and school size. A rule adopted by the Commissioner and the Board in 1985 regulating student-teacher ratios was criticized as being too restrictive and costly for school units to comply with. In early 1986, a more flexible rule was proposed for adoption by the Commissioner and Board. That rule will be subject to the public hearing and other rule-making requirements and should be in effect by this summer. In light of the proposed new rule, Leave To Withdraw was granted to the bill.

AN ACT TO DEFINE ELIGIBILITY FOR SCHOOL
PURPOSES AND TO DETERMINE FINANCIAL
RESPONSIBILITY FOR EDUCATION, CARE AND
TREATMENT OF STATE AGENCY CLIENTS

PL 1985
c. 789

Sponsor: Appropriations Committee Study
Committee Report: OTP-A

SUMMARY: The bill addresses the issue of assigning responsibility for the payment of services for handicapped students who need residential placements. It provides a definition of "residential placement" and "state agency client" and assigns responsibility for paying the cost of residential placements. The Department of Educational and Cultural Services pays 100% of the special education costs in the year of allocation. In the first year, 75% of the costs can be included in the State's share of the School Finance Act. This percent will decrease 15% percentage points in each succeeding year.

The Department of Mental Health and Mental Retardation will pay approved mental health treatment costs for state agency clients placed for educational purposes. It may pay these costs for out-of-state placements and the board and care costs of students placed for other than educational purposes.

The Committee Amendment (H-555) adds a fiscal note to the bill. The phase-in mechanism in the bill means there will be no additional costs this fiscal year. The total future cost will be \$6 million. The cost to the State will be \$3 million due to the removal of the costs from the School Finance Act formula.
