GUIDELINES FOR DATA USE

The Maine Office of Data, Research, and Vital Statistics requests that the following guidelines be followed in any further publication or release of data from this report:

- a) Any published material derived from the data should acknowledge the Maine Cooperative Health Manpower Resource Inventory, Office of Data, Research, and Vital Statistics, Maine Department of Health and Human Services, as the original source. It should also include a disclaimer which credits any further analyses, interpretations, or conclusions reached to the author, and not to the Office of Data, Research, and Vital Statistics.
- b) Recipients who wish to publish a technical description of the data should make a reasonable effort to insure that the description is consistent with that published by the Office.
- c) Suggested citation: McGrath, J., Maine Physicians 2004. Augusta, Maine Department of Health and Human Services, May, 2005.

ACKNOWLEDGMENTS

The statistical data presented in this report were collected as a cooperative effort by many individuals and groups. The Maine State Board of Licensure in Medicine and the Maine Board of Osteopathic Licensure cooperated in designing the survey forms on which this report is based and deserve special mention for their cooperation and assistance in collecting the data for this report. Data collection could not have been successful without the willingness of individual physicians to supply the information. Their cooperation is gratefully acknowledged.

Under the general guidance of Don Lemieux, Director of the Office of Data, Research, and Vital Statistics, and Marty Henson, Director, Survey Operations Unit, this report was produced by Joe McGrath, Health Manpower Coordinator. Mr. McGrath was responsible for the data entry of the surveys, development and maintenance of the data file, and for table production and editing.

INTRODUCTION

This report has been prepared as the eleventh in a series of reports which provide detailed profiles of physicians in Maine. The reports are comprised of detailed tabulations of Maine physicians and are designed to address the needs of health planners, educators, and researchers who require detailed information. Special purpose tabulations are prepared as needed in response to specific requests.

The data tables presented within this report are based upon inventories conducted throughout 2003 and 2004 (allopathic physicians) and January 2004 (osteopathic physicians).

The data supporting the compilation of tables found in this report as well as special tabulations are available for further analysis.

TECHNICAL NOTES

BACKGROUND: The Health Manpower component of the Cooperative Health Statistics System (CHSS) was implemented in Maine in 1976. This system, developed by the National Center for Health Statistics, included descriptive data on thirteen licensed health occupations including allopathic physicians, osteopathic physicians, and dentists. Since its inception, these data bases have been maintained and updated by the Office of Data, Research, and Vital Statistics, Maine Department of Health and Human Services.

In 1981, the National Center for Health Statistics withdrew funding for this system nationwide. As a result, data collection on most of the thirteen professions has been discontinued. In Maine, survey activities for physicians, dentists and dental hygienists have continued, utilizing funds from other sources.

DATA COLLECTION: Physician licensure is carried out by two separate, autonomous boards of licensure, the Board of Licensure in Medicine for allopaths, and the Board of Osteopathic Licensure for osteopaths with separate dates

for relicensure. Osteopathic physician health manpower surveys were conducted biennially through January 2004. While each physician licenses biennially, the renewals for allopaths are based on the physician's date of birth. In July 2004, osteopathic physicians were changed to this procedure as well. For all physicians, the Health Manpower Resource Inventory is enclosed with the relicensure application, mailed by the respective board 90 days prior to the relicensure date and returned to the board.

Survey information is provided by the licensee on a voluntary basis and is not, in general, further verified. Data in this report are thus subject to the usual limitations associated with the use of mail questionnaire data collection procedures.

The returned surveys are checked for accuracy; response rates are computed; and a follow-up is conducted either by mail or telephone. Survey responses are entered and a data base is created; data processing and report generation are carried out by the Cooperative Health Manpower Resource Inventory System.

TABULATIONS: Federally employed physicians who do not provide patient care outside a federal facility are not required to maintain an active Maine license; also, physicians participating in residency programs are not required to maintain a

Maine license. While some such individuals choose to maintain a license, many others do not. Only those physicians who are licensed in Maine are included in this report. In addition, a substantial number of physicians maintain Maine licenses even though they neither work nor live in Maine; these physicians are excluded from this data collection effort.

It should be noted that for osteopathic physicians, the relatively small number of active licensees may lead to small numbers of persons in specific tabulations and thus preclude meaningful analysis and comparison.

COMPARABILITY WITH EARLIER DATA: Tabulations presented in this report are based on edited files which have been corrected for missing and erroneous information which came to light during initial data compilation; there may be, therefore, some discrepancies with preliminary data published earlier. Data displayed in these early reports are superseded by the tabulations in the present document.

In 1980, all allopathic physicians who held valid Maine licenses were surveyed; this included more than 2,000 physicians who neither worked nor lived in Maine. Since 1982, only allopathic physicians who were living or working in Maine were surveyed. For that reason, some tables appearing in this publication contain different data than tables from reports

published prior to 1982.

Comparisons of 1998 data on patient care hours and specialty hours with the same data items from surveys conducted prior to 1982 also must be made with caution. Since 1982, on call hours have been collected as a separate item on physician surveys. Prior to this, many physicians reported on call hours in with patient care hours and specialty hours; others did not report on call hours in any category. Because of this difference in data collection for these items, tables displaying patient care hours (e.g., Table 5) often showed a decrease in patient care hours worked from 1980 to more recent years but an increase in hours worked per week in all activities (included on call hours).

Also, prior to 1982, physicians who reported more than one specialty were excluded from tables displaying hours worked by primary specialty. Since then, physician hours are shown under the reported primary specialty regardless of other specialties. In instances where hours were reported in more than one specialty, the total of hours worked in all specialties is displayed by the physician's primary specialty. Since 1980, only physicians with unreported hours are excluded from these tables.

RESPONSE RATES: Over-all in-state response rates of 97.0% for allopathic physicians and 93.7% for osteopathic physicians were obtained over the course of the 2004 data collection process, which included an initial mailing, two follow-up mailings, and telephone contact for survey non-response.

DEFINITIONS

GEOGRAPHIC AREAS: Tables in this report are presented by Maine's sixteen counties or for the state as a whole. As data are collected and stored at the town level, special reports can be produced by municipality or combinations of municipalities upon request.

AGE: Age is obtained from date of birth. The date of birth may be available for non-respondents from previous surveys or from the boards.

ACTIVITY STATUS: This category indicates whether the respondent considers himself/herself to be currently active as a physician. Active respondents are then asked number of weeks worked in the last year and number of hours worked in an average week. As definitions of full-time and part-time vary, the hours may be grouped to suit the desired definitions.

SPECIALTY: Physicians are asked to identify their specialty. This information is thus obtained through voluntary self-identification and self-assessment and does not imply board certification or board eligibility.

BOARD CERTIFIED SPECIALTY: Physicians are asked to identify their board certified specialty, if appropriate; they may report up to two. No effort is made to verify this information.

PRIMARY CARE SPECIALTIES: A primary care specialty is one of the following areas of practice: general practice, family practice, obstetrics, gynecology, internal medicine, and pediatrics.

*LICENSED, ACTIVE PROFESSIONALS WORKING IN MAINE WHO RESPONDED TO THE SURVEY.

NOTES: THE CALCULATION OF AVERAGE PATIENT CARE HOURS PER WEEK EXCLUDES 83 PHYSICIANS WITH UNKNOWN PATIENT CARE HOURS. SOME PHYSICIANS REPORT MORE THAN ONE SPECIALTY. AVERAGE PATIENT CARE HOURS PER WEEK IN THIS TABLE REPRESENTS THE AVERAGE OF ALL PATIENT CARE HOURS REPORTED BY PHYSICIANS WITH PRIMARY CARE AS A FIRST SPECIALTY; SOME OF THESE HOURS MAY REPRESENT TIME SPENT IN ANOTHER SPECIALTY AREA.

_____ hrs. f. Retail or wholesale trade
_____ hrs. g. Other (specify) _____

Of the hours listed in 11a above, how many were spent providing:

Preventative Medical Care (immunizations, etc) _____ hrs Patient Education? _____ hrs.

12. PROFESSIONAL SPECIALTY AND HOURS

Please indicate below your primary, secondary, and tertiary specialties along with the number of hours you spend per week in each specialty. NOTE: use only those hours indicated in 11a.

Specialty	Hours (Patient Care)
Primary _____	_____
Secondary _____	_____
Tertiary _____	_____

13. ARE YOU BOARD CERTIFIED? 1. Yes 2. No If YES, Please specify _____

14. REGARDLESS OF YOUR SPECIALTY, DO YOU DELIVER BABIES?

1. Yes 2. No If YES, approximately how many deliveries do you provide in a year _____

15. PRIMARY FORM OF EMPLOYMENT (check only one): Self Employed Employed by Another

IF SELF 11. solo practice or single owner business

12. partnership or group owned practice

IF OTHER 21. individual practitioner
22. retail or wholesale trade establishment
23. partnership or group of practitioners
24. group health plan facility
25. other nongovernmental employer (i.e. hospital, nursing home, school, business, etc)
31. local government (other than state or county)

32. county government
33. state government
34. federal government (civilian employee, community health center, or public health services)
35. federal government (armed services personnel)
36. National Health Service Corps
41. unpaid (voluntary) work
42. other (specify) _____

16. PRINCIPAL SETTING OF EMPLOYMENT (check only one)

11. hospital
12. nursing home, rest home, convalescent center
13. clinic, free-standing
14. group health plan facility
15. practitioner's office
16. community health center
17. health facility on military installation
18. V.A., Public Health, Indian Health, and other federal facilities
19. school or college of Allopathic or Osteopathic medicine or dentistry
20. school or college of nursing

21. university or college other than medicine, dentistry, or nursing
22. school or treatment center for the handicapped or disabled
23. elementary or high school
24. other schools
25. patient's homes
26. medical research institution or establishment
27. professional or allied health association
28. administrative or regulatory agency
29. manufacturing or industrial establishment
30. retail, wholesale, or trade establishment
31. other (specify) _____

17. DO YOU PROVIDE SERVICES TO HOSPITAL INPATIENTS? 1. Yes 2. No

18. APPROXIMATELY HOW MANY PATIENTS ARE THERE IN YOUR PRACTICE? _____

19. HOW MANY PATIENTS DO YOU SEE IN AN AVERAGE WEEK? _____

20. DOES YOUR PRACTICE USE ANY FORM OF ELECTRONIC MEDICAL RECORDS SOFTWARE?

1. Yes 2. No

21. DOES YOUR PRACTICE USE AN ELECTRONIC BILLING SYSTEM (EITHER IN HOUSE OR THROUGH A CONTRACTOR)? 1. Yes 2. No

22. ARE YOU ACCEPTING NEW PATIENTS? 1. Yes 2. No

23. DO YOU ACCEPT MEDICARE B (Title 18) ASSIGNMENTS? 1. Yes 2. No

24. DO YOU TREAT MAINECARE(Medicaid) PATIENTS? 1. Yes 2. No

If YES, what percentage of your practice is MaineCare? (indicate percent) _____
Do you limit the percent of MaineCare patients in your practice? 1. Yes 2. No

If NO, have you ever accepted MaineCare patients in your practice? 1. Yes 2. No
When did you discontinue accepting MaineCare patients in your practice? _____
Year
