Administrative Governance

3.2 - Travel

Summary of Policy

The Maine Public Employees Retirement System (System) shall ensure fiscal and budgetary responsibility through compliance for authorization, travel, reporting and reimbursement of travel and related expenses incurred for the purpose of conducting System business.

Statutory/Legal/Board Policy Provisions

5 M.R.S. §17103

3 M.R.S. §951 *et seq.*

3 M.R.S. §991 *et seq.*

5 M.R.S. §12021 *et seq.*

Definitions

Gift - any gratuity, discount, entertainment, hospitality, loan, forgiven debt, or other tangible or intangible item having monetary value greater than \$35. A gift includes, but is not limited to 1) cash 2) food and beverages and 3) honoraria and travel expenses for engagements for the purpose of influence. A "gift" does not include food or beverages provided in connection with a business meeting, educational seminar, conference or convention.

Travel Procedures

All travel shall be conducted for official System business by System employees for which travel is part of their work, for meetings related to official System business, or for education deemed necessary to maintain required skills or knowledge.

Pre-Travel Authorization

Travel may be authorized when it is consistent with the mission of MainePERS and sufficient budget exists to cover the anticipated costs. Generally, staff travel for the purpose of conducting System business must be scheduled and approved in advance by the employee's supervisor using the Federal Travel Regulations Lodging and Per Diem schedule as applied in this policy:

- In-state travel requiring overnight accommodations must be pre-approved in writing;
- Out of state travel must be pre-approved by the Executive Director or designee and the employee's supervisor in writing;
- Lodging that will exceed the GSA published rates at <http://www.gsa.gov/portal/content/110007> must be approved in advance of the travel and may be approved up to 250% of the published rates under the following circumstances:
 - No rooms maintaining traveler safety are available within reasonable travel distance using safe travel services to the location where System business is being conducted;

MAINE PUBLIC EMPLOYEES RETIREMENT SYSTEM

- Lodging has been procured at a prearranged place such as a hotel where the meeting or conference is being held and convenient and safe alternative lodging is not available;
- Other reasons approved in advance by the Executive Director or designee.
- Request for reimbursement for actual meal expenses must be made in advance of the travel if the specific circumstances of the travel will require meal costs in excess of the per diem. Circumstances justifying this request would be unusual and not anticipated.

Travel Expenses

System business shall be incurred using the Federal Travel Regulations "lodging plus per diem" method contained in 41 Code of Federal Regulations (CFR), Chapters 300 through 304.

Allowable Transportation Expenses

Transportation expenses, including fares, rental fees and mileage reimbursement for use of a personal vehicle are allowed. The method of transportation used must be that method that is most advantageous to the System, taking into account travel time and time lost from work, actual cost of transportation, safety of the traveler, and any other relevant factors.

When traveling by air, employees will be reimbursed for coach class accommodations unless granted a pre-approved exception for business-class for health reasons or lack of seating availability. A physician's note must be provided if using business class for health reasons. A traveler may upgrade to business-class or first-class at his or her personal expense.

When arranging for transportation, authorized travelers should consider the usually traveled route for the trip. Travel outside of the usually traveled route must be pre-approved and must be for the benefit of the System. Additional costs incurred as a result of traveling outside of the usually traveled route without specific approval are the responsibility of the traveler.

When a traveler is pre-approved to use their personal vehicle, mileage will be reimbursed at the optional standard mileage reimbursement rates then in effect used by the Internal Revenue Service to calculate the deductible costs of operating a motor vehicle for business purposes for the shortest route between destinations determined by an Internet map service. (Google Maps, Mapquest, etc.)

Receipts for transportation expenses are required.

Local Transportation Expenses

Local transportation costs (cab fare, bus fare, subway, etc.) are allowable provided the transportation is between the traveler's place of lodging and the airport or other common carrier and between the traveler's place of lodging and places of business on an official trip. Local transportation costs may also be allowable for the purpose of obtaining meals while travelling on official business, provided there are no places to obtain meals at the place of business or approved place of lodging.

MAINE PUBLIC EMPLOYEES RETIREMENT SYSTEM

Rental cars may be used if there is no available local transportation, traveler safety is a concern, or the cost of the rental car and related expenses such as parking are less than safe available local transportation. When using a rental car, travelers are encouraged to purchase the collision damage waiver coverage and supplemental liability coverage offered by the rental agency to cover damage to the rental vehicle as well as other vehicles or property in the event of an accident. Additional incidental and reimbursable travel costs may include tolls, tips, or parking fees associated with the particular mode of travel. Travelers must provide receipts when available to substantiate these costs.

Receipts for local transportation expenses are required unless they are unavailable for incidental travel expenses, generally not exceeding \$50.

Allowable Lodging Expenses

Generally, lodging must be in conventional lodging facilities, including hotels, motels, etc. Lodging for domestic travel will be reimbursed at the single occupancy rate up to the allowable GSA rate published at www.gsa.gov/perdiem or successor site, or up to 250% of the published rates if approved in advance of the travel under specific circumstances listed under *Pre-Travel Authorization*. If the city or the county in which the city is located are not listed, then a standard rate of \$93 per night applies.

Domestic lodging taxes and other lodging charges are not included in the GSA travel per diem rate. Lodging taxes and other lodging charges paid by the traveler are reimbursable as a miscellaneous travel expense limited to the taxes on reimbursable lodging costs and do not affect whether or not the lodging costs meet the GSA published rates.

Lodging for foreign travel will be reimbursed at the single occupancy rate up to the allowable State Department rate published at http://aoprals.state.gov/web920/per_diem.asp or successor site. Lodging taxes *have not* been removed from the established foreign per diem rates. Other lodging charges paid by the traveler are reimbursable as a miscellaneous travel expense and do not affect whether or not the lodging costs meet the GSA published rates.

Receipts for lodging are required and must be itemized to include dates of stay, room rates and taxes, and any other lodging charges (telephone, internet connectivity, meals, etc.).

Meals and Incidental Expenses (M & IE)

Travelers traveling away from home when an overnight stay is required will receive a standard meal allowance for Meals and Incidental Expenses. This allowance will be reimbursed using the Government Services Administration per diem rate for meal and incidental expenses for the city or locality of the traveler's destination listed in Attachment 1, or at www.gsa.gov/mie or successor site. If the city, or the county in which the city is located, are not listed, then a standard rate of \$51 per day for meals and incidental expenses applies.

In limited circumstances, if a traveler is traveling away from home for more than twelve hours, and no overnight stay is required, the System may provide a standard meal allowance for the day, with the amount to be determined based on the time the official travel begins and ends. In these circumstances, the amount of the allowance will be determined

MAINE PUBLIC EMPLOYEES RETIREMENT SYSTEM

using the same time travel bands as used for the first and last day of travel (see attachment 1). In these circumstances, the System will reimburse the allowance and add the amount of that allowance to the traveler's form W-2 as wages, in keeping with IRS regulations.

With the exception of meals provided by a common carrier (airline, rail service, etc.) or complimentary meals provided by a hotel or other lodging establishment (continental breakfasts, etc.), the M & IE allowance will be reduced for meals provided at the destination. For example, if attending a conference at which meals are provided as part of the program at no cost to the traveler, the traveler cannot also request a meal allowance for that meal. The cost of meals for guests is not reimbursable.

The M&IE rate includes taxes and tips in the rate. Incidental expenses include items such as fees and tips given to porters, baggage carriers, bellhops, hotel maids, stewards or stewardesses and others on ships.

Receipts for meal expenses are not required unless *Pre-Travel Authorization* for reimbursement using actual expenses has been obtained. Approval may be made after the travel if receipts are available and the circumstances are approved by the Executive Director or designee. Circumstances justifying this request would be unusual and not anticipated. The traveler will be expected to pay the difference between the *Pre-Travel Authorization* and expenses incurred if circumstances do not justify the expense.

Miscellaneous Expenses

Other expenses incurred while traveling on official System business may be reimbursed provided the expenses are reasonable and necessary for conducting the System's business while away. Examples of other expenses include use of phones, faxes, or internet access.

Claims for reimbursement of Miscellaneous Expenses must be substantiated by providing a receipt itemizing the expense.

Unallowable Expenses

The following types of travel-related expenses are specifically not allowable.

- Alcoholic beverage expenses.
- Personal expenses, including personal entertainment expenses such as movie rental charges, or other expenses considered non-essential to official System business.

Gifts and Travel Subsidies

Acceptance of gifts while traveling is strongly discouraged. Acceptance of gifts in excess of \$35 is not allowed. Gifts in excess of \$35 must be provided to the System for distribution to charity or other appropriate parties. In the context of traveling, gifts might include marketing materials provided by vendors such as mugs with logos, or welcome bags at conferences containing samples of locally themed items.

~~Meals, lodging and entertainment provided by vendors are allowed if reimbursed by the System. The cost of these items must comply with the limitations in this policy.~~

MAINE PUBLIC EMPLOYEES RETIREMENT SYSTEM

Travel subsidies must be evaluated prior to the travel authorization. Travelers are required to disclose all travel subsidies prior to obtaining *Pre-travel Authorization*. Travel subsidies include lodging rates subsidized by vendors to enable MainePERS compliance with GSA rates or free or reduced cost meals. Use of subsidized lodging or meals to specifically influence MainePERS procurement decisions is prohibited. Use of subsidized lodging or meals as part of a general industry conference is generally discouraged and unallowable except when approved in the *Pre-Travel Authorization*.

Combining Personal Travel with Business Travel

When vacation is combined with a business trip, the travel may be reimbursed as business travel only when it is clearly established that the business travel is the primary purpose and the vacation incidental.

When personal time extends the traveler's stay at the business location either prior to or after the business activity, the entire transportation cost may be reimbursed. If any other destination, other than normal connecting points, is included on the ticket that is not related to the business activity, the amount reimbursed will be the fare directly related to the point(s) of business based on the fare class used. The traveler must obtain a quote at the time the ticket is purchased showing what that rate would be and submit this with the expense report.

Car rental expenses must be pro-rated based on the number of days dedicated to business use. Lodging will be reimbursed for those nights where the business activity and travel considerations justify overnight stay. An itemized receipt from the lodging facility showing the dates of occupancy must be submitted with the expense report.

Miscellaneous expenses including parking fees must be reduced for personal day expenses. Ground transportation expenses for personal days including taxis, subways and busses are not reimbursable. When the personal portion of the trip is either at the beginning or the end of a combined trip, a traveler is considered to be traveling for business on both the day of departure and the last day of travel and allowable expenses incurred on those days are reimbursable.

No M & IE allowances are permitted for any day an employee is completely in personal time status.

Local Travel

Travelers may be reimbursed for local travel at the optional standard mileage reimbursement rates then in effect used by the Internal Revenue Service to calculate the deductible costs of operating a motor vehicle for business purposes for System business when traveling to destinations other than their permanent work assignment. It is not the intent of the System to reimburse for what would otherwise be commuting expenses. For travelers who are travelling between their home and a temporary work site, reimbursement will be for the lesser of the miles between their home and the temporary work site or between their permanent work site and the temporary work site. Miles travelled between a permanent work site and a temporary work site is always reimbursable.

Example #1 - A traveler lives in Winthrop and his permanent work site is in Augusta, 12 miles away. He is asked to work in Portland for a day, which is 63 miles from his home in

MAINE PUBLIC EMPLOYEES RETIREMENT SYSTEM

Winthrop and 56 miles from his permanent work site in Augusta. If he travels from home to Portland and back, he should request reimbursement for the lesser of the two distances, or 56 miles each way.

Example #2 – The same traveler in example #1 above reports to his permanent work site in Augusta for the morning. At noon, he leaves for Portland for the afternoon, which is 56 miles from his permanent work site. He then returns home from Portland. The traveler in this case is entitled to no reimbursement for his commute to Augusta in the morning. He is entitled to reimbursement of the 56 miles driven between Augusta and Portland as this travel is between a permanent work site and a temporary work site. He is also entitled to reimbursement for 56 miles for the return trip, which is the lesser of the miles between home and Portland (63 miles) and between Portland and Augusta (56 miles).

Example #3 – A traveler lives in Biddeford and his permanent work site is in Augusta, 73 miles away. He reports to his permanent work site in Augusta in the morning. At noon he leaves for Portland for the afternoon, which is 56 miles from his permanent work site. He then returns home from Portland, a trip of 18 miles. The traveler in this case is entitled to no reimbursement for his commute to Augusta in the morning. He is entitled to reimbursement for the 56 miles between Augusta and Portland and for 18 miles for the return trip, which is the lesser of the miles between home and Portland (18 miles) and between Portland and Augusta (56 miles).

Travelers will not receive a standard meal allowance for local travel unless an overnight stay is required for business reasons. In the event of overnight stay, travelers will receive a standard meal allowance to be reimbursed using the Government Services Administration per diem rate for meal and incidental expenses for the city or locality of the traveler's destination listed in Attachment 1, or at www.gsa.gov/mie or successor site.

Reimbursement

A traveler is required to submit an expense report upon completion of travel in accordance with procedures established and administered by the Accounting & Finance Department. Requests for reimbursement should be made within 60 days of completing the travel and incurring the expenses. Requests for reimbursement made beyond 60 days must be accompanied by a written explanation as to why the request was delayed. The explanation must be signed by both the traveler and the traveler's supervisor.

In the event that a traveler received an advance, the traveler must substantiate expenses by submitting an expense report upon completion of the travel and return any excess funds. Excess funds not returned within 120 days of the completion of the travel will be considered income and reported to the IRS as appropriate.

Approval

All System travel shall be approved by an individual having sufficient knowledge of relevant law and statutes, MainePERS rules, policies and procedures (including the Code of Ethics) and the Federal Travel Regulations. The individual authorizing the reimbursement of travel-related expenses is responsible for assuring, or designating a responsible party for assuring, that the costs have been evaluated and

MAINE PUBLIC EMPLOYEES RETIREMENT SYSTEM

- The travel has been completed;
- The completed travel has been properly documented in accordance with procedures established by this policy;
- The expenses have been incurred.

Reimbursement

The Accounting and Finance Department shall reimburse properly incurred and approved travel expenses, ensuring that the Travel Authorization and Travel Expense Report are consistent.

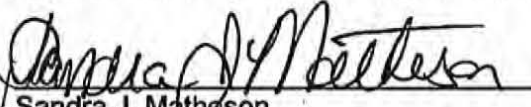

Board of Trustees

The System shall provide the Audit Committee of the Board with an annual budget that includes a specific category for travel and related expenses. The System shall also provide the Audit Committee of the Board with a semi-annual and annual report listing the actual travel and costs that have been incurred within that budget. The Audit Committee of the Board shall provide the Board of Trustees with the budget including travel and related expenses and the two travel reports.

Ownership

This Administrative Policy is owned by the Director of Finance.
