Augusta, ME 04333-0100

Dear Committee Co-Chairs:

Pursuant to 36 M.R.S. § 208-A(6), I have enclosed the annual report regarding the review of requests from municipalities for adjustments of equalized valuation for 2018. Please feel free to contact me if you have any questions about this report.

Sincerely,

Jerome D. Gerard

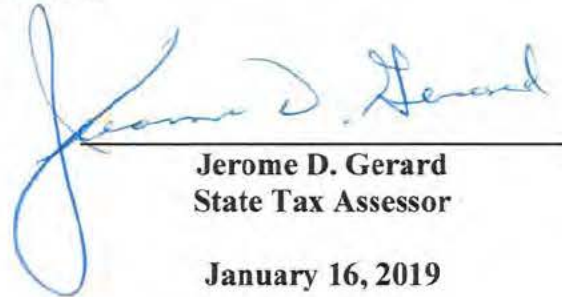

cc: Members of the Joint Standing Committee on Taxation
Kirsten LC Figueroa, Acting Commissioner
Richard Thompson, Deputy Commissioner

Review of Requests for Adjustment of Equalized Valuation for 2018

**A Report Prepared for the
Joint Standing Committee on Taxation
Pursuant to 36 M.R.S. § 208-A(6)**

**Department of Administrative and Financial Services
Maine Revenue Services**

**Jerome D. Gerard
State Tax Assessor**

III. Sudden and Severe Disruption Filings for 2018 4

I. Introduction

Every year, Maine Revenue Services (MRS) calculates the just value of all taxable property in the state. This information is used to determine state valuation, which is then reported by MRS to the Secretary of State. The state valuation is used to determine the amount of state payments to municipalities under the municipal revenue sharing and education funding requirements. The state payment amounts for revenue sharing are calculated using the most recently certified state valuation for the following fiscal year. State payments for education subsidy are calculated using an average of certified state valuations for the three most recent years prior to the most recently certified state valuation.

Occasionally, a municipality experiences a significant, unpredictable loss in its overall property valuation. If this loss is due to an event involving a single taxpayer, such as the business closing or losing part of its operations after a natural disaster, state law provides that the municipality may be eligible for an immediate adjustment to lower its state valuation amount, thereby resulting in some monetary assistance from the state through increased municipal revenue sharing and education funding starting in the following fiscal year.

36 M.R.S. § 208-A requires that the State Tax Assessor provide an annual report to the Legislature identifying the requests for state valuation adjustment from each municipality during the prior year and the State Tax Assessor's determination regarding each request. The report also must list the amounts of any payments made by the Commissioner of Education under 36 M.R.S. § 208-A(5)(A). This report pertains to those municipalities that filed claims during calendar year 2018.

II. Adjustment for Sudden and Severe Disruption of Valuation Overview

36 M.R.S. § 208-A provides in part that “[a] municipality requesting an adjustment under this section must file a petition, with supporting documentation, with the State Tax Assessor by March 31st of the year following the tax year in which the sudden and severe disruption occurred.” Further, 36 M.R.S. § 208-A(2) clarifies, as follows, when a “sudden and severe disruption” occurs:

A municipality experiences a sudden and severe disruption in its municipal valuation if:

- A. The municipality experiences a net reduction in equalized municipal valuation of at least 2% from the equalized municipal valuation that would apply without adjustment under this section;*
- B. The net reduction in equalized municipal valuation is attributable to the cessation of business operations, removal, functional or economic obsolescence not due to short-term market volatility or destruction of or damage to property resulting from disaster attributable to a single taxpayer that occurred in or was not reasonably determinable until the prior tax year; and*

C. The municipality's equalized tax rate of residential property following the sudden and severe disruption in municipal valuation exceeds the most recent state average of residential property for which data is available.

For purposes of this subsection, "removal" does not include property that was present in the municipality for less than 24 months. This subsection does not apply to property acquired by a municipality that otherwise could seek relief pursuant to this section.

Finally, 36 M.R.S. § 208-A provides that if the State Tax Assessor determines that the municipality qualifies for a state valuation adjustment, “[t]he State Tax Assessor shall adjust subsequent state valuations until such time as the state valuation recognizes the loss” and that “[t]he State Tax Assessor may limit the time period or amount of adjustment to reflect the circumstances of the sudden and severe loss of valuation.”

If the State Tax Assessor approves an adjustment, the Commissioner of Education and the Treasurer of State use the adjusted valuation for calculating the education funding and revenue sharing amounts distributed to the municipality for the following fiscal year.

If an adjustment is denied, the State Tax Assessor sends written notification to the municipality and, within 30 days, provides the Joint Committee on Taxation with a copy of the notification. The State Tax Assessor’s written determination constitutes final agency action that is subject to review by the Superior Court.

III. Sudden and Severe Disruption Filings for 2018

The State Tax Assessor received no requests for adjustment of equalized valuation under 36 M.R.S. § 208-A during 2018.
