STATE OF MAINE

ONE HUNDRED AND ELEVENTH LEGISLATURE FIRST REGULAR SESSION

JOINT STANDING COMMITTEE ON

Health & Institutional Services

BILL SUMMARY

JULY, 1983

Prepared by:

Christine Holden, Legislative Assistant Health & Institutional Services Committee

Office of Legislative Assistants
State House, Station 13 Augusta, Maine 04333
(207) 289-2486

Opposition came from insurance companies, who felt the measure was anti-consumer and anti-competitive. They particularly objected to the use of "prevailing rates," and efforts to meet this concern were a major focus of the Committee.

631 AN ACT TO PRCHIBIT HOSPITAL Sen. Dow LV/WD
SERVICES PRICE DISCRIMINA- HSE ACCPT LV/WD
TION SEN ACCPT LV/WD

SUMMARY: The bill's intent was to provide equity among non-governmental payors of health care costs. It prohibited hospitals from making contracts with 3rd party payors which were anti-competitive, or which discriminated in price because of different payment methods or services of a 3rd party payor.

The bill was considered together with the other bills on hospital costs, IDs 1174 and 1353; the Committee and some of the other interested parties felt the resulting compromise bill, ID 1737, addressed the equity among payors issue satisfactorily, at least for the present.

AN ACT TO PERMIT THE USE OF Sen. Dutremble LV/WD
THE DRUG DIMETHYL SULFOXIDE HSE ACCPT LV/WD
FOR HUMAN CONSUMPTION SEN ACCPT LV/WD

SUMMARY: This bill was identical to LD 1147, submitted in 1981. It allowed physicians to administer DMSO to their patients, or to prescribe it for them. It also allowed pharmacists to sell DMSO to customers who had a written order or prescription from their physician.

The sponsor requested Leave to Withdraw at the public hearing.

AN ACT RELATING TO ACCOUNTING Sen. Gill LV/WD
PROCEDURES FOR THE EARLY AND
PERIODIC SCREENING, DIAGNOSIS
AND TREATMENT PROGRAMS

LV/WD
SEN ACCPT LV/WD

SUMMARY: The bill would have required the Department of Human Services to return to a previous accounting system for payments to agencies providing EPSDT programs. Agencies felt the newer system was more time-consuming and expensive for them.

The Department of Human Services felt that the problem was not shared by all agencies, and they worked out a compromise of a new rule permitting agencies which wished an exemption from the new accounting principles to submit a request for one. The agencies and sponsors then agreed to withdraw the bill.
