1 in deflated values. Each of the dollar amounts depicted in Table 2 reflects what the dollar figure of Table 1 is worth in terms of 1972 dollars. The dollar amounts are calculated by inflationary factors published by the Bureau of Economic Analysis of the U.S. Department of Commerce.

Finally, as a means of comparing the average revenues for each of the board categories, and to compare the corresponding increase or decrease from one year to another, the committee has compiled these figures on the back side of each introduction to the board categories (pages 26, 200, and 250).

EXPENDITURES

The fifth page provides data regarding the annual expenditures incurred by each board. The expenditure totals shown on this page represent the total funds spent by a particular board for the time period of 1975 thru 1985. This overview on expenditures can be used to assess the fiscal requirements of each board. The information on this page is organized and presented in the same fashion as the previous two pages.

GRAPH

The graph found at the top of each "expenditure" page makes three comparisons for each fiscal year:

- the total expenditures incurred by that particular board;
- the average expenditures incurred by that category of boards in which the board has been placed; and
- the average expenditures incurred by all boards.

TABLE 1

Table 1 provides the actual dollar amounts depicted in the graph. These dollar amounts have been arranged in three columns under the following headings:

- **INFLATED:** The dollar amounts in this column represent the expenditures made by that particular board. The word "INFLATED" refers to the actual dollar amount of that year without any adjustment for real buying power;
- **AV INT BDS:** The dollar amounts in this column represent the average expenditures for that category of boards in which the board has been placed. These figures have not been adjusted for real buying power. The information in this column provides a basis by which the expenditures of the previous column can be compared to the average expenditures made by that particular category of boards; and

-
- **AV ALL BDS:** The dollar amounts in this column represent the average revenues for all boards without adjusting for real buying power. These figures provide another means of comparison: the revenues of a particular board to the average revenues for all boards in any given year.

There are also two additional pieces of information provided in Table 1:

- the last column labeled **% INCREASE** reflects any change in the dollar amounts for that board. These numbers show by what percent each board's revenues has increased or decreased from the previous year; and
- the bottom row labeled **AVERAGE** represents the eleven year average for each of the columns.

TABLE 2

Table 2 mirrors the dollar amounts of Table 1 in deflated values. Each of the dollar amounts depicted in Table 2 reflects what the dollar figure of Table 1 is worth in terms of 1972 dollars. The dollar amounts are calculated by inflationary factors published by the Bureau of Economic Analysis of the U.S. Department of Commerce.

Finally, as a means of comparing the average revenues for each of the board categories, and to compare the corresponding increase or decrease from one year to another, the committee has compiled these figures on the back side of each introduction to the board categories (pages 26, 200, and 250).

REVENUES MINUS EXPENDITURES

The sixth and final page, provides data regarding the mathematical equation of Revenues minus Expenditures for each of the boards. The results shown on this page represent the difference between revenues and expenditures for a particular board for the time period of 1975 thru 1985. This overview can be used to assess the extent to which revenues of a particular board cover expenditures. The information on this page is organized and presented in the same fashion as the previous three pages.

GRAPH

The graph found at the top of each "revenues minus expenditures" page makes three comparisons for each fiscal year:

- the mathematical result of subtracting expenditures from revenues for that particular board;
- the average result of subtracting expenditures from revenues for that category of boards in which the board has been placed; and
- the average result of subtracting expenditures from revenues for all boards.

TABLE 1

Table 1 provides the actual dollar amounts depicted in the graph. These dollar amounts have been arranged in three columns under the following headings:

- **INFLATED:** The dollar amounts in this column represent the result of subtracting expenditures from revenues for that particular board. The word "INFLATED" refers to the actual dollar amount of that year without any adjustment for real buying power;

-
- **AV INT BDS:** The dollar amounts in this column represent the average result of subtracting expenditures from revenues for that category of boards in which the board has been placed. These figures have not been adjusted for real buying power. The information in this column provides a basis by which the dollar figure of the previous column can be compared to the average revenues for that particular category of boards; and
 - **AV ALL BDS:** The dollar amounts in this column represent the average result of subtracting expenditures from revenues for all boards without adjusting for real buying power. These figures provide another means of comparison: the result of subtracting expenditures from revenues of a particular board to the average figures for all boards in any given year.

There are also two additional pieces of information provided in Table 1:

- the last column labeled **% INCREASE** reflects any change in the dollar amounts for that board. These numbers show by what percent the result of subtracting expenditures from revenues has increased or decreased from the previous year; and
- the bottom row labeled **AVERAGE** represents the eleven year average for each of the columns.

TABLE 2

Table 2 mirrors the dollar amounts of Table 1 in deflated values. Each of the dollar amounts depicted in Table 2 reflects what the dollar figure of Table 1 is worth in terms of 1972 dollars. The dollar amounts are calculated by inflationary factors published by the Bureau of Economic Analysis of the U.S. Department of Commerce.

Finally, as a means of comparing the average result of subtracting expenditures from revenues for each of the board categories, and to compare the corresponding increase or decrease from one year to another, the Committee has compiled these figures on the back side of each introduction to the board categories (pages 26, 200, 250).

INTERNAL BOARDS

The Boards listed in this section are those boards which are internal to the Department of Business, Occupational and Professional Regulation. Under this organizational relationship, the Boards typically receive administrative, clerical and budgetary services from the Department. The Commissioner of the Department has the responsibility to act as a liaison between each Board and the Governor. The Commissioner does not have any authority to exercise or interfere with any of the discretionary, regulatory or licensing authorities granted by statute to each board.

The Boards which are internal to the Department of Business Regulation are listed below in the order in which they appear in the report:

- State Board of Funeral Service;
- Plumbers' Examining Board;
- Real Estate Commission;
- Maine Athletic Commission;
- Electricians' Examining Board;
- Board of Examiners in Physical Therapy;
- Oil and Solid Fuel Board;
- Arborist Examining Board;
- State Board of Examiners of Psychologists;
- State Board of Social Worker Registration;
- Maine State Pilotage Commission;
- Board of Hearing Aid Dealers and Fitters;
- Nursing Home Administrators Licensing Board;
- State Board of Certification for Geologists and Soil Scientists;
- State Board of Registration for Professional Foresters;
- Board of Examiners on Speech Pathology and Audiology;
- Board of Registration of Substance Abuse Counselors;
- Manufactured Housing Board;
- Auctioneers Advisory Board;
- Board of Commercial Drive Education;
- Board of Occupational Therapy Practice;
- Board of Registration of Dietetic Practice; and
- Board of Respiratory Care Practitioners.

Comparison of Average Financial Data for All Boards

AVERAGE ENDING BALANCE

	Int Bds		Aff Bds		Ind Bds		All Bds

ELECTRICIANS' EXAMINING BOARD

- DATE ESTABLISHED: 1953.

- LOCATION OF CENTRAL OFFICE: Hallowell Annex
(state office building)
Hallowell, Maine.

- STATUTORY CITATION: 32 MRSA §§1101-1204.

- ORGANIZATIONAL STATUS OF BOARD: Located as a board which is internal to the Department of Business, Occupational and Professional Regulation.

- SIZE OF BOARD: The Board has seven members.

- NUMBER OF PUBLIC MEMBERS: The Board has one public member.

- APPOINTMENT PROCESS: Six of the Board members are appointed by the Governor. The remaining Board member is the Commissioner of the Department of Business Regulation or his designee.

- STATUTORY HIRING AUTHORITY: The statutes authorize the Board to enter into contracts to fulfill its responsibilities.

- DISCIPLINARY AUTHORITY: The Board has the authority to suspend or revoke a license pursuant to 5 MRSA §10004.

- NUMBER OF EMPLOYEES - FY 1985: The Board has five full time positions.

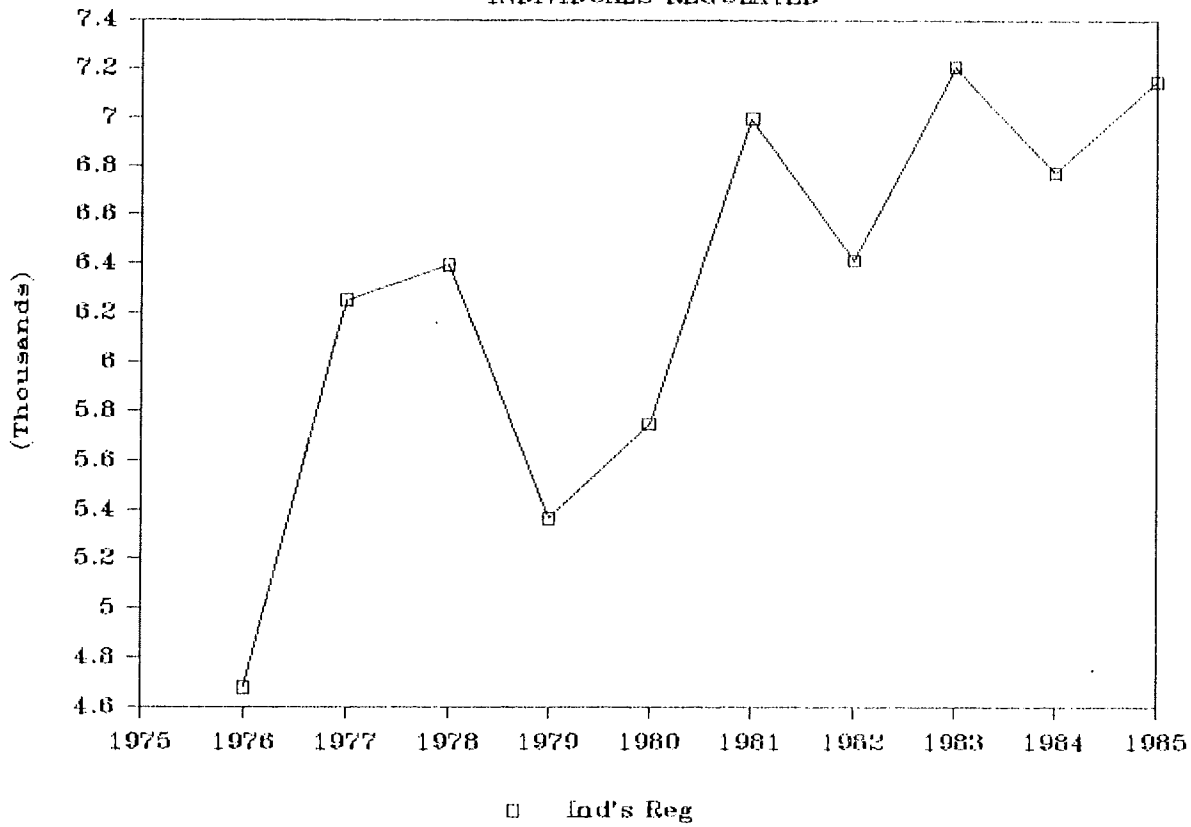

• TYPES OF PROFESSIONS REGULATED - FY 1985 (Type of Regulation):

- Apprentice Electrician (licensure);
- Helper Electrician (licensure);
- Journeyman Electrician (licensure);
- Limited Electrician (licensure);
- Master Electrician (licensure);
- Lightening Rod Agent* (licensure);
- Lightening Rod Manufacturers* (licensure);
- Motion Picture Operator* (licensure); and
- Motion Picture Apprentice Operator* (licensure);

* repealed by PL 1985, C 389.

**STATE BOARD OF CERTIFICATION
FOR GEOLOGISTS AND SOIL SCIENTISTS**

- **DATE ESTABLISHED:** 1973.

- **LOCATION OF CENTRAL OFFICE:** Hallowell Annex
(state office building)
Hallowell, Maine.

- **STATUTORY CITATION:** 32 MRSA §§4901-4920.

- **ORGANIZATIONAL STATUS OF BOARD:** Located as a board which is internal to the Department of Business, Occupational and Professional Regulation.

- **SIZE OF BOARD:** The Board has seven members.

- **NUMBER OF PUBLIC MEMBERS:** The Board has one public member.

- **APPOINTMENT PROCESS:** Five of the Board members are appointed by the Governor. The other two ex-officio members are the Soil Scientist from the Maine Soil and Water Conservation Commission and the State Geologist or their designees.

- **STATUTORY HIRING AUTHORITY:** The Commissioner of the Department of Business Regulation has the authority to hire, with the advice and consent of the Board, those employees necessary to carry out the Board's functions.

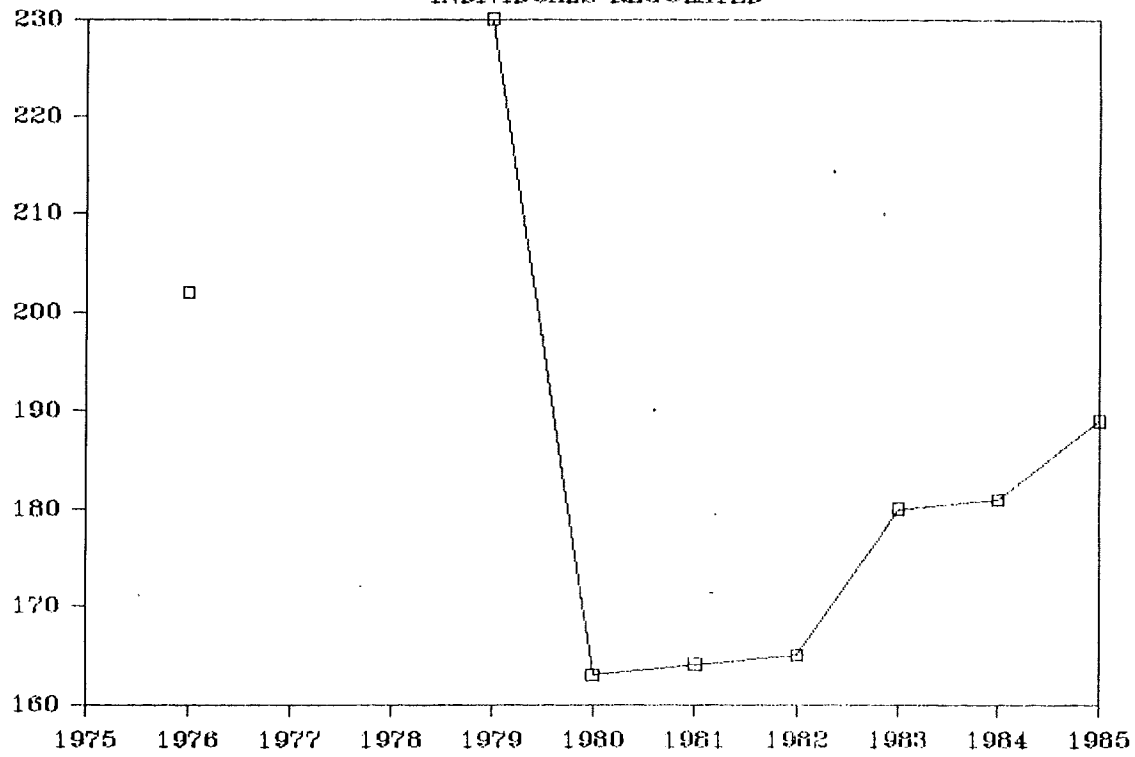

- **DISCIPLINARY AUTHORITY:** The Board has the authority to suspend or revoke a certification pursuant to 5 MRSA §10004.

- **NUMBER OF EMPLOYEES - FY 1985:** Clerical and administrative services for the Board are provided by the Department of Business Regulation. The Board is billed for services used on an hourly basis.

-
- TYPES OF PROFESSIONS REGULATED - FY 1985 (Type of Regulation):
 - Geologists (certification); and
 - Soil Scientists (certification).

MANUFACTURED HOUSING BOARD

- **DATE ESTABLISHED:** 1977.

- **LOCATION OF CENTRAL OFFICE:** Hallowell Annex
(state office building)
Hallowell, Maine.

- **STATUTORY CITATION:** 20 MRSA §§9001-9089.

- **ORGANIZATIONAL STATUS OF BOARD:** Located as a board which is internal to the Department of Business, Occupational and Professional Regulation.

- **SIZE OF BOARD:** The Board has five members.

- **NUMBER OF PUBLIC MEMBERS:** The Board has one public member.

- **APPOINTMENT PROCESS:** Board members are appointed by the Governor.

- **STATUTORY HIRING AUTHORITY:** The Commissioner of the Department of Business Regulation has the authority to hire, with the advice of the Board, an Executive Director. The Executive Director has the authority to hire, with the advice of the Commissioner and the Board, those employees necessary to carry out the Board's function.

- **DISCIPLINARY AUTHORITY:** The Board has the authority to file a complaint with the Administrative Court to revoke or suspend licenses.

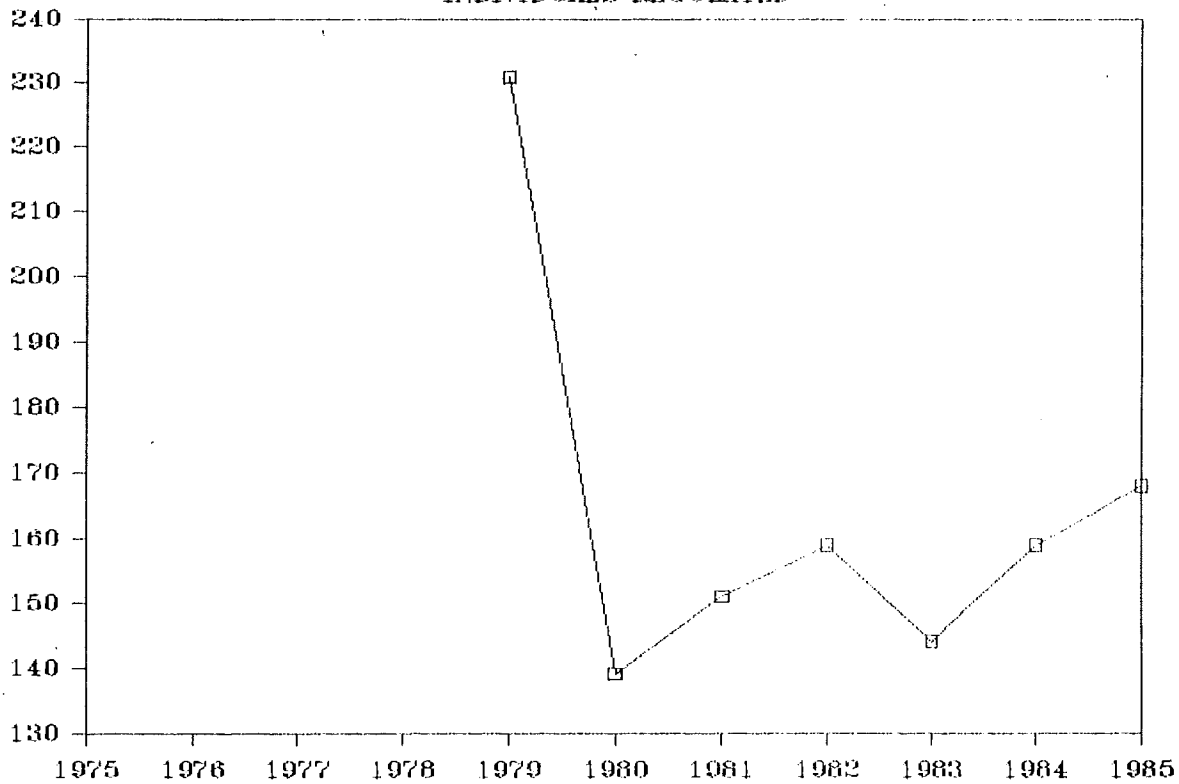

- **NUMBER OF EMPLOYEES - FY 1985:** The Board employs one full time Executive Director. Clerical services for the Board are provided by the Department of Business Regulation. The Board is billed for services used on an hourly basis.

- TYPES OF PROFESSIONS REGULATED - FY 1985 (Type of Regulation):

- Dealers (licensure);
- Manufacturers (licensure); and
- Mechanics (licensure).

- DISCIPLINARY AUTHORITY: The Board has the authority to suspend or revoke a license pursuant to 5 MRSA §10004.

- NUMBER OF EMPLOYEES - FY 1985: Clerical and administrative services for the Board are provided by the Department of Business Regulation. The Board is billed for services used on an hourly basis.

- TYPES OF PROFESSIONS REGULATED - FY 1985 (Type of Regulation):
 - Respiratory Therapist (licensure); and
 - Respiratory Care Technician (licensure).

AFFILIATED BOARDS

The Boards listed in this section are those boards which are affiliated with the Department of Business, Occupational and Professional Regulation. Under this organizational relationship, the Commissioner of Business Regulation acts as liaison with the Governor for each board, is responsible for ensuring that each board fulfills its various statutory mandates and receives budgetary requirements from each board. The Commissioner does not have any authority to exercise or interfere with any of the discretionary, regulatory or licensing authorities granted by statute to each board. Each of these "affiliated" boards provide their own clerical and administrative services.

The Boards which are affiliated to the Department of Business, Occupational and Professional Regulation are listed below in the order in which they appear in this report:

- State Board of Cosmetology;
- State Board of Registration for Professional Engineers;
- State Board of Barbers;
- Maine State Board for Registration of Architects and Landscape Architects;
- Board of Accountancy; and
- State Board of Registration for Land Surveyors.

INDEPENDENT BOARDS

The boards listed in this section are those boards which are independent of, and have no connection with, the Department of Business, Occupational and Professional Regulation. All of these boards are connected to another department of Maine state government in much the same way as those which are affiliated with the Department of Business Regulation. The specifics of the organizational relationships for these boards vary widely.

The Boards, which are independent of the Department of Business, Occupational and Professional Regulation are listed below in the order in which they appear in the report:

- Board of Commissioners of the Profession of Pharmacy;
- Board of Dental Examiners;
- Board of Registration in Medicine;
- Board of Examiners for the Examination of Applicants for Admission to the Bar;
- State Board of Veterinary Medicine;
- State Board of Optometry;
- State Board of Nursing;
- Board of Osteopathic Examination and Registration;
- Board of Chiropractic Examination and Registration; and
- Examiners of Podiatrists.

**BOARD OF EXAMINERS FOR THE EXAMINATION OF APPLICANTS FOR
ADMISSION TO THE BAR**

- **DATE ESTABLISHED:** 1899.
- **LOCATION OF CENTRAL OFFICE:** AGC Building
(private office building)
Whitten Road,
Augusta, Maine.
- **STATUTORY CITATION:** 4 MRSA §§801-860.
- **ORGANIZATIONAL STATUS OF BOARD:** Located as a board which is affiliated with the Supreme Judicial Court but is independent of the Department of Business, Occupational and Professional Regulation. The Chief Justice of the Supreme Judicial Court acts as liaison between the Board and the Governor.
- **SIZE OF BOARD:** The Board has eight members.
- **NUMBER OF PUBLIC MEMBERS:** The Board has one public member.
- **APPOINTMENT PROCESS:** Board members are appointed by the Governor upon recommendation of the Supreme Judicial Court.
- **STATUTORY HIRING AUTHORITY:** There is not any express authority for this board to hire employees.
- **DISCIPLINARY AUTHORITY:** The Board does not have authority to discipline members of the profession.
- **NUMBER OF EMPLOYEES - FY 1985:** The Board utilizes one staff member from the judicially established Overseers of the Bar.
- **TYPES OF PROFESSIONS REGULATED - 1985 (Type of Regulation):**
 - Recommending Admission to the Bar (Certification).

OTHER INDEPENDENT BOARDS

The Boards listed in this section are other boards which are independent of, and have no connection with the Department of Business, Occupational and Professional Regulation. In compiling this report, the Audit & Program Review Committee found that for these boards it was not possible to gather the same types of statistical and fiscal information for the purpose of comparing them to other licensing boards in the State. The Committee found that fiscal data for these boards was difficult to accurately identify because many of the costs were borne by the parent agency and not broken out separately. The Committee also found that several of these boards (Board for Licensure - Water Treatment Plant Operators, Board of Boiler Rules and Board of Elevator and Tramway Safety) have statutory mandates which do not focus exclusively on professional regulation but also cover the regulation of a particular industry.

These additional boards which are independent of the Department of Business, Occupational and Professional Regulation are listed below in the order in which they appear in this report:

- Board of Boiler Rules;
- Board of Elevator and Tramway Safety;
- Board for Licensure (Water Treatment Plant Operators);
- Board of Examiners for the Licensing of Guides;
- Junior Maine Guides and Trip Leaders' Curriculum Board;
- Radiologic Board of Examiners; and
- Board of Underground Oil Storage Tank Installers.

BOARD OF BOILER RULES

- DATE ESTABLISHED: 1931.
- LOCATION OF CENTRAL OFFICE: State Office Building
Augusta, Maine.
- STATUTORY CITATION: 26 MRSA §§171-246.
- ORGANIZATIONAL STATUS OF BOARD: Located as a board which is a part of the Bureau of Labor Standards within the Department of Labor.
- SIZE OF BOARD: The Board has seven members.
- NUMBER OF PUBLIC MEMBERS: The Board does not have any public members.
- APPOINTMENT PROCESS: Six of the Board members are appointed by the Director of the Bureau of Labor Standards with the approval of the Governor. The seventh member is the Director of the Bureau of Labor Standards.
- STATUTORY HIRING AUTHORITY: The Director of the Bureau of Labor Standards is authorized to appoint a Chief Inspector of Boilers and the Deputy Inspectors necessary to carry out the Board's functions.
- DISCIPLINARY AUTHORITY: The Board has the authority to file a complaint with the Administrative Court to revoke a license.
- NUMBER OF EMPLOYEES - FY 1985: Clerical and administrative services for the Board are provided by the Bureau of Labor Standards.
- TYPES OF PROFESSIONS REGULATED - FY 1985 (Type of Regulation):
 - Stationary Steam Engineer (licensure); and
 - Boiler Operators (licensure).

BOARD OF ELEVATOR AND TRAMWAY SAFETY

- DATE ESTABLISHED: 1949.
- LOCATION OF CENTRAL OFFICE: State Office Building
Augusta, Maine.
- STATUTORY CITATION: 26 MRSA §§471-571.
- ORGANIZATIONAL STATUS OF BOARD: Located as a board which is a part of the Bureau of Labor Standards within the Department of Labor.
- SIZE OF BOARD: The Board has nine members.
- NUMBER OF PUBLIC MEMBERS: The Board does not have any public members.
- APPOINTMENT PROCESS: Six of the Board members are appointed by the Director of the Bureau of Labor Standards with the approval of the Governor. The other Board members are specified to be a physically handicapped person, a representative of the Division of Fire Prevention appointed by the Commissioner of Public Safety and the Director of the Bureau of Labor Standards.
- STATUTORY HIRING AUTHORITY: The Director of the Bureau of Labor Standards is authorized to appoint, with the approval of the Governor, a Supervising Inspector and those Deputy Inspectors necessary to carry out the Board's functions.
- DISCIPLINARY AUTHORITY: The Board has the authority to file a complaint with the Administrative Court to revoke a license.
- NUMBER OF EMPLOYEES - FY 1985: Clerical and administrative services for the Board are provided by the Bureau of Labor Standards.
- TYPES OF PROFESSIONS REGULATED - FY 1985 (Type of Regulation):
 - Tramway Inspector (licensure).

BOARD FOR LICENSURE (WATER TREATMENT PLANT OPERATORS)

- DATE ESTABLISHED: 1969.
- LOCATION OF CENTRAL OFFICE: 157 Capitol Street
(state office building)
Augusta, Maine.
- STATUTORY CITATION: 22 MRSA §§2621-2631.
- ORGANIZATIONAL STATUS OF BOARD: The Board is not formally affiliated with any Department in Maine State Government.
- SIZE OF BOARD: The Board has six members.
- NUMBER OF PUBLIC MEMBERS: The Board has one public member.
- APPOINTMENT PROCESS: Board members are appointed by the Governor.
- STATUTORY HIRING AUTHORITY: The Board does not have any specific authority to hire employees.
- DISCIPLINARY AUTHORITY: The Board has the authority to file a complaint with the Administrative Court to revoke a license.
- NUMBER OF EMPLOYEES - FY 1985: The Board utilizes the part time services of an employee from the Bureau of Health, who, by statute, is the Board's secretary.

- TYPES OF PROFESSIONS REGULATED - FY 1985 (Type of Regulation):

- Operator, Class I or II, Water Supply System (licensure);
- Operator, Class III or IV, Water Treatment Plant (licensure);
- Operator, Class III or IV, Water Distribution System (licensure); and
- Operator, Class III or IV, Water Supply System (licensure).

BOARD OF EXAMINERS FOR THE LICENSING OF GUIDES

- DATE ESTABLISHED: 1975.

- LOCATION OF CENTRAL OFFICE: 284 State Street
(state office building)
Augusta, Maine.

- STATUTORY CITATION: 12 MRSA §7301.

- ORGANIZATIONAL STATUS OF BOARD: Located as a Board which is internal to the Department of Inland Fisheries and Wildlife.

- SIZE OF BOARD: The Board has four members.

- NUMBER OF PUBLIC MEMBERS: The Board has one public member.

- APPOINTMENT PROCESS: The Board's public member is appointed by the Governor. The other Board members are appointed by the Commissioner of the Department of Inland Fisheries and Wildlife, or his designee, and two wardens from that Department.

- STATUTORY HIRING AUTHORITY: The Board does not have any specific authority to hire employees.

- DISCIPLINARY AUTHORITY: The Commissioner of the Department of Inland Fisheries and Wildlife has the authority to initiate proceedings in Administrative Court to suspend and revoke licenses.

- NUMBER OF EMPLOYEES - FY 1985: Clerical and administrative services for the Board are provided by the Department of Inland Fisheries and Wildlife.

• TYPES OF PROFESSIONS REGULATED - FY 1985 (Type of Regulation):

- Resident Guides (licensure);
- Nonresident Guides (licensure);
- Alien Guides (licensure);
- General Guides (licensure);
- Hunting Guides (licensure);
- Fishing Guides (licensure);
- Recreational Guides (licensure); and
- Whitewater Guides (licensure.)

JUNIOR MAINE GUIDES AND TRIP LEADERS' CURRICULUM BOARD

- DATE ESTABLISHED: 1979.
- LOCATION OF CENTRAL OFFICE: 284 State Street
(state office building)
Augusta, Maine.
- STATUTORY CITATION: 12 MRSA §§7302-7303.
- ORGANIZATIONAL STATUS OF BOARD: Located as a board which is internal to the Department of Inland Fisheries and Wildlife.
- SIZE OF BOARD: The Board has five members.
- NUMBER OF PUBLIC MEMBERS: The Board has one public member.
- APPOINTMENT PROCESS: Board members are appointed by the Commissioner of the Department of Inland Fisheries and Wildlife.
- STATUTORY HIRING AUTHORITY: The Board does not have any specific authority to hire employees.
- DISCIPLINARY AUTHORITY: The Board does not have any specific authority to discipline individuals.
- NUMBER OF EMPLOYEES - FY 1985: Clerical and administrative services for the Board are provided by the Department of Inland Fisheries and Wildlife.
- TYPES OF PROFESSIONS REGULATED - FY 1985 (Type of Regulation):
 - Maine Camp Trip Leader (permit); and
 - Junior Maine Guide (certificate).

RADIOLOGIC BOARD OF EXAMINERS

- DATE ESTABLISHED: 1983.

- LOCATION OF CENTRAL OFFICE: 157 Capitol Street
(state office building)
