programs to assist school administrative units in carrying out their special education responsibilities.

The Committee amendment clarified the provision of the original bill requiring a building level administrator to be present at the pupil evaluation team meeting to allow another person designated by the superintendent to represent the school administration at the meeting.

The amendment also clarified the criteria for approval of a school's special education plan proposed in the original bill by providing that children with different identified handicapping conditions may be served in the same program if that is compatible with the educational and behavioral needs of those students.

Finally, the amendment added a fiscal note and appropriation to provide staff to the Division of Special Education to implement the requirements of the bill.
