P&SL 1987
c. 57

Sponsor: DIAMOND, Pearson, Handy, Bost
Committee Report: OTP-A
Amendments Adopted:
H-192 COMMITTEE

SUMMARY: This bill establishes Project ASPIRE to be administered by the Board of Trustees of the University of Maine System on a pilot project basis in several school systems around the State. Project ASPIRE would allow high school students to take college level courses in their high school. The courses would be taught by specially trained high school faculty members. University credit may be earned for those courses. The bill provides money for grants to local school units which choose to participate to cover the local share of the costs of participation. The board is directed to analyze the pilot projects and report to the Governor and the Legislature.

H-192 - The committee amendment provided for offering the courses outside the regular school day and directed the board to give consideration to alternative approaches in operating the pilot projects.

CARRY-OVER

Sponsor: ANDREWS, Estes, Kilkelly, Small
Committee Report: CARRY-OVER

The Department of Educational and Cultural Services opposed the bill on the grounds that, as worded, it would be difficult to administer because the contact person, phone number and existence of such groups is constantly changing. The department also felt that several
