## Background

---

The Maine Medical Use of Marijuana Act was legislated in 2009 and the MMMP became operational in 2010. The Rules governing the program became effective September 17, 2013 and inform:

- Debilitating medical conditions for which the medical use of marijuana is authorized;
- Procedures for issuing a certificate of registration to a medical marijuana dispensary;
- Procedures for issuing registry identification cards to qualified patients, primary care givers, staff of hospice providers and nursing facilities;
- Requirements for dispensaries to obtain registry identification cards for their principal officers, board members and employees;
- Confidentiality requirements;
- Payment of fees; and
- Enforcement.

In accordance with M.R.S.A. 22, Chapter 588-C §2425 (10), The Maine Medical Use of Marijuana Act, the Department of Health and Human Services (DHHS), is required to submit to the Legislature an annual report that does not disclose any identifying information about cardholders or physicians, but does contain, at a minimum:

- The number of applications and renewals filed for registry identification cards;
- The number of qualifying patients and primary caregivers approved in each county;
- The number of medical providers providing written certifications for qualifying patients;
- The number of registered dispensaries;
- The number of principal officers, board members and employees of registered dispensaries;
- The number of registry cards revoked.

The data in this report reflect calendar year periods.
