AN ACT TO EQUALIZE RETIREMENT CREDITS FOR AIR
AND ARMY NATIONAL GUARDSMEN

INDEF. PP

Sponsor: DUFFY, Richard,
Committee Report: New Draft of LD 1252
Amendments Adopted:
H-142 HICKEY
H-166 HICKEY

SUMMARY: Present statute allows members of the retirement system to purchase service credit for up to four years of military service. Individuals who are eligible to receive another pension for that military service are not eligible to purchase service time. The purpose of the original bill was to add bad conduct as a reason for disallowing an individual the right to purchase service time. It also proposed correcting a problem national guard members had. If while they were state employees they earned enough service credit in the National Guard to be eligible for a military pension, they lost the right to purchase service credit for military service time before becoming a member of the State Retirement System. The original bill limited the exclusion to those individuals who were eligible for a pension based on their military service before they became members of the Retirement System.

The new draft retains the intent of the original bill but limits the exclusion for bad conduct to those entering state service after September 16, 1987. It also makes it clear that an individual could not earn retirement credit for National Guard service for any day he/she receive state retirement credits.

House Amendment A (H-142) repeals a section of the statute which had been recodified in the previous session but not repealed concerning purchase of service time.

House Amendment B (H-166) adds a fiscal note indicating their would be possible future costs from the bill starting in the year 1990-91.
