Section 5 — “. . . and the yeas and nays of the Members of either House on any question, shall, at the desire of one-fifth of those present, be entered on the journals”

## FOREWORD

This is the first and last Roll Call Register of its kind.

It has been prepared for legislators, the news media and citizens interested in the recorded vote.

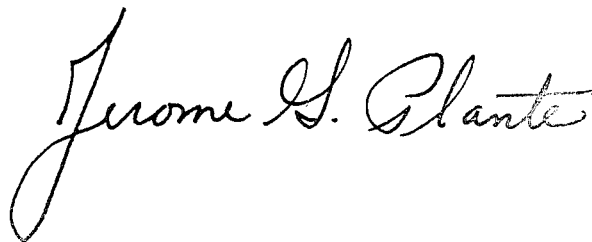

It came about because of numerous requests for complete roll call records of individual members. To assemble such records on a singular basis is very time consuming and costly. Accordingly, having a limited staff, it was felt that for service, efficiency and economies which could be realized, it would be in the best interest of all to have one composition available for all interested parties.

Beginning with the convening of the 103rd Legislature, the Clerk of the House will no longer "call the roll," instead, an electrical roll call system will record, in a fast and accurate manner, on permanent duplicate record cards, the vote of Representatives. In addition, the vote may be witnessed by those present upon two huge main indicator boards, automatically displaying final totals, silently and at high speed.

No such system as described above has been installed in the Senate for it was felt, because of the small membership (thirty-four), it would be too costly and would not materially reduce the length of Senate Sessions.

There are, currently, electrical roll call systems in thirty-four states (Maine included\*), seven of which have such units in both branches of the legislature. Also, the General Assembly of the United Nations has such apparatus.

Considering this project a necessary service and having charge of all the documents and papers of every kind confided to the care of the House, all recipients requiring further details need never hesitate to call upon this office for assistance.

Jerome G. Plante  
Clerk of the House

\* Maine has a choice of a purchase option agreement for one year (\$88,800) or the payment of installation cost (\$15,000) with a yearly rental arrangement (\$7,500) including maintenance and paper products.

## NOTES

### Senate Membership: 34

Most Senate Roll Calls tally 33.  
(This includes Absentees, Nays and Yeas)

When the President has voted it is so noted and the complete tally is then 34.

### House Membership: 151

Most House of Representatives Roll Calls tally 150.  
(This includes Absentees, Excused, Nays, Paired Votes and Yeas)

When the Speaker has voted his **name** has been set in bold face type.  
(His votes sometimes are recorded as **Speaker**) The complete tally is then 151.

When the Special Session convened four new members were elected to replace two members deceased and two members who had resigned.
