LD AN ACT TO AUTHORIZE HOSPITALS TO USE MAGNETIC NOT ACCEPTED
1786 RESONANCE IMAGING DEVICES LOCATED IN PRIVATE
 PHYSICIANS' FACILITIES

Sponsor: BOUTILIER, Rolde, Martin J, Pray
Committee Report: Min. ND Rpt. of LD 1611

SUMMARY: The original bill sought to allow a magnetic resonance imaging device in a physician's office to be used to provide services to hospital inpatients, even though they were not purchased with certificate of need approval. The minority new draft would have replaced the original bill. It would have required new technologies costing over \$1,000,000 to receive a certificate of need regardless of where the equipment is located. It also would have exempted magnetic resonance devices acquired on or before July 1, 1987 and allowed those devices to serve hospital inpatients. It would have placed a moratorium on new certificates of need until March 1, 1988 and established a Technology Advisory Committee to assist the Department of Human Services to plan on a regional basis and establish criteria to determine what new technology is needed in which regions of the State.

LD AN ACT TO REQUIRE THE MAINE HEALTH CARE FINANCE NOT ACCEPTED
1792 COMMISSION TO RECOGNIZE THE COST OF PATIENT
 VOLUME CURRENTLY SERVED

Sponsor: ROLDE,
Committee Report: Min. ND Rpt. of LD 588

SUMMARY: The original bill sought to require the Health Care Finance Commission to recognize a hospital's volume increases as they actually occurred instead of after a two year wait. The new draft, a minority report, sought to accomplish the same purpose.
