ONTP

Sponsor: CROWLEY, Brown, L., Mitchell, Rice
Committee Report: ONTP, OTP

SUMMARY: Heldover from the First Regular Session of the 112th Legislature. The bill proposed an amendment to the Atlantic States Marine Fisheries Compact. The primary purpose of the amendment was to establish independent rule-making authority for the Compact. The value of this would have been to streamline the administration of fisheries conservation measures adopted under Compact authority. The amendment further proposed a system of cross-deputizing law enforcement personnel among member states and the federal government. The majority of the committee reported the the bill "ought not to pass" because of concern over the independent rule-making authority.
