Educational and Cultural Services

APPENDIX*

REPORT BY INDIVIDUAL LEA OF LANGUAGE MINORITY STUDENTS

* To accompany Data Collection Report on Language Minority Children
October 1987

LC
3732
.M2
B3
1987
app.

APPENDIX
MINORITY LANGUAGE PROFILE BY SCHOOL SYSTEM

This section of the data collection report provides information relating to these categories for each school system in Maine.

- LEA:** A Local education agency refers to all approved schools in Maine, both public and private.
- RETURN:** LEA's may be listed as partial, full, or delinquent returns. Partial returns are those that have one or more grade levels for which home language surveys were not distributed during the 1986-87 academic year. LEA's who fully complied with requirements of the survey, K-12 are identified as having a full return. LEA's who failed to distribute the surveys at all grade levels have been identified as delinquent.
- LAU PLAN:** A structured program, beginning with the identification of native bilingual children and the subsequent assessment of those children for English fluency is a requirement imposed by federal civil rights laws (I.e. Lau vs. Nichols of 1974, EEO Act of 1974; Civil Rights Act of 1964). Children identified as Limited English Proficient must be served by a structured language program (e.g. bilingual education, English as a Second Language) to meet their English language deficiency needs. LEA's known to have a Lau plan in place for their LEP clientele are so identified.
- ENROLLED STUDENTS:** The number of home language surveys distributed in 1986 by the Maine Department of Educational and Cultural Services was based on actual enrollment data for each grade level.
- LAU RETURNS:** Actual returns of the home language surveys by children at each grade level is recorded as actual numerical and percentage returns (based on enrollments).
- NATIVE BILINGUALS:** Children whose parents reported the incidence of a language other than English in their homes were identified from the home language surveys as native bilinguals. These are the children who require further assessment to determine their level of English fluency. Native bilinguals enrolled in Grades 4, 8, and 11 in 1987-88 must be so identified on the grid sheet of the Maine Education Assessment for this year.
- KNOWN LEP:** Children who are natively bilingual and who have been assessed through a valid language assessment mechanism are determined to be either English fluent or limited English proficient (LEP). The Department of Educational and Cultural Services secured its data on LEP incidence through any of these mechanisms:

...more

- a. LEA request for help to serve particular LEP students during the period from 9/85 to 6/87
- b. LEA identification of refugee children under the 1987 refugee census of the Transition Program for Refugee Children
- c. A report of LEP incidence by the Department's office of Migrant Education
- d. A report of LEP incidence by the Department's Maine Education Assessment for 1985-87
- e. A report of LEP incidence by LEA's funded under E.S.E.A. Title VII
- f. Identification of LEP children served by individuals in attendance at Departmental conferences and institutes targeted for LEP children

It should be noted that the number of known LEP children in Maine identified in this report is an absolute minimum. Although all bilingual children are required to be tested for English proficiency, the number so tested is limited to those so identified in this report. Furthermore, whenever there were multiple sources of data on LEP children, the larger number of LEP children identified for a given grade level was listed, even though it is possible that, despite multiple sources, the number of all LEP children could have been added together.

All LEP children enrolled in Grades 4, 8, and 11 in 1987-88 must be so identified on the grid sheet of the Maine Educational Assessment.
