The Committee Amendment (H-689) retains the current \$40 inspection fee for educational institutions. It amends the appropriation to properly give the money for the attorney and clerical positions to the Department of Human Services and divides the money for the Bureau of Health between Personal Services and All Other. S-503 reduced the appropriation to the Bureau of Health.

SUMMARY

This bill established a health care workers' loan fund available for health care workers if a shortage of workers existed. It also allowed 2 new adjustments to "hospital's financial requirements":

- (1) reasonable educational benefits for hospital employers enrolled in a professional health care education course; and
- (2) reasonable costs for recruiting nurses or other health care professionals.

Committee amendment "A" (H-728) deleted the provisions concerning adjustments to hospital financial requirements and retains the Maine Health Care Workers' Scholarship and Loan Program. It also deleted the section on administrative expense and adds a new appropriation.

Committee amendment "B" (H-729), which was not adopted, would have retained and amended the provisions concerning adjustments to the hospital financial requirements and retained the Maine Health Care Workers' Scholarship and Loan Fund, deleting the administrative cost section, and correcting a grammatical error.
