**Privacy/Civil Liberties/Civil Rights Audit Report**

**For the Period**

**01 August 2021 – 31 December 2021**

## **INTRODUCTION**

This report accounts for the privacy/civil liberties/civil rights (P/CL/CR) audit that was conducted by the Maine Information & Analysis (MIAC) audit team (Team) for the period of 01 August 2021 through 31 December 2021.

The members of the Team were MIAC Board Member Brewer Police Chief, Jason Moffitt; MIAC Board Member Michael Feldman; LT Tyler Stevenson, MIAC Director and SGT Mathew Casavant, MIAC Compliance Officer. The audit is conducted pursuant to the MIAC Privacy Policy, specifically Part X(3)(B).

## **GENERAL AUDIT PROCESS**

To conduct the audit, the Team followed the “MIAC Privacy Audit Policy,” which is attached to this report.

As a general note, certain presumptions generally guided the Team in its work. Those presumptions included, as examples:

- That, generally, records that are the subject of such audits are commonly understood to be restricted for law enforcement (LE) use only;
- That, generally, records that are the subject of such audits are typically confidential/nonpublic by law, and that their dissemination is therefore restricted by law;
- That conclusions stated or asserted in records prepared by a LE agency (LEA) are presumed to be factually based;
- That, currently, no records subject to such audits that are maintained in MIAC-administered systems are required by law to be purged;
- That certain databases in which records are maintained or through which records are disseminated (for example, eGuardian) are accessible only by authorized LEAs and LE officers (LEOs);
- That the MIAC Compliance Officer reviews and approves each Activity Report entry on a weekly – if not daily – basis, that information is reviewed and approved prior to its entry into the eGuardian system, and that all bulletins are peer-reviewed before their dissemination;
- That “personally identifying information” was to be construed broadly for the purposes of question 6 on the Record Evaluation Form, and not to be construed to mean “personal information” (as defined in 10 M.R.S. c. 210-B), which is more narrowly defined.

## **POINTS OF DISCUSSION FOR FURTHER REVIEW WITH THE ADVISORY BOARD**

Points of discussion during the audit that will be further discussed by the Board included:

1. The significant increase in eGuardian submissions during this rating period.
2. Is threatening or hate speech protected under the 1<sup>st</sup> amendment? This was a point of conversation in the 5<sup>th</sup> Audit as well.
3. Discussion on a potentially 1<sup>st</sup> amendment protected protests occurring on the private property of a public employee.

## **CONCLUSION**

- The audit found no evidence of nonconformance by the MIAC with the Center's Privacy Policy, revised 04 October 2021.
- The inclusion of two MIAC Advisory Board Members in the P/CR/CL Audit was found to be constructive and beneficial to this process. They provided valuable feedback and engaged in meaningful discussion on a variety of matters relating to P/CR/CL. The addition of selections of MIAC Activity Report entries by the board members also proved to be very valuable. Oftentimes those handpicked entries generated the most substantive discussions amongst the audit Team.

## **ATTACHMENTS**

- Individual evaluation forms accounting for the Team's work during the privacy audit.

Lt. Stevenson,

This email is to confirm that I participated in the following two in-person audits on October 25<sup>th</sup>, 2021 and January 27<sup>th</sup>, 2022 for the 5<sup>th</sup> and 6<sup>th</sup> MIAC audits respectively. I will add that I am impressed with the level of internal oversight occurring every day at MIAC. The audits confirm this. I have no concerns with the management of this unit and, further, believe that your employees pursue the goal of enhancing public safety while simultaneously respecting the constitutional rights of citizens.

Feel free to reach out if I can be of any further assistance.

**Board Member Name:** MICHAEL FELDMAN\

Having now participated in the last 3 MIAC Audits, I'm going to now try to step back a bit and look at the process of the Audit- which is relatively recent and has gone through changes in make-up and process over the last few years. This is really my opinion and shouldn't be assumed to be the same as most citizens.

First, the atmosphere: This is really the most important step. If you are bringing in a member of the public to sit with 4 long-time law enforcement officers in a room for hours at a time and to relax- you have taken on a huge challenge! Next, you ask that public committee member to honestly express their opinions on the most controversial issues of the day- constitutional Bill of Rights issues- privacy, guns, right to protest, search and seizure, etc.....Possibly disagreeing with the other 4 members after a serious discussion.

Lt. Johnston and Sgt Casavant and now Lt. Stevenson have created that culture. This Audit can only be worthwhile if members feel free to express their true beliefs about these core issues. I certainly did.

The second issue from my perspective is the determination of what communications to look at- what subjects we choose to examine. I felt I was free to choose whatever ten I wanted to see; but, more specific information would be helpful for a first time auditor trying to figure out what to look at. We have lowered the large number of incidents we review, but have we gone too far? I don't know, but the entire MIAC should continually examine and refine this process so that it works well for all citizens. I think the last 2 years have been a very good start.

I appreciate the opportunity to be a part of this process and would recommended it to others.

Mike Feldman

Public Member, MIAC

### **MIAC Privacy/Civil Liberties/Civil Rights (P/CL/CR) Audit Policy**

The purpose of this policy is to establish the process the MIAC will follow when conducting privacy/civil liberties/civil rights (P/CL/CR) audits, which are intended to help to continually improve the Center's compliance with the MIAC P/CL/CR Policy.

The following process shall be followed when MIAC P/CL/CR audits are conducted:

1. The MIAC Director, the MIAC Compliance Officer, the MIAC P/CL/CR Officer, the Public Member of the MIAC Advisory Board, and a Member of the Board selected by the Board's Chair (the "Audit Team") shall conduct the P/CL/CR audit. If the Public Member of the Board cannot participate in an audit, then the Chair shall select another Member of the Board to participate.
2. The MIAC Director shall determine the timeframe for which the P/CL/CR audit will account.
3. To avoid any actual or perceived selection bias during the audit process, MIAC will pick activity entries at random using the "Research Randomizer" website ([www.randomizer.org](http://www.randomizer.org)). A random sample of ten (10) MIAC Activity Report entries ("AR entries") for the timeframe specified shall be audited, as well shall be all entries made by the MIAC into the Federal eGuardian system during the timeframe. In addition, both of the Board Members participating in the P/CL/CR audit each shall select ten (10) AR entries to be audited from the range of AR entry report

Amended 12/12/2020

Lt. Johnston and Chris Parr

numbers that are used to generate the random sample. If any AR entry resulting from the random selection process is an administrative entry (such as a “watch desk duty” entry), that entry shall be discarded and a new one shall be randomly selected.

4. The AR entries to be audited - including the ten selected (twenty (20) total) by the respective Board Members - shall be disseminated to the Audit Team no later than fourteen (14) calendar days prior to the date of the P/CL/CR audit.
5. The MIAC Compliance Officer shall prepare a summary of each AR entry that will be reviewed during the P/CL/CR audit. The summaries may be prepared before, during, and/or following the audit. The summaries of the respective AR entries that are prepared by the MIAC Compliance Officer shall be forwarded to the MIAC P/CL/CR Officer for later inclusion in the MIAC evaluation forms described in section 6. The content summary should be de-identified information regarding each activity report that can lawfully be disseminated publicly in the interest of promoting transparency and clarity on MIAC’s activities.
6. A MIAC-designed evaluation form based on the Department of Homeland Security P/CR/CL Audit Guidance for the State, Local, Tribal, and Territorial Intelligence Component product, shall be used to audit each MIAC Activity Report entry, including all attachments to each entry.
7. The Audit Team shall meet on the date of the P/CL/CR audit to conduct the audit, either in person or virtually.
8. During the audit process, members of the audit team are encouraged to engage in constructive discussions regarding MIAC’s activities with respect to privacy, civil rights and civil liberties. Members of the audit team are also encouraged and expected to identify any activities, operations or practices which arise during the audit that should be brought forward to the MIAC Advisory Board for additional discussion and consideration.

9. Once the Audit Team has completed the P/CL/CR audit, the evaluation forms shall be finalized by the MIAC P/CL/CR Officer. The P/CL/CR Officer shall include in the appropriate AR entry evaluations forms the AR report entry summaries prepared by the MIAC Compliance Officer.
10. The MIAC P/CL/CR Officer shall prepare a report of the Audit Team's key findings. In addition, each of the Board Members participating in the P/CL/CR audit shall prepare a brief evaluation of the P/CL/CR audit and the P/CL/CR audit's findings to independently append to the audit report.
11. Once the P/CL/CR audit report is finalized and the evaluations of the two Board Members have been appended to the report, the report is complete.
12. The P/CL/CR audit report then shall be presented to the full Advisory Board at its next-scheduled meeting.
