LVWD

Sponsor: SCARPINO
Committee Report: LVWD

SUMMARY: This bill defined a seed size for transferring mussels onto aquaculture leases, required an environmental impact study as part of the leasing process, required the consent of the Marine Advisory Council in all leasing decisions, and prohibited all alterations or changes to the ecosystem within the lease and surrounding areas. The bill also stipulates that rental fees for leases be set by the Bureau of Public Lands consistent with their submerged lands policies. Finally, the bill imposed a moratorium on all new aquaculture leases until a category by category review of guidelines for the environmental impact statement could be finished. The moratorium on categories of leases would be lifted as each of these guidelines were promulgated.

The committee addressed some of these issues through LD 1840 and the sponsor withdrew the bill.
