AN ACT CONCERNING SNOWMOBILE REGISTRATION FEES.

PL 1987
c. 88
EMERGENCY

Sponsor: FARREN JR, Dow, Perkins, Anderson
Committee Report: New draft of LD 218

SUMMARY: This bill increased snowmobile registration fees from the present \$11.25 and allocated the increase to the Snowmobile Trail Fund of the Bureau of Parks and Recreation. These funds are used to support two grant programs, the Municipal Grant Program and the Club Grant Program, and the Bureau's operating costs. The fees have been at \$11.25 since 1975. These grant programs support a considerable trail system and augment extensive volunteer efforts. An increase was needed at this time or the trail system would have had to be cut back.

The original bill would have staggered the fee increase over several years with the cost of registration after 1990 at \$18.00. The new draft instituted a flat registration fee at \$16.00 to be effective July 1, 1987.

The Committee felt that \$18.00 was too steep an increase and by increasing the fees sooner, the needed funds would be generated.

AN ACT CONCERNING PENALTIES FOR CARIBOU AND BIG GAME VIOLATIONS.

PL 1987
c. 89

Sponsor: JACQUES, McGowan
Committee Report: New draft of LD 45
Amendments Adopted:
H-62 BROWN

SUMMARY: The original bill increased the penalties for molesting, killing or possessing caribou to deter any harassment of caribou recently returned to Maine. The fine was set at between \$2,000 and \$10,000 with a mandatory jail sentence. It is thought that human interference may be the most substantial problem the caribou may face in their reintroduction to Maine, thus the penalties were set at a high rate.

The new draft increases the penalties to \$1000 for all big game hunting violations, including deer, bear, and moose. Major wild turkey hunting violations were set at \$500. The penalties for dogs chasing or attacking deer was increased to between \$500 and \$1000. The penalties for these violations had not been increased in 10 years and the Department of Inland Fisheries and Wildlife no longer felt the fines were a significant deterrent. The House Amendment (H-62) corrects a technical error.
