projects up to 10% above the \$35 million debt service limit, but it retained the \$35 million cap on final approval for funding. Those given initial approval under the 10% rule but not given final funding would be placed at the top of the priority listing for the following year. The effect of the amended bill would be to guarantee that the state approved projects up to the full \$35 million limit each year., It would also assure that those projects which just missed being funded in one year would be guaranteed funding in the following year.
