The Tribe will provide the State gaming agency with copies of its floor plans and surveillance systems for each gaming facility and confer with the State gaming agency regarding the adequacy of such plans and systems. State gaming agency inspectors shall have unrestricted access to all areas of the gaming facilities at all times, without prior notice, and personnel employed by the Tribal gaming operation shall for such purposes provide State gaming agency inspectors access to areas of the gaming facilities that are locked and secure in accordance with the standards of maintenance and operation promulgated pursuant to section 10 of this Compact. investigate any report of a failure to comply with the provisions of this Compact or the applicable laws and ordinances of the Tribe. The Tribe hereby waives any defense which it may have by virtue of its sovereign immunity from suit with respect to any such action in the United States District Courts to enforce the provisions of this Compact, and consents to the exercise of jurisdiction over such action and over the Tribe by the United States District Courts with respect to such actions to enforce the provisions of this Compact. In addition to the remedies provided hereunder, the State may exercise its right pursuant to sub-section (f) of this section to petition the National Indian Gaming Commission to impose penalties including civil fines and temporary or permanent closure of gaming facilities for violation of the ordinances of the Tribe, including the provisions of this Compact incorporated in such ordinances.

the ordinances of the Tribe governing the conduct of Class III gaming activities, including the provisions of this Compact as incorporated into such ordinances pursuant to this section. The State gaming agency may petition the National Indian Gaming Commission to impose any penalty of civil fine or temporary or permanent closure of gaming facilities, as authorized by the Act, for violation of the provisions of this Compact as incorporated in the approved ordinances of the Tribe.

SECTION 4. Law enforcement.

(a) State criminal jurisdiction. The State of Maine shall have exclusive jurisdiction to enforce all criminal laws of the State which may prohibit any form of Class III Gaming on the Gaming lands against any person engaged in Class III Gaming on the Gaming lands unless such person is engaged in a form of Class III Gaming listed in section 9(a) of this Compact and conducted by or under the authority of the Tribe. The State of Maine shall also have jurisdiction on Gaming lands, including within the gaming facilities, to enforce all other criminal laws of the State that are consistent with the provisions of this Compact, and to enforce ordinances of the Tribe except as provided in subsection (b) of this section.

(b) Tribal criminal jurisdiction. The Passamaquoddy Tribe shall have exclusive jurisdiction to enforce Tribal ordinances on Gaming lands, including within the gaming facilities, against members of the Passamaquoddy Tribe and the Penobscot Nation, except that the Tribe hereby elects not to exercise

that jurisdiction with respect to any violation of such ordinances for which imprisonment for a term of more than one year or a fine of more than \$5,000 is provided.

(c) Cooperative law enforcement agreement. Pursuant to the provisions of 30 M.R.S.A. § 6210(3), the Passamaquoddy Tribe and the State of Maine herein mutually agree to, and hereby do, cross-deputize the law enforcement officers of the other within the territorial limits of the Gaming lands for all purposes, and to specifically authorize each law enforcement officer so cross-deputized to exercise concurrent authority to enforce the applicable state criminal laws and tribal ordinances, respectively, provided (1) that state law enforcement officers shall transfer as promptly as may be feasible to the jurisdiction of Tribal law enforcement officers any member of the Passamaquoddy Tribe or the Penobscot Nation arrested for any violation of an ordinance of the Tribe for which imprisonment for a term of up to one year and a fine of up to \$5,000 is provided, and the state law enforcement agency shall comply with all reasonable requirements of Tribal law enforcement officers and agencies to assist in the prosecution of such offenders in Tribal Court, and (2) that officers of the tribal law enforcement agency shall transfer as promptly as may be feasible to the jurisdiction of State law enforcement officers: (A) all persons arrested for violations of criminal laws of the State; (B) all persons arrested for any violation of an ordinance of the Tribe for which imprisonment for a term of more than one year or a fine of more than \$5,000 is

provided; and (C) all persons who are not a member of either the Passamaquoddy Tribe or the Penobscot Nation arrested for any violation of an ordinance of the Tribe for which imprisonment for a term of up to one year and a fine of up to \$5,000 is provided; and the tribal law enforcement agency shall comply with all reasonable requirements of State law enforcement officers and agencies to assist in the prosecution of such offenders in State court.

(d) Powers of State law enforcement officers. Law enforcement officers of the State of Maine shall be accorded free access to any gaming facilities for the purpose of maintaining public order and public safety and enforcing applicable criminal laws of the State and ordinances of the Tribe as permitted hereunder, and personnel employed by the Tribal gaming operation shall for such purposes provide state law enforcement officers access to locked and secure areas of the gaming facilities in accordance with the standards of maintenance and operation promulgated pursuant to section 10, 11 and 12 of this Compact. The State law enforcement agency may station a resident officer at the Gaming lands to coordinate law enforcement within the Gaming lands generally, including enforcement by officers of the Tribal law enforcement agency.

(e) Powers of Tribal law enforcement officers. Law enforcement officers of the Passamaquoddy Tribe may exercise concurrent authority with that of law enforcement officers of the State of Maine to maintain public order and public safety

and to enforce the applicable ordinances of the Tribe and applicable criminal laws of the State as permitted hereunder.

SECTION 5. State assessment for costs of oversight.

(a) Imposition of assessment for State regulatory expenditures. The State shall annually make an assessment sufficient to compensate the State for the reasonable and necessary costs of regulating gaming operations and conducting law enforcement investigations pursuant to this Compact. Such assessment shall include any costs of fringe benefits for personnel due and owing to the State Comptroller and shall be net of fees received with respect to the submission of gaming service enterprise registrations pursuant to section 8 of this Compact.

(b) Procedure for assessments. On or before August first, annually, the State shall render to the Tribe a statement of the total cost of regulation and law enforcement for the preceding fiscal year ending June thirtieth, together with proposed assessments for the forthcoming fiscal year based on the preceding fiscal year cost, except that in the first year of this Compact the assessment shall be prospective and based upon a prorata allocation of costs if this Compact becomes operative in the course of a fiscal year, and shall be established following consultation with the Tribe. On September first, annually, the State, after receiving any objections to the proposed assessments and making such changes or adjustments as may be indicated, shall assess the Tribe for

the costs of regulation and law enforcement. The Tribe shall thereafter make a payment representing one-third of the assessment within a twenty day period, and thereafter payments on January 1 and April 1 annually. Such payments shall be deposited with the State treasurer. The moneys so deposited shall be credited to the general fund of the state and shall be accounted for as the State may deem appropriate.

(c) Procedure for appeal of assessments. If the Tribe is aggrieved because of any assessment levied pursuant to this Compact, it may, within one month from the time provided for the payment of such assessment, appeal therefrom to the Superior Court for Kennebec County, which appeal shall be accompanied by a citation to the Director of the State gaming agency to appear before said court. Such citation shall be signed by the same authority, and served and returned in the same manner, as is required in case of a summons in a civil action. Proceedings in such matter shall be conducted in the same manner as provided for review of administrative decisions in adjudicatory proceedings pursuant to the Maine Administrative Procedure Act or such successor statute as may be enacted by the State.

(d) Adjustment of excess assessments. In the event that the total assessment paid by the Tribe during any fiscal year of the State exceeds the reasonable and necessary costs of regulating gaming operations and conducting law enforcement investigations pursuant to this Compact during such fiscal year, then the State shall adjust the assessment for the

succeeding fiscal year in the amount necessary to offset such excess assessment. If the Tribe is aggrieved because of any failure by the State to make such an adjustment, any claim for such adjustment shall be presented in the appeal of the assessment as provided in sub-section (c).

(e) Adjustment for termination of regulatory oversight.

If the State ends regulatory oversight during the course of a fiscal year in accordance with the terms of this Compact, then there shall be a pro rata adjustment to the assessment made by the State in accordance with the provisions of subsections (a) and (b).

SECTION 6. Approval of Management Contracts.

In accordance with Section 11(d)(9) of the Indian Gaming Regulatory Act, 25 U.S.C. §2710(d)(9), the Chairman of the National Indian Gaming Commission shall be responsible for the review and approval of any management contract for management of Tribal gaming operations conducted on the Gaming lands pursuant to this Compact in accordance with the provisions of subsections (b), (c), (d), (f), (g) and (h) of Section 12 of the Act, 25 U.S.C. §2711. The Tribe shall not enter into any management contract for the management of Tribal gaming operations on the Gaming lands without the approval of the Chairman in accordance with the terms of the Act. The Tribe shall provide the State gaming agency with notice of any management contract submitted to the National Indian Gaming Commission in accordance with this section and the Tribe agrees

that the State should be deemed to have standing to submit its views regarding approval of such contract to the National Indian Gaming Commission.

SECTION 7. Licensing of Gaming Employees

(a) Requirements for employee licensing

No person may commence or continue employment as a gaming employee unless he is the holder of a valid current gaming employee license issued by the State gaming agency in accordance with the provisions of this section.

(b) Procedure for license applications

Each applicant for a gaming employee license shall submit a completed license application to the State gaming agency, with a copy thereof to the tribal gaming agency, on forms required and provided by the State gaming agency. The Tribe, or registered gaming service enterprise, as the case may be, shall certify on said application that submission of the application has been approved. Such gaming employee license application forms shall contain such information, documentation and assurances as may be required by the State gaming agency concerning the applicant's personal and family history, personal and business references, criminal conviction record, business activities, financial affairs, gaming industry experience, gaming school education and general educational background. Each completed license application submitted to the state gaming agency pursuant to the provisions hereof shall be accompanied by the applicant's fingerprint card(s) and

photograph(s) in form as required by the State gaming agency. Promptly upon receipt of a completed license application, the State gaming agency shall forward a copy thereof to the State law enforcement agency.

(c) Background investigation of applicants

The state gaming agency shall promptly upon receipt of an application for a gaming employee license cause both State and Federal criminal record checks to be done on the applicant to determine whether the applicant has any criminal history and shall so advise the State law enforcement agency. The State law enforcement agency may undertake such further investigation of the applicant and applicant's background as it deems appropriate and shall, as soon as is practicable after receipt of the completed license application, report to the State gaming agency and the Tribal gaming agency (to the extent permitted by law) on the results of such investigation.

(d) Temporary licensing

Unless the State criminal record check undertaken by the state gaming agency within ten days of the receipt of a completed application discloses that the applicant has a criminal history, or unless other grounds sufficient to disqualify the applicant pursuant to sub-section (e) are apparent on the face of the application, the State gaming agency shall upon request of the Tribal Operation issue a temporary gaming employee license to the applicant which shall expire and become void and of no effect upon the determination by the State gaming agency of the applicant's

suitability for a gaming employee license. During the twelve-month period immediately following the effective date of this Compact as provided herein, any applicant who may file a copy of a current valid gaming employee license issued by the State of New Jersey together with his completed application shall be immediately issued a temporary gaming employee license by the State gaming agency pending determination of such applicant's suitability or eligibility for a gaming employee license as provided in subsection (e) of this section.

(e) Action by State gaming agency

The State gaming agency shall, as soon as is practicable after receipt of a completed license application, either grant or deny the license. The State gaming agency may deny a gaming employee license to any applicant who:

(i) has been determined to be a person whose prior activities, criminal record, if any, or reputation, habits and associations pose a threat to the effective regulation of gaming or create or enhance the chances of unfair or illegal practices, methods, and activities in the conduct of the gaming activities permitted hereunder; provided, however, that the State shall not apply standards for approval of licenses pursuant to this section more rigorously than those actually applied in the approval of employee licenses in gaming enterprises operated or regulated exclusively by the State; or

(ii) has failed to provide any information reasonably required to investigate the application for a gaming

employee license or to reveal any fact material to such application, or has furnished any information which is untrue or misleading in connection with such application.

(f) Duration of license and renewal

Any gaming employee license issued by the State gaming agency shall be effective for not more than one year and shall expire on the thirty-first day of October of each year; provided, that a licensed employee who has applied for renewal may continue to be employed under the expired license until final action is taken on the renewal application by the State gaming agency. Previously licensed applicants or applicants for renewal shall provide currently updated application material but will not be required to re-submit historical data already available to the State gaming agency. No additional background investigation of an applicant for renewal shall be required unless new information concerning the renewal applicant's continuing suitability or eligibility for a license comes to the attention of either the State gaming agency or the State law enforcement agency.

(g) Revocation or suspension of license

The State gaming agency or the State law enforcement agency may investigate any person who holds a gaming employee license at any time and the State gaming agency may suspend or revoke any gaming employee license issued hereunder if new information concerning facts arising either prior to or since the issuance of the original license, or any renewal thereof, comes to the attention of the State gaming agency which information would

justify denial of such original license, or any renewal thereof, pursuant to sub-section (e) of this section; provided, however, that no license shall be revoked or suspended except after such notice and hearing as is generally required for similar administrative actions under the administrative procedures applicable to agencies of the state.

(h) Badges

All licensed gaming employees actively employed by the Tribe and having access to the gaming facilities shall upon the commencement of such employment be provided with identification badges as may be required by the State gaming agency which shall be displayed or carried within the gaming facilities as the applicable Standard of Operation may require and the Tribe shall employ its best efforts to recover such badges from an employee upon the termination of employment at a gaming facility.

(i) Appeal of license decisions

Decisions of the State gaming agency to deny, suspend, or revoke a license pursuant to this section, following any administrative review or appeal which may be permitted by the State gaming agency in accordance with procedures which it may establish, constitutes final agency action subject to judicial review in the manner provided by the laws of the State for judicial review of administrative actions affecting similar rights.

(j) Investigation of non-gaming employees

The State law enforcement agency may investigate misconduct

of employees of the Tribe who are not gaming employees but who are employed in ancillary facilities located within the same building as any gaming facility, and such employees shall be dismissed by the Tribe from such employment upon notification by the State law enforcement agency that their conduct in the course of their employment in such ancillary facilities poses a threat to the effective regulation of gaming or creates or enhances the dangers of unfair or illegal practices, methods and activities in the conduct of gaming, subject to the same rights of appeal as are provided in sub-section (i) above.

SECTION 8. Registration of Gaming Service Enterprises

(a) Requirement for registration

No enterprise may provide gaming services or gaming equipment to the Tribe unless it is the holder of a valid current gaming services registration issued by the State gaming agency in accordance with the provisions of this section; provided, however, that so long as the Tribe discloses the identity of such enterprise together with the value and nature of services or equipment provided by the enterprise to the State gaming agency, such enterprise need not register pursuant to this section if either:

- (i) the enterprise has a current valid license to provide gaming equipment or gaming services from the State gaming agency under regulations of the State applicable to gaming operated or licensed by the State; or

(ii) the enterprise has a current valid registration as a gaming services enterprise from the gaming regulatory agencies of the State of New Jersey and provides its consent for the disclosure to the State gaming agency of all information regarding such enterprise held by the gaming regulatory agencies of the State of New Jersey, and the State gaming agency is able to secure disclosure of such information; provided further, however, that the rights conferred pursuant to either sub-section (i) or (ii) of this sub-section may be revoked or suspended by the State gaming agency in the same manner and for the same reasons as provided in sub-section (g) of this section.

(b) Procedure for registration

Each applicant for a gaming service registration shall submit a completed registration application to the State gaming agency, with a copy thereof to the Tribal gaming agency, on forms required and provided by the State gaming agency. The Tribe shall certify on said application that submission of the application has been approved. Such gaming service registration application shall contain such information, documentation and assurances as may be required by the State gaming agency which shall identify all of said applicant's principals and which shall concern the applicant's and each such principal's personal and family history, personal and business references, criminal conviction record, business activities, financial affairs, prior gaming industry experience and general education background; all of the foregoing as may

be applicable to such applicant or such principal. Each completed gaming service registration application submitted to the State gaming agency pursuant to the provisions hereof shall be accompanied by the fingerprint card(s) and photograph(s) of each principal of the applicant in form as required by the State gaming agency. Promptly upon receipt of a completed registration application, the State gaming agency shall forward a copy thereof to the State law enforcement agency.

(c) Background investigation of applicants

The State gaming agency and the State law enforcement agency shall promptly upon receipt of an application for a gaming services registration conduct an investigation of the applicant and each of its principals. Such investigation shall include criminal record checks to be done on each of applicant's principals and such other investigation of applicant and its principals as may be deemed appropriate by the State gaming and state law enforcement agencies. The State law enforcement agency shall, as soon as is practicable after receipt of the completed gaming services registration application, report to the State gaming agency and the Tribal gaming agency (to the extent permitted by law) on the results of its investigation.

(d) Temporary registration

During the twelve-month period immediately following the effective date of this Compact as provided herein, any applicant for a gaming service registration who may file a copy of a current valid gaming service industry registration issued

by the State of New Jersey together with its completed application shall be immediately issued a temporary gaming service registration by the State gaming agency pending determination of such applicant's suitability or eligibility for a gaming service registration pursuant to subsection (e) of this section.

(e) Action by State gaming agency.

The State gaming agency shall, as soon as practicable after receipt of a completed application for a gaming service registration, either grant or deny the application. The State gaming agency may deny a gaming service registration to any applicant upon its determination that the applicant, or any principal identified with such applicant:

(i) is a person or entity whose prior activities, criminal record, if any, or reputation, habits and associations pose a threat to the effective regulation of gaming or create or enhance the chances of unfair or illegal practices, methods, and activities in the conduct of the gaming activities permitted hereunder; provided, however, that the State shall not apply standards for approval of registrations pursuant to this section more rigorously than those actually applied in the approval of similar licenses in gaming enterprises operated or regulated exclusively by the State; or

(ii) has failed to provide any information reasonably required to investigate the application for a gaming service registration or to reveal any fact material to such

application, or has furnished any information which is untrue or misleading in connection with such application.

(f) Duration of registration and renewal

Any gaming services registration issued by the State gaming agency shall be effective for not more than one year and shall expire on the thirty-first day of October of each year; provided, that a registered enterprise that has applied for renewal may continue to provide services under the expired registration until final action is taken on the renewal application by the State gaming agency. Previously registered applicants or applicants for renewal shall provide currently updated application material but will not be required to re-submit historical data already available to the State gaming agency. No additional background investigation of an applicant for registration renewal shall be required unless new information concerning the renewal applicant's continuing suitability or eligibility for a license comes to the attention of either the State gaming agency or the State law enforcement agency.

(g) Revocation or suspension of registration

The State gaming agency or the State law enforcement agency may investigate any enterprise or principal of such enterprise which holds a gaming services registration license at any time and the State gaming agency may suspend or revoke any gaming services registration issued hereunder if new information concerning facts arising either prior to or since the issuance of the original registration, or any renewal thereof, comes to

the attention of the State gaming agency which information would justify denial of such original license, or any renewal thereof, pursuant to sub-section (e) of this section; provided, however, that no registration shall be revoked or suspended except after such notice and hearing as is ordinarily required for administrative denial of a license or license non-renewal under the administrative procedures applicable to agencies of the State; and further provided, that the enterprise shall be entitled to any payment due for services provided or goods delivered prior to the effective date of suspension or revocation of its registration.

(h) Appeal of registration decisions

Decisions of the State gaming agency to deny, suspend, or revoke a registration pursuant to this section, following any internal administrative review or appeal which may be permitted by the State gaming agency in accordance with procedures which it may establish, constitutes final agency action subject to judicial review in the manner provided by the laws of the State for judicial review of administrative actions affecting similar rights.

(i) Fee for registration

Any enterprise filing an application for a gaming services registration pursuant to this section shall pay to the State gaming agency a fee established by the agency and sufficient to compensate the State gaming agency for the costs of review of the registration applications; provided, however, that such fee shall not exceed one thousand five hundred dollars for any

applicant without prior approval of the Tribal gaming agency, but any balance of such costs not recovered as a result of such limitation on fees shall be included in the assessment of costs pursuant to section 5 of this Compact.

(j) Investigation of non-gaming enterprises

Any enterprise which provides goods or services to a Tribal gaming operation other than gaming services or gaming equipment in a total amount exceeding the sum of \$50,000.00 in a single twelve month period, and any labor organization seeking to represent employees of a Tribal gaming operation, shall be identified by the Tribe to the State gaming agency and shall agree to cooperate with the State gaming agency and the State law enforcement agency in any investigation deemed necessary by either such agency relative to the fitness of such enterprise or labor organization to engage in business with a gaming operation, or relative to the conduct of such enterprise or labor organization in connection with such activity. The State gaming agency may bar such enterprise from providing goods or services to the Tribal gaming operation or such labor organization from receiving dues from licensed employees of the Tribal gaming operation, or may bar the principal of any such labor organization from representing such employees, upon a determination that such enterprise or labor organization or a principal thereof is a person or entity whose prior activities, criminal record, if any, or reputation, habits and associations pose a threat to the effective regulation of gaming or create or enhance the dangers of unfair or illegal practices, methods

and activities in the conduct of gaming; provided, however, that such enterprise or labor organization may appeal such determination in the manner provided pursuant to sub-section (h).

The Tribe shall disclose to the State gaming agency its program of instructional and on-the-job training and its system of internal organization for each of its gaming operations including a compendium of all positions involved in the operation of its gaming facilities, including staffing and supervisory positions involved in each table gaming activity conducted pursuant to section 9(a)(i), and the persons designated to occupy each position from time to time, and shall promptly notify the State gaming agency of any change in such training programs or table of organization or in the persons designated for any position. The Tribal gaming agency shall ensure that any person designated to occupy a position in the gaming facilities is properly trained and qualified for such position.

SECTION 10. Standards of operation and management for games of chance.

(a) Adoption of standards of operation and management.

The Tribal gaming agency shall adopt standards of operation and management to govern all games of chance conducted by the Tribe under the authority of section 9(a)(i) or (ii) of this Compact, including technical standards for electronic gaming devices. Such standards shall protect the public interest in the integrity of the gaming operations and shall reduce the dangers

of unsuitable, unfair or illegal practices and methods and activities in the conduct of gaming. The initial standards of operation and management shall be those set forth in Appendix A until different standards are adopted by the Tribal gaming agency.

The Tribal gaming agency shall notify the State gaming agency of any revision of the standards of operation and management and shall either (i) certify that the revisions to the standards will have no material effect on the manner in which the standards protect the public interest in the integrity of the gaming operations and reduce the dangers of unsuitable, unfair or illegal practices and methods and activities in the conduct of gaming; or (ii) request the approval of the State gaming agency for such revised standards, which approval shall be deemed granted unless disapproved within sixty days of submission of the revised standards. Any revision of the technical standards for electronic gaming devices shall be accompanied by a written recommendation and detailed explanation of the revision to such standards by a gaming test laboratory licensed by the State gaming agency or otherwise approved under the terms of this Compact.

The State gaming agency shall approve the revised standards upon request unless it finds that they would have a material adverse impact on the public interest in the integrity of the gaming operations, and shall disapprove only such portions of any proposed revised standards which are determined to have a material adverse impact on such public interest, setting forth

with specificity the reasons for such disapproval. Any disapproval of revised standards by the State gaming agency shall be subject to review in the manner provided by the laws of the State for judicial review of final agency action by a State administrative agency.

(b) Additional standards applicable to games of chance.

The following additional standards shall apply to the operation by the Tribe of games of chance as permitted by this compact.

(i) The Tribe shall maintain the following logs as written or computerized records which shall be available for inspection by the State gaming agency in accordance with section 3(b) of this Compact: a surveillance log recording all surveillance activities in the monitoring room of the gaming facility; a security log recording all unusual occurrences for which the assignment of a security department employee is made; a cashier's cage log recording all exchanges of gaming chips for cash by persons who cannot reasonably be thought to have been gaming; a credit log recording all counter checks exchanged and all checks received for redemption, consolidation or substitution; a machine entry log recording all occasions on which an electronic gaming device is opened by any mechanic or attendant, except to the extent that such entries may be automatically recorded by a computer system activated by each entry; and a machine location log, recording the location and each movement of any electronic gaming device within the gaming facility.

(ii) The Tribal gaming agency shall establish a list of persons barred from the gaming facilities because their criminal history or association with career offenders or career offender organizations poses a threat to the integrity of the gaming activities of the Tribe. The Tribe shall employ its best efforts to exclude persons on such list from entry into its gaming facilities. The Tribe shall also exclude persons engaging in disorderly conduct or other conduct jeopardizing public safety in the gaming facility.

(iii) The Tribal gaming agency shall require the audit of the gaming activities of the Tribe, not less than annually, by an independent certified public accountant, in accordance with the auditing and accounting standards for audits of casinos of the American Institute of Certified Public Accountants.

(iv) The Tribal gaming agency shall notify the State gaming agency of the rules of each game of chance which will be operated by the Tribe and of any change in such rules. Summaries of the rules of each game relevant to the method of play and odds paid to winning bets shall be visibly displayed or available in pamphlet form in the gaming facility, and betting limits applicable to any gaming table shall be displayed at that gaming table. Rules of each game shall assure that the game will be operated in a manner which is honest, fair to patrons and amenable to regulatory oversight.

Rules for games identified in sections 9(a)(i)(A), (B), (C), (D), (E), (F), (G), (J) and (K) shall be based upon such games as commonly practiced in other gaming jurisdictions in the United States with such variations in the manner of wagering or play as do not fundamentally alter the nature of the game and as the Tribal gaming agency may approve. Rules for games identified in sections 9(a)(i)(H), (I), (L), and (M) shall be submitted for approval to the State gaming agency, which approval shall be granted if they are consistent with the nature of such games when legally operated for charitable fundraising under the laws of the State and if they assure that such games will be operated in a manner which is honest, fair to patrons and amenable to regulatory oversight. The Tribe will provide the State gaming agency with ten days' advance notice of the rules of each game and any modification thereof, and will provide adequate notice to patrons of the gaming facilities to advise them of the applicable rules in effect.

(v) The Tribe shall maintain a record of all complimentary services provided to patrons of its gaming facilities or their guests, including either the full retail price of such service or item if the same service or item is normally offered for sale to patrons in the ordinary course of business at the gaming facility, or the cost of the service or item to the Tribe if not offered for sale to patrons in the ordinary course of business. If the

complimentary service or item is provided to a patron by a third party on behalf of the Tribe, such service or item shall be recorded at the actual cost to the Tribe of having the third party provide such service or item. A log recording all such complimentary services shall be available for inspection by the State gaming agency in accordance with section 3(b) of this Compact.

(vi) No person shall be permitted to bear firearms of any kind into such gaming facilities except for officers of the State law enforcement agency and the Tribal law enforcement agency.

(vii) The Tribal operation shall maintain a closed circuit television system in accordance with the standards set forth in sections 6(2) and 6(3) of Appendix A, and shall not modify such standards without the agreement of the State gaming agency. The Tribal gaming operation shall provide the State gaming agency with copies of its floor plan and closed circuit television system and any modifications thereof for review by the State gaming agency. If the floor plan or closed circuit television system do not provide unobstructed camera views in accordance with such standards, the Tribal operation shall modify such floor plan or closed circuit television system in order to remedy such deficiency.

(viii) The Tribal operation shall maintain a cashier's cage in accordance with the standards set forth in section 7(3) of Appendix A, and shall not modify such

standards without the agreement of the State gaming agency. The State gaming agency may review cashier's cage security. If the cashier's cage does not comply with the security standards set forth in said Appendix, the Tribal operation shall modify its cashier's cage to remedy such deficiency.

(ix) The Tribal operation shall provide the State gaming agency with a description of its minimum requirements for supervisory staffing for each table gaming pit operated in its gaming facilities. In the event that the State gaming agency regards such supervisory staffing as inadequate to protect the integrity of the table games, the Tribal operation and State gaming agency shall promptly confer in good faith in an effort to reach agreement on supervisory staffing requirements. Upon written notice to the Tribal operation by the State gaming agency that agreement cannot be reached between the State gaming agency and the Tribal operation, the dispute shall be submitted to binding arbitration in accordance with the rules and procedures of the American Arbitration Association; both the Tribal operation and the State gaming agency shall submit their positions to the arbitrator within twenty days after receipt of such written notice, and the arbitrator shall render a binding decision within sixty days after receipt of the written notice.

SECTION 11. Standards of operation and management for pari-mutuel betting facilities.

(a) Adoption of standards of operation and management.

The Tribal gaming agency shall adopt standards of operation and management to govern all gaming operations utilizing the authority of the Tribe to operate pari-mutuel betting on racing, including off-track betting and simulcasting, as set forth in sections 9(a)(v) and 9(a)(vi) of this Compact. Such standards shall protect the public interest in the integrity of the gaming operations and shall reduce the dangers of unsuitable, unfair or illegal practices and methods and activities in the conduct of gaming. The initial standards of operation and management shall be those set forth in Appendix B until different standards are adopted by the Tribal gaming agency.

The Tribal gaming agency shall notify the State gaming agency of any revision of the standards of operation and management and shall either (i) certify that the revisions to the standards will have no material effect on the manner in which the standards protect the public interest in the integrity of the gaming operations and reduce the dangers of unsuitable, unfair or illegal practices and methods and activities in the conduct of gaming; or (ii) request the approval of the State gaming agency for such revised standards, which approval shall be deemed granted unless disapproved within sixty days of submission of the revised standards; the State gaming agency shall approve the revised standards upon

request unless it finds that they would have a material adverse impact on the public interest in the integrity of the gaming operations, and shall disapprove only such portions of any proposed revised standards which are determined to have a material adverse impact on such public interest, setting forth with specificity the reasons for such disapproval; any disapproval of revised standards by the State gaming agency shall be subject to review in the manner provided by the laws of the State for judicial review of final agency action of a State administrative agency.

(b) Calculation of required takeout. The Tribal operation conducting any form of pari-mutuel betting pursuant to this section shall distribute all sums deposited in any pari-mutuel program to the holders of winning tickets therein, less the takeout percentage which shall be no less than the minimum takeout percentage as determined in accordance with this sub-section plus one half of the breakage to the dime of the amount so retained. The minimum takeout percentage shall be:

(i) for pari-mutuel betting on horse racing, seventeen percent (or such other per cent as may be the gross takeout required under the laws of the State for licensees of the State conducting pari-mutuel betting on horse racing); less the maximum rate of tax imposed on the total amount of money wagered at horse racing events under the laws of the State.

(ii) for pari-mutuel off-track betting, seventeen per cent, or nineteen per cent with respect to the multiple

forms of wagering known as daily double, exacta and quinella, or twenty-five per cent with respect to the multiple forms of wagering on three or more animals; in each case less the maximum rate of tax imposed on the total amount of money wagered at any pari-mutuel horse racing under the laws of the State).

(c) Testing of equipment. The State gaming agency may perform such tests on totalisator equipment employed in the conduct of Tribal pari-mutuel wagering and any off-track betting computer system as it may reasonably require to verify the integrity and accuracy of such systems.

(d) Special pari-mutuel wagers. The Tribal gaming operations may, only with the approval of the State gaming agency, conduct special forms of pari-mutuel wagering at its off-track betting operations, in addition to those types of wagers described in sections 6, 7, and 58 through 62 of Appendix B. The State may test any computer hardware or software required for the operation of such special wagering and shall grant its approval so long as the special wager will be conducted in a manner which is honest, fair to the patrons, and amenable to regulatory oversight.

(e) Security procedures for audio-video signals. The Tribe shall consult with the State gaming agency regarding the adoption of security procedures for audio and video signals utilized in the operation of any off-track betting system and shall adopt security procedures substantially corresponding to those utilized by the State for corresponding types of audio

and video signals or such other procedures as may be adopted by the Tribal gaming agency and approved by the State gaming agency.

(f) Computer recording of wagering information. The totalisator equipment selected for use at the Tribe's pari-mutuel wagering operations shall be capable of generating a computer log of wagering activities in a form approved by the State gaming agency to enable the State gaming agency to provide computer verification of the accuracy and integrity of wagering activities.

(g) Betting limits to prevent manipulation. The Tribe shall reject any wager at a pari-mutuel wagering operation which, in the judgment of the Tribal gaming operation, is so large with respect to the size of any wagering pool as to enable an individual placing such wager to manipulate the wagering pool for unfair advantage over other patrons.

(h) Payment medium for wagers. All wagers at pari-mutuel windows of any Tribal gaming operation shall be in United States currency; provided, however, that nothing herein shall restrict the right of the Tribe to provide currency exchange or check cashing services, or cash advance facilities for use in conjunction with credit cards, within the gaming facility or on Gaming lands for the convenience of patrons.

SECTION 12. Standards of Operation and Management for Lottery Gaming.

(a) Adoption of standards of operation and management.

The Tribal gaming agency shall adopt standards of operation and management to govern all gaming operations utilizing the authority of the Tribe to conduct lottery gaming, as set forth in section 9(a)(iv) of this Compact. Such standards shall protect the public interest in the integrity of the gaming operations and shall reduce the dangers of unsuitable, unfair or illegal practices and methods and activities in the conduct of gaming. The initial standards of operation and management shall be those set forth in Appendix C until different standards are adopted by the Tribal gaming agency. The Tribal gaming agency shall notify the State gaming agency of any revision of the standards of operation and management and shall either (i) certify that the revisions to the standards will have no material effect on the manner in which the standards protect the public interest in the integrity of the gaming operations and reduce the dangers of unsuitable, unfair or illegal practices and methods and activities in the conduct of gaming; or (ii) request the approval of the State gaming agency for such revised standards, which approval shall be deemed granted unless disapproved within sixty days of submission of the revised standards; the State gaming agency shall approve the revised standards upon request unless it finds that they would have a material adverse impact on the public interest in the integrity of the gaming operations, and shall disapprove

only such portions of any proposed revised standards which are determined to have a material adverse impact on such public interest, setting forth with specificity the reasons for such disapproval; any disapproval of revised standards by the State gaming agency shall be subject to review in the manner provided by the laws of the State for judicial review of final agency action by a State administrative agency.

(b) Testing of certain lottery equipment. The Tribe shall engage an independent testing laboratory registered in accordance with this Compact to test tickets used in a Tribal lottery and shall provide copies of each report of such testing laboratory to the State gaming agency. The State gaming agency may perform such tests on any on-line computer system, drawing equipment, or tickets employed in the conduct of a Tribal lottery as it may reasonably require to verify the integrity and accuracy of such systems.

(c) Lottery drawing security procedures. The Tribe shall consult with the State gaming agency regarding the adoption of lottery drawing security procedures and shall adopt lottery drawing security procedures substantially corresponding to those utilized by the State for corresponding types of lottery drawings or such other procedures as may be adopted by the Tribal gaming agency and approved by the State gaming agency.

(d) Approval of annuity providers. The State gaming agency shall review the qualifications of any annuity provider selected by the Tribe in connection with the payment of any lottery prize in order to determine the financial

responsibility of such provider and the Tribe shall not employ such provider unless the State gaming agency determines that the provider meets standards of financial responsibility corresponding to those imposed by the State for similar purposes.

(e) Approval of lottery games. The Tribal gaming operation shall submit to the State gaming agency for its review each proposed new lottery game to be operated by the Tribe which is not substantially identical to corresponding games operated by the State and shall approve such game so long as the rules of the game and any software or hardware computer equipment, drawing equipment and lottery tickets required for operation of such game make it possible to operate such game in a manner which is honest, fair to patrons and amenable to regulatory oversight.

SECTION 13. Tribal Regulatory Authority in the Event That the State Declines to Exercise Jurisdiction.

(a) Default authority of Tribal gaming agency. In the event that the State gaming agency declines to exercise all or any portion of the authority vested in the State gaming agency pursuant to Sections 3(b), 7, 8, 10(a), 10(b), 11(a), 11(c), 11(d), 11(e), 11(f), 12(a), 12(b), 12(c), 12(d) or 12(e) of this Compact, or in any standards of operation and maintenance adopted in accordance with sections 10, 11 or 12 of this Compact, then the Tribal gaming agency shall exercise such authority and carry out the responsibilities set forth therein

including, without limitation, licensing of employees and registration of gaming service enterprises, until and unless the State gaming agency advises the Tribe in writing that it is prepared to exercise such authority.

(b) Default authority of Tribal law enforcement agency.

In the event that the State law enforcement agency declines to exercise the responsibilities vested in it pursuant to sections 5 and 6 of this Compact, then the Tribal law enforcement agency shall carry out such responsibilities at the request of the State gaming agency or the Tribal gaming agency, as the case may be, until and unless the State law enforcement agency agrees to exercise such responsibility.

(c) Default provisions for appeal or judicial review of State administrative actions. Whenever in this Compact it is provided that decisions of State administrative actions may be appealed to or subjected to judicial review in the courts of the State in the manner provided for appeal or judicial review of agency actions, if it is determined that such Court lacks jurisdiction to entertain such appeal or judicial review, then the action shall be subject to appeal to an arbitrator designated in accordance with the procedures of the American Arbitration Association. The procedures for such arbitration shall be governed by the rules of the American Arbitration Association. The arbitration shall be decided in accordance with the provisions of this Compact and, to the extent consistent with such provisions, in accordance with the principles generally applicable under Maine law to review of final administrative decisions subject to judicial review.

SECTION 14. Application of State Regulatory Standards.

(a) Health and safety standards. Tribal ordinances and regulations governing health and safety standards applicable to the gaming facilities shall be no less rigorous than standards generally imposed by the laws and regulations of the State and ordinances of the City of Calais relating to public facilities with regard to building, sanitary, and health standards and fire safety. The State gaming agency may require the Tribe to cooperate with any State agency or Calais city official generally responsible for enforcement of such health and safety standards in order to assure compliance with such standards.

(b) Regulation of alcoholic beverages. Service of alcoholic beverages within any gaming facility shall be subject to the laws and regulations of the State applicable to sale or distribution of alcoholic beverages except as otherwise provided in this Compact. The Tribal gaming operation shall be entitled to a hotel permit for the sale of liquor for gaming facilities which are contained in the same building as any hotel, or a restaurant or lounge permit for the sale of liquor for gaming facilities which are not contained in the same building as any hotel, or such equivalent permits as may from time to time be available to similar enterprises operated pursuant to the laws of the State. The price of any alcoholic beverage sold to a gaming customer in partial consideration for amounts wagered need not be billed by separate charge to the individual customer; provided, however, that the price of each such alcoholic beverage deemed sold to a gaming customer in

partial consideration for amounts wagered shall be no less than the price required for such sales pursuant to the laws of the State and shall be separately accounted for by the Tribal operation, and daily and monthly records shall be maintained with respect thereto and shall be available for inspection by the State gaming agency and by the State Liquor Commission, the Bureau of Alcoholic Beverages, or any successor State agency.

(c) Traffic standards. The Tribe shall provide access from any gaming facilities located on the Gaming lands onto public ways of the City of Calais or public highways of the State of Maine which are adequate to meet standards of the City of Calais or the State Department of Transportation, or shall enter into agreements with the City of Calais or the State Department of Transportation for the provision of such access by the City or State, including provisions for compensation by the Tribe of the costs incurred by the City or State in constructing such improvements to the public highways, including traffic control signals, as may be necessary. The State will cooperate with the Tribe in providing at the Tribe's expense such signage as is reasonable and appropriate in order to permit members of the traveling public to locate the Gaming lands from the major road approaches.

SECTION 15. Application of net revenues of Class III Gaming.

In accordance with the provisions of section 11(b)(2)(B) and 11(d)(1)(A)(ii) of the Act, 25 U.S.C. §§2710(b)(2)(B) and (d)(1)(A)(ii), the ordinances of the Tribe governing Class III

gaming activities on the Gaming lands shall provide that net revenues from any such gaming activities are not to be used for purposes other than:

- (a) to fund tribal government operations or programs;
- (b) to provide for the general welfare of the Indian tribe and its members;
- (c) to promote tribal economic development;
- (d) to donate to charitable organizations; or

(d) Subsequent negotiations. Nothing in this Compact shall be deemed to waive the right of the Tribe to request negotiations for a tribal-state compact with respect to a Class III gaming activity which is to be conducted on the Indian lands but is not permitted under the provisions of this

Compact, including forms of Class III gaming which were not permitted by the State for any purpose by any person, organization, or entity at the time this Compact was negotiated but are subsequently so permitted by the State, in accordance with 25 U.S.C. §2710(d)(3)(A); provided, however, that this sub-section shall not be deemed to authorize the Tribe to initiate a new request for negotiations regarding the terms of this Compact applicable to forms of gaming authorized by section 9 of this Compact, except to the extent that existing state law relating to such forms of gaming are changed or to the extent that the State voluntarily consents to such negotiations.

(e) Relation to Class II gaming. Nothing in this Compact shall be deemed to affect the operation by the Tribe of any Class II Gaming as defined in the Act, whether conducted within or without the gaming facilities.

(h) Preservation of Tribal self-government. Nothing in this Compact shall be deemed to authorize the State to regulate in any manner the government of the Tribe, including the Tribal gaming agency, or to interfere in any manner with the Tribe's selection of its governmental officers including members of the Tribal gaming agency. No licensing or registration requirement contemplated by this Compact shall be applicable to such officers with respect to their capacity as officers of the Tribe.

(i) Consultation upon revision of State regulations. Whenever the State adopts or revises any rule or regulation which corresponds to any provision of the Tribe's Standards of Operations and Management relating to the same type of gaming, the State gaming agency may notify the Tribal gaming agency that it requests analogous changes in such Standards.
