LD AN ACT TO PROMOTE EQUITY IN DETERMINING MEDICAID CARRY-OVER
412 ELIGIBILITY FOR INSTITUTIONALIZED CARE

Sponsor: MARTIN, Lisnik, Dellert, Clark N
Committee Report: OTP-A
Amendments Adopted:
H-307 COMMITTEE
H-374 MANNING

SUMMARY: This bill would have established special income rules for determining Medicaid eligibility of married couples when one member of the couple is eligible for institutional care funded by Medicaid. Current law establishes a rebuttable presumption that each spouse has 1/2 interest in the total combined monthly income of both spouses. The bill would have provided several statutory criteria for rebutting that presumption.

Enactment of this bill may have placed Maine in noncompliance with federal Medicaid rules and jeopardized Maine's Medicaid funding. The committee amendment (H-307) would have enacted the legislation and sunset the legislation effective March 1, 1988. This was an attempt to send a strong message to Congress that action is needed to correct the current inequity while not jeopardizing current Medicaid funding.

House Amendment (H-374) removed the sunset provision.

The bill was re-referred to the committee and held-over.
