SUMMARY:

As amended, retains the warning requirement for public drinking in any public place, but provides that the warning may be given in either of 2 ways:

1. The warning may be supplied by a law enforcement officer personally forbidding the person from drinking in public, as the current law requires; or
2. As added here, within a municipality the warning may be supplied by the conspicuous posting of a notice forbidding drinking in the public place. The posted notice will not be an effective warning unless the person is drinking within 150 feet of the notice. This provision does not apply to state property.
