Dear Senator Nutting and Representative Pieh:  
Dear Senator Marrache and Representative Patrick:

Pursuant to Title 8 of the Maine Revised Statutes Annotated, §§267.2 and 275.D.9, I am pleased to submit to you the Maine State Harness Racing Commission 2006 ANNUAL REPORT. Included in this report is the annual reporting on the effect of off-track betting facilities on the local economy and the integrity of live racing. I am incorporating the off-track betting information and the Maine Sires Stakes Program information as a cost-saving measure and to simplify the annual reporting process.

You will find the information on the off-track betting facilities in Part IV and the Sires Stakes in Part VI.

Respectfully submitted,

March 27, 2007

I would like to take this opportunity to thank all those individuals who have made outstanding contributions to the Maine harness racing industry this past year.

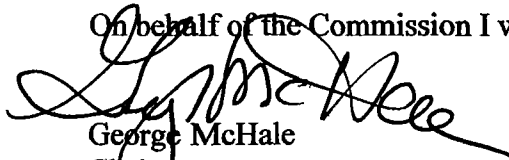

We have entered a "new age" of Maine racing and I look forward to working with the industry leaders to tighten our regulatory programs and improve the testing and detection programs.

The Bangor Racino operation is beginning to show its value to the racing industry with an infusion of dollars to every sector of this industry. This past year we saw an increase in the number of days and dashes raced and a corresponding increase in purses paid at each licensed racetrack. There was over \$3,100,000 generated for purses translating into an increase of 25% in the number of days raced; a 25% increase in the number of dashes contested; a 59% increase in purses paid; and, a 27% increase in the average purse paid. The agricultural fairs will share in over \$600,000; the sire stakes program received an additional \$956,000; the commercial racetracks shared over \$1,200,000; and, the off-track betting facilities received over \$600,000.

Additionally, money has been generated to fund the scholarship programs for the University of Maine and the Maine Community College Systems.

I look forward to working with our staff, industry leaders and the Department in making our racing the best in the Northeast.

On behalf of the Commission I wish everyone in our industry a very successful 2007.

March 27, 2006

First let me thank all those in our sport for making 2006 a very successful year. Unfortunately, we continue to experience slight drops in our handle as evidenced in 2006 with a decrease of 5.8%. Again in 2006 we lost live race days to adverse weather conditions. In 2006 we had an adequate horse supply that allowed all tracks to offer very good competitive racing. The industry continued to sponsor abbreviated series with great success. The credit for these Series goes to the Promotional Board and the hosting tracks. I applaud this effort for it exhibited that the industry does work together to better itself using its own dollars.

The operation of Hollywood Slots in Bangor did what was expected when the citizen initiative was adopted in 2003 and the Legislature approved the reworded language in 2004. There was an increase in the number of days and dashes approved by the Commission for 2006. There was an increase in the purses paid for over night events and the Sire Stakes Program. Further, the off-track betting facilities, commercial tracks and agricultural fairs benefited from the dollars generated at the new facility. Overall, there was \$7,012,420.09 forwarded to the State for distribution to the various Funds from a total of \$564,246,122.97 being put through the machines during calendar year 2006.

As the increase in funding for the various licensed entities continues to grow we must be ever vigilant in our efforts to protect the integrity of this great sport. The major effort of this office will be to push for additional dollars to increase our testing capabilities and to provide greater oversight of the industry.

I would like to thank the Department's leaders, Commissioner Seth H. Bradstreet, III and Edwin R. Porter, the Commission members, my staff, and all those in our industry for the support, patience and participation in our great sport. This coming year we will be faced with new challenges; yet, with our ongoing cooperative spirit we will be able to face those challenges and strengthen our industry.

  
Henry W. Jackson  
Executive Director

## **DUTIES OF THE COMMISSION**

The Maine Harness Racing Commission was created by the Maine legislature to exercise and maintain a proper control over harness racing in Maine for the good of the sport and all persons involved in it and for the good of the state. The Commission's duties include building public trust and maintaining a high level of integrity in all aspects of harness racing.

The Commission is empowered by the State of Maine to establish and enforce rules of conduct for harness horse races, race tracks, wagering and off-track betting. The Commission is required by law to protect the health, safety and welfare of all race participants, of standardbred horses, of spectators and the wagering public.

The work is the basis for the betterment and promotion of harness racing in Maine and for the continued development of Maine's standardbred horses program.

The Commission derives its statutory authority from Maine's harness Racing Laws, contained in Title 8, Chapter 11 of the Maine Revised Statutes. The Commission's principal responsibilities include oversight of harness racing, simulcast racing and off-track betting and support of the Maine standardbred horse program.

To accomplish these responsibilities, the Commission has licensing, enforcement and supervisory authority and the duty to establish rules of conduct for the holding, conducting and operating of race tracks on which any such race or meet is held and for the conduct on the race track of all persons participating in harness horse racing [8 MRSA & 268 and 279-A].

The Commission may license any person, association or corporation desiring to hold a harness horse race or meet for public exhibition, including the issuance of race dates (with or without pari-mutuel pools); interstate simulcast racing at a licensee's track during any regular meeting; pari-mutuel wagering at an off-track betting facility; and owners, trainers, drivers, grooms and all other persons participating in harness horse racing, including pari-mutuel employees and race officials. [8MRSA & 268, 269, 270, 271, 274-A & 279-A].

The Commission has the power and authority to regulate, supervise and check the making of pari-mutuel pools and the distribution therefrom; to investigate the ownership and control of any licensee; to investigate any suspected violations of the law or rules; and to supervise and regulate all medication administered to horses entered to race. [8 MRSA & 279-B].

The Commission is authorized to establish a schedule of fines and suspensions and to levy fines and suspensions for violations of the harness racing laws or rules. [8 MRSA & 279-B].

The Commission also has the responsibility to encourage and promote the breeding of a strain of Maine standardbred horses and make provision to encourage donations of the same by licensees or others to persons or institutions within the State for breeding purposes. The Commission has the authority to establish fees and maintain a fund, the Sire Stakes Fund, for establishment of a Maine Standardbred horses program. [8 MRSA & 281].

## The Commission Members

The Maine Harness Racing Commission consists of five members appointed by the governor to provide broad geographic representation. The appointments are subject to review by the Joint Standing Committee on Agriculture and to confirmation by the Maine State Senate.

One of the Commission's members is appointed as Chair. The members serve three-year terms, but they remain in their posts until their successors are appointed. One must be affiliated with an agricultural fair. Three members must have knowledge of harness racing.

People appointed to fill any vacancies that occur serve for the remainder of the unexpired term of the vacancy.

The 2006 members of the Commission pictured below have accompanying brief biographies:

*George McHale of Orrington, Chair*

*Anne Jordan of South Portland*

*Norman Trask of Presque Isle*

*James Tracy of Farmingdale*

*Stan Kuklinski of Farmington*

***George McHale of Orrington, Chair***

Mr. McHale, originally from New York, started his stellar broadcasting career in the Navy during the Korean War. Following training in New York, he accepted positions in Bangor, ME, becoming the "Voice" of the University of Maine Black Bears in football, baseball, and basketball. In addition, he has covered high school sporting events from one end of the state to the other, always lending his trusted voice of authority at "Tourney Time." His awards include being a member of the Maine Broadcasters' Hall of Fame and Maine Sportscaster of the Year twice. He has been a fixture of the harness racing community for more than 20 years, "calling" races and acting as Chair of the Maine Harness Racing Commission for nine years prior to this present appointment. His term will expire in 2007.

***James Tracy of Farmingdale***

Mr. Tracy graduated from Gardiner High School in 1955. He has worked in the banking industry for over 36 years. He has been the Treasurer of Windsor Fair for 16 years and has been instrumental in the development of Windsor Fair, serving in a variety of capacities over the past 36 years. His term will expire in 2007.

***Norman Trask of Presque Isle***

Mr. Trask graduated from Maranacook Community School in 1981, from the University of Maine, Presque Isle in 1985, and the University of Maine Law School in Portland in 1988. Mr. Trask has a law practice in Presque Isle and has been active in harness racing for over a decade. His term expired in 2005.

***Stan Kuklinski of Farmington***

Mr. Kuklinski graduated from high school in Utica, New York in 1958 and attended Utica College. Mr. Kuklinski comes from three generations of dairy farmers, has owned a horse stable in Farmington, and has participated in harness racing as an owner and breeder. He is currently a developer and builder in the greater Farmington area, is a life-certified tennis professional, and assists people in this sporting area whenever time permits. His term will expire in 2009.

***Anne Jordan of South Portland***

Ms. Jordan graduated from Kennebunk High School in 1977, the University of Southern Maine in 1981, and the University of Maine Law School in 1984. Ms. Jordan served as an assistant district attorney from 1984 to 1990, after which she entered private practice. She is currently the chair of the State of Maine Pardons' Board and Vice-Chair of the Animal Welfare Board. Her term will expire in 2006.

## **The Commission Staff**

The Maine Harness Racing Commission is represented in its Augusta office and in the field by a well qualified, hard-working staff of employees and contractors. These people are the key to the success of harness racing in Maine. They conduct the Commission's daily business, perform tests at tracks, oversee races and the implementation of harness racing rules, among other duties. The Commission extends its thanks to them for an excellent year in 2006.

## **MEETINGS OF THE COMMISSION**

The Commission is required by statute to meet at least monthly. Three of the five members of the Commission constitute a quorum to do business. A record is kept of all proceedings of the Commission.

A majority of the Commission meetings involve hearings on violations of the medication or banned substances rules and hearings of appeals from judges; decisions regarding racing violations. The Chair of the Commission, acting as a sole hearing authority, conducts hearings on minor violations of the rules. The remainder of the Commission's meetings are used for rule-making activities and for licensing issues.

Although only twelve monthly meetings are required by statute, the Commission has found it necessary to hold several meetings each month in order to meet the expanding work load. Increasingly complex adjudicatory hearings, licensing hearings, both for live racing and for off-track betting facilities, and rule making have created a demanding work schedule for the Commission. The Commission met a total of 16 times during calendar year 2006.

The majority of the Commission meetings are held in Augusta, either at the State Office Building or at another location by announcement. Occasionally the Commission will meet in Scarborough or in Bangor to facilitate attendance of people from those areas who might otherwise not be able to attend Commission meetings.

A published agenda of all Commission meetings is available ten days prior to each meeting. You may obtain a copy by contacting the Commission office in Augusta or by requesting to be placed on the agenda mailing list.

### **Commission Offices**

The Commission is required by statute to maintain an office in Augusta. During the time in which racing is conducted in the state, the Commission is authorized to maintain branch offices throughout the state.

The Commission office in Augusta is located in the Deering Building, Rooms 228 and 229. The Deering Building is in the State House AMHI complex on Hospital Street. The phone number is (207) 287-3221. Fax: (207) 287-5576

## Rulemaking

The Commission is authorized by statute to promulgate the rules necessary to carry out and enforce Maine's harness racing laws. In addition it has authority to establish rules of practice governing the conduct of adjudicatory proceedings, licensing proceedings and the rendering of advisory rulings. Agency rule-making is governed by the Maine Administrative Procedures Act found in Title 5, Chapter 375 of the Maine Harness Racing Commission rule book.

Maine law requires that the Commission "provide a booklet containing harness racing laws and rules and relevant portions of the Maine Administrative Procedure Act to every initial licensee and a fee not to exceed \$10.00 must be included in the license fee to cover the cost of this publication.

The Commission shall provide necessary revisions of this booklet to those persons renewing licenses at the time of renewal and shall include the cost of revisions, not to exceed \$10.00, in the renewal fee."

Commission rulemaking in 2001 resulted in the publishing of a new rule book in July of 2002. The Commission continually updates rules to meet the needs of the industry. In 2007, the Commission will focus on updating rules concerning the Sires Stakes and rules of racing.

The Commission acknowledges the support and contributions of the many members of the harness racing community as well as the public and offers thanks for their assistance.

## GRANTING LICENSES AND AWARDING RACE DATES

The Commission is authorized to issue annual licenses to any person, association or corporation desiring to hold a harness horse race or meet for public exhibition, including the issuance of race dates pari-mutuel pools; interstate simulcast racing at a licensee's race track during any regular meeting; pari-mutuel wagering at an off-track betting facility; and owners, trainers, drivers, grooms and all other persons participating in harness horse racing, including pari-mutuel employees and race officials.

During the 2006 racing year, live race days were awarded in every month of the year except January and February as follows:

## Medication/Testing Program

### *Urine and Blood Program*

Test samples were analyzed by the State of Maine Health & Environmental Testing Laboratory located in Augusta, Maine. In some cases the State Lab has used the Maryland Public Health Laboratory, Cornell University Laboratory and the American Medical Association Laboratory to supplement testing of urine samples and/or to accommodate split samples requests by licensees.

Each blood and urine sample received by the laboratory is screened by specialized tests to comply with the ARCI-QAP guidelines for drug detection. These tests include specific extraction procedures, Thin Layer Chromatography (TLC), and Enzyme-Linked Immunosorbent Assays (ELISA).

If screening tests indicate the presence of a drug or unknown foreign substance in a sample, additional specialized testing is performed on that individual sample to prove or disprove the initial findings. All findings are unequivocally confirmed by the use of such techniques as Gas Chromatography, Mass Spectrometry as well as High Pressure Liquid Chromatography (HPLC).

Maine allows the use of phenylbutazone (bute) and furosemide (lasix) in horses under direction of the Controlled Medication Program. The laboratory monitors these two drugs in all equine samples received.

During the 2006 racing year, 2,445 equine urine samples and 358 blood samples were taken. Of the total 2,803 tests taken, 14 were in violation of the Commission's rules.

Also in the 2006 racing year, 181 human urine samples were taken. Of the total tests taken, 4 samples were found to be positive.

### ***EPO Program***

In 2006, the Commission requested the staff to test for Erythropoietin (EPO). This procedure requires taking blood from the horses at the tracks, refrigerating the blood, and transferring it to the Health Environmental Testing Laboratory for analysis.

In 2006, the EPO program tested 4,016 horses. All of the horses were within acceptable limits.

### ***Blood Gas Program***

The Blood Gas Testing Program was established in 1993 at the request of the Commission. The program requires taking blood from the horses at various tracks, refrigerating the blood, and transferring it to the Health Environmental Testing laboratory for analysis.

In 2006, the blood gas testing results indicated the following: of the 4,517 horses tested, 4,513 tested within acceptable limits, 4 horses tested positive for violation of a prohibited substance.

### ***Controlled Medication Program***

The Controlled Medication Program was established in 1992 by statute and allows tolerances for horses who use phenylbutazone and lasix. The program is an on site program and is under the direction of the Commission veterinarian.

The above funds are collected in the Harness Racing Commission office and are deposited in the appropriate accounts in compliance with 8 RSA, Section 286.

General Fund monies are used to support the activities of the Commission. The amounts credited to the General Fund from wagers that exceed \$35 million are credited to the Commercial Meet Stipend Fund. Seventy-two (72) percent of these funds are distributed to the licensed commercial tracks in proportion to the live wagers placed at their facility to the total wagers placed at all commercial licensees. One-half of the amounts are used to supplement purses and the other one-half is used to reimburse facilities for capital expenditures approved by the Commission. Ten percent is retained in the General Fund; nine percent is transferred to the Sire Stakes Fund; and, nine percent is transferred to the Agricultural Fair Stipend Fund.

Agricultural Fair Stipend Fund monies are distributed to those fairs licensed by the Department in accordance with 7 MRSA, Section 62.

Extended Meet Stipend Fund monies come from the Agricultural Fair Stipend Fund. Eighty (80) percent of any funds that exceed the \$400,000.00 cap are distributed to those licensed tracks that conduct a race meet not in conjunction with an agricultural fair. The distribution is based on the proportion of a track's live wagers to the total live wagers made at all extended meets.

Depositing five (5) percent of those monies credited to the General Fund creates the Fair Stipend Fund, which is used to supplement premiums paid by agricultural fairs during their annual exhibition.

Sire Stakes Fund monies are used to support purses for the Maine Standardbred Breeders Stakes races, to promote the Sire Stakes Program and to cover management expenses.

Promotional Board Fund monies are used to support the activities of the Maine Harness Racing Promotional Board. This organization is an independent instrumentality of the State which hires its own executive director and is responsible for its own budget.

Purse Supplement Fund monies are used to supplement purses at all licensed live racing facilities. The funds are distributed based on the number of days raced by a licensee in proportion to the total number of days raced by all licensees.

Off Track Betting Simulcast Fund monies are distributed to those licensed commercial and agricultural fairs that provide a signal of their races to Maine's licensed off track betting facilities. The funds are distributed based on a licensee's exotic wagers at the off track betting facilities in proportion to the total of all licensees' exotic wagers at the off track betting facilities.

**OFF TRACK BETTING REPORT**

In 1991 the Maine Legislature enacted legislation that allowed Commercial Tracks licensed by the Maine Harness Racing Commission to apply for and be licensed to operate Off Track Betting Facilities. In 1993 the Maine Legislature amended the statutes to allow Class A Restaurants to apply for and be licensed by the Maine Harness Racing Commission to operate Off Track Betting Facilities. That year there were three applicants that were awarded licenses to operate Off Track Betting Facilities.

Through February, 1996 there were a total of seven successful applicants to operate Off Track Betting Facilities: John Martin’s Manor, Waterville; Spare Time Recreation, Lewiston; Champs Teletheatre, Presque Isle; Miller’s Restaurant, Bangor; Jackie’s Bar and Grill, Madawaska; Sagtuck, Inc. DBA Winner’s OTB, Brunswick; and, Bath House of Pizza and Seafood Restaurant DBA Lower Deck OTB, Bath.

In 2006 there were four (4) OTBs licensed to operate in Maine: John Martin’s Manor, Waterville; Lewiston Raceway, Lewiston; Sagtuck Inc. DBA Winner’s OTB, Brunswick; and, OTB Facilitators LLC, Sanford. Millers Restaurant OTB was sold to Bangor historic Track, Inc. in 2005 and operated as both an interstate simulcasting and Off Track Betting facility. Bangor Historic Track Inc. applied for and received authorization to operate as an inter-track wagering facility providing full card simulcasting at the racetrack.

The total interstate wagering handle recorded by the OTBs in 2006 was \$24,990,894 or a 25.1% decrease from 2005. The total intrastate wagering handle recorded by the OTBs was 1,014,283 or a 4.6% decrease from 2005. The individual wagering information can be found in Part IV, ANNUAL REPORT of the Maine Harness Racing Commission. The revenues to the various Funds from these wagers are as follows:

	<u>INTRA</u>	<u>INTER</u>
General Fund	\$19,880.44	\$ 417,353.06
Agricultural Fair Stipend	11,907.57	262,299.70
Sire Stakes Program	11,331.26	236,999.47
Promotional Board	2,535.78	55,860.04
Fair Stipend Fund	1,046.35	21,965.95
Purse Supplement	0.00	754,969.84
Off Track Betting Simulcast	0.00	751,054.49

The Off Track Betting Facilities’ share of the total handle is 44.80%. This is a decrease of 9.3% from the OTB share in 2005. This decrease is the result of the change in ownership of Miller’s Restaurant and Bangor Raceway operating as an inter-track wagering facility for calendar year 2006.

## PROMOTIONAL BOARD REPORT

Activities for 2006

## **HARNESS RACING PROMOTIONAL BOARD**

### **ORIGIN OF THE BOARD**

The Harness Racing Promotional Board was established in 1993 under Public Law Chapter 388 and later changed in 1997 by Public Law Chapter 528 to promote harness racing activities and increase participation in racing and wagering in the State of Maine.

The Board is comprised of nine members and two alternates, appointed by the Commissioner of Agriculture. These members represent various components of the industry, and terms are staggered for historic retention. Two members represent the Standardbred Breeders, one member serves as a representative from Scarborough Downs, and one represents Bangor Raceway. The harness horsemen, the agricultural fairs, and the off-track betting parlors each have a representative, and two members represent the interested public. Two alternates are also appointed on an annual basis, and they attend and participate in discussions and business decisions of the Board.

### **ACTIVITIES OF THE BOARD IN 2006**

In 2006, the Board once again operated with oversight assistance from the Department of Agriculture and extensive participation by the Board members to carry out various promotion programs. The Department assisted with transportation and setup of our displays, prepared new and up-to-date photos of live racing activities, copied and prepared some old time photos for our use, and generally acted as an extra hand for our promotions.

Television advertising was again the choice of the Board for their major promotion project, and this was carried out through various television networks. Advertising of live harness racing at the commercial tracks and the pari-mutuel fairs was updated as the season progressed, and the 2- and 3-year-old Maine Breeder's Stakes races were promoted. This year included the richest day of racing ever seen in Maine, which was the 3-year-old finals held at Scarborough Downs.

Realizing that funds available for their promotion efforts has declined over the years, the Board decided to make some definite changes in their plans for the year, and they adjusted their budget to reflect these changes.

In January of 2006, the Board was again a participant at the Northeast Horsemen's Conference and the Maine Agricultural show at the Augusta Civic Center. Hundreds of people attend these shows, and the public's interest in the horse industry in Maine continues to grow. Board members who manned the booths answered numerous questions concerning the racino in Bangor and whether or not it was helping the industry and farms, as well as questions concerning the agricultural fairs and upcoming Promotional Board ideas for increasing the awareness of the value of the racing industry in Maine.

The Board again staffed a booth at the annual meeting of the Maine Association of Agricultural Fairs, which is held at the end of January in Portland. Both the pari-mutuel fairs and the non-pari-mutuel fairs benefit from the stipend funds provided from our industry, and this year the racino in Bangor provided additional funds for both horsemen's purses and the agricultural fairs.

During the Legislative Day at the State House, members manned a booth and distributed information including written materials to members of the Legislature, the employees, and many others. The Board answered inquiries and discussed legislation and other developments that were of interest to those attending.

The Board provided start-up money to one fair to aid them with sponsoring a racing series. The Board again contributed up to \$45 per day for an individual to submit to newspapers the entries and results for the racing programs for the fairs this year, enabling more newspapers to cover the live racing programs than ever before. This continues to be a plus for live racing and its fans.

The Board provided 15,000 calendars for 2006 for distribution to the public. These calendars contain photos promoting the Standardbred horse. They were handed out by Board members at various trade shows and fairs, and supplies were made available to town offices, stores, etc., that are visited by the public. The calendars are a popular item, as they contain racing dates, fair dates, and other pertinent information.

For the first time, the Board contracted with the *Bangor Daily News* to prepare a tabloid insert with stories and advertising about the harness racing industry in Maine. Distributed statewide in daily newspapers, the tabloids announced the "Open Farm Day" and invited the public to attend any of the 11 locations from southern Maine to the County.

Hundreds people turned out to enjoy a day at the farm or track. Guests were treated to tours of the farms, to petting the mares and their foals, and receiving educational explanations of the day-to-day work , expense, and training required in raising these animal athletes. Refreshments, door prizes, and handouts were provided by the Board; Board members were on hand to assist the owners and to participate in this day of fun.

The “Open Farm Day” was such a success with the public, with local newspapers, and with television coverage that the Board will again sponsor a day in October, 2007, with even more farms expressing interest in participating.

The Board also contracted for advertising in the 2007 issue of “Maine Invites You,” a publication that promotes Maine and reaches thousands of individuals.

We have assisted with financial aid to provide statistics, support, and input of interest to the racing community. We contribute prizes to horsemen’s organizations to aid their scholarship fundraising efforts. We have continued with our “Fun to the Finish” logo and our “Winnie” costume exploits.

The changes facing harness racing seem to be never ending. With patience, cooperation of the various players in this industry, and the support of loyal fans and the public, we think the future looks brighter for harness racing in Maine.

## **RACINO FUND REPORT**

**Distribution of Funds Generated at Hollywood Slots**

**Agricultural Fair Support Fund**

**Agricultural Fair Support Fund Purse Supplement**

**Racino Distribution Purse Supplement**

**Racino Distribution Commercial Track Support**

**Racino Distribution O.T.B. Stabilization Fund**

On November 4, 2005, Penn National Gaming, Inc./Bangor Historic Track, Inc., opened Hollywood Slots to the public, with calendar year 2006 being its first full year of operation. The success of the operation can be readily seen in the amount played at the racino in 2006 and the impact on the purses paid, revenues to the agricultural fairs, increased purse structure for the Sires Stakes Program, and the benefits to the commercial tracks and off-track betting facilities.

The racino did much better than expected, recording \$564,246,122.97 being played in the 475 machines licensed to operate at the facility. The amounts generated for the various funds can be found following this narrative report.

The Legislature amended the original enacted language in early 2006 to allow the distribution of the Purse Supplement Funds to licensed racing facilities based on the number of dashes awarded to each licensed facility in proportion to the total number of dashes awarded to all licensed facilities. Further, the disbursements were to be made each quarter of the calendar year with the final payment in January being the adjusting payment based on actual dashes raced during the calendar year.

The racino facility is located in the former Miller's Restaurant on Main Street in Bangor, approximately 2,000 feet from the racetrack. Penn National Gaming, Inc., is in the process of building a new facility across the street from Bass Park, the land once occupied by Holiday Inn and the Bangor Motor Inn. The new facility will house up to 1,500 machines, restaurants, entertainment facilities, and an off-track wagering facility. Additionally, the complex will provide a parking garage with 1,500 parking spaces and a hotel.

We wish Hollywood Slots at Bangor the very best of luck in the coming years.

The 2006 Annual Report of the Maine Sire Stakes Program consists of a narrative overview, financial information, purses paid, statistical information of the eligible participants, and final point standings.

For the past few years, I have assigned the on site operation of the sire stakes program to Ralph Canney, Program Manager for Live Racing Activities. I have first hand knowledge that it is not easy to ensure the rules are fairly and properly interpreted as to the eligibility of horses participating in the Maine Sire Stakes Program. Further, it is an ongoing job of tracking the changes in ownership, trainers or partnerships formed throughout the racing season. Ralph traveled to each racing venue to provide continuity to the drawing of the Sire Stakes races and did an excellent job in keeping the racing officials aware of those changes. I wish to thank Ralph and those who assisted him for doing an excellent job in 2006.

In my opinion the 2006 stakes program was very successful. Again the numbers did not reflect the enthusiasm exhibited by the owners and our racing fans. However, the purse structure certainly made those participating extremely happy. The purses went from \$800,000+ to over \$1.6 million. Additionally, another \$128,000 was distributed in 2007 from the surplus of money generated from the slots at Hollywood Slots in Bangor.

The number of non-betting races remained about the same as the previous year. We experienced a decrease, again, in the wagering handle for 2006. It was a slight dip; however, any loss of wagers affects all harness racing programs. Our program continues to be showcased throughout Maine via the four Off Track Betting establishments and the two commercial racetracks that offer full card simulcasting, Bangor Raceway and Scarborough Downs.

As in years past, the Sire Stakes Advisory Committee recommended to the Commission that entrants to sire stakes events be tested to determine if any prohibited substances had been administered. The Committee recommended, and the Commission approved, that up to \$10,000.00 be made available to defray the costs of testing for the prohibited substances.

A special thank you goes to each track for hosting and making an effort to promote and provide assistance to showcase our program. Special thanks go to the breeders, owners, Advisory Committee and the MSBOA Board of Directors for all the support and help given us in carrying out our responsibilities.

I look forward to working with all of you in the future and hope we continue to make the program better. On behalf of the Commission and the Department I wish each of you success and good racing in 2007.
