SUMMARY:

This bill includes the provisions originally contained in LD 805 and 430 as modified. Part A establishes the amounts of the municipal cost components to be used for calculating property taxes in the unorganized territory for 1985. In doing so, it provides that funding for the Land Use Regulation Commission should be allocated to the General Fund. It also provides funds for repair of the Brookton School in Washington County.

Part B provides for equal treatment of the unorganized territory with regard to reimbursement for general assistance and property tax exemptions and with regard to municipal revenue sharing and payments to municipalities where state owned facilities are located.

Part C establishes a position of administrator of the unorganized territory to oversee the budgets and financing of services provided through property taxes in the unorganized territory and reorganizes several provisions of current law to account for this new position and to make the administration of taxes more similar to the administration of property taxes in municipalities. The administrator is located within the Department of Audit and makes recommendations to the Legislature.
