AN ACT TO ESTABLISH THE INDIAN POINT WILDLIFE  
SANCTUARY IN GEORGETOWN.

ONTP

Sponsor: COLES, Cahill  
Committee Report: ONTP

SUMMARY: The Indian Point Association, a group of landowners in Georgetown, proposed to have their property designated a wildlife sanctuary. The property has been posted for 30 years but there still is considerable hunting in the area. They wanted a stronger designation to discourage trespassing.

Opponents testified that this is not the tool to use for conservation, that the site had little redeeming value as a wildlife sanctuary and that the landowners had no plans for active management of wildlife. The bill also included intertidal areas within the sanctuary, in conflict with common law provisions. One organization strongly opposed the bill on the grounds that it was an anti-hunting bill.

Other problems with this bill included that there is a town road through the property and over 90 homes. Workmen would be required to remove any fire arms from their vehicles before entering the area.

The Department testified that there was no justification to establish the area as a sanctuary.

AN ACT TO CREATE A YOUTH FISHERIES AND WILDLIFE  
CONSERVATION EDUCATION PROGRAM.

P&SL 1987  
c. 12  
EMERGENCY

Sponsor: DUFFY, Jacques, McGowan, Usher  
Committee Report: New draft of LD 419  
Amendments Adopted:  
H-59 BROWN

SUMMARY: This bill creates a pilot program for secondary students to participate in a 6 to 8 week internship with the Department. Providing students with hands-on experience with wildlife biologists and department personnel will create a better understanding of the principles of game management and conservation.

The new draft incorporated the SERVE/Maine program to administer the program and provided more details on both the program, application procedures and selection process.

The House Amendment (H-59) corrected a technical error in the bill.
