Committee Report: OTP-A (MAJORITY REPORT)  
H-305 COMMITTEE

SUMMARY: The original bill amended the provision of existing law dealing with negotiations on the impact of minimum teacher salaries on the salaries for teachers and related classifications in state operated schools. The bill would have required salaries for those teachers to be based on a school year of the same length as teachers in local schools and would have broadly defined "related classification".

The committee amendment specifies that salaries for teachers in state operated schools shall be based on a 180-day school year. The amendment also refines the definition of related classifications.
