SUMMARY  
New Draft Of LD 2130

The intent of both the original bill and the new draft was to include teachers who had 25 years of service or who were employed as a teacher at least one year prior to reaching normal retirement age but who had been left out of a bill last session providing for State payment of 10% of the health insurance premiums of retired teachers. The new draft limited the State's payment to 10% of the premium for the medicare companion plan for teachers. Neither bill required the insurance carriers providing group plans for teachers to accept new retiree members.

SUMMARY  
New Draft Of LD 1947

Existing law limits eligibility for a survivor's benefit to a members spouse, children, or parents. The bill would have provided a \$150 a month survivor's benefit to any designated beneficiary. The new draft restricts the benefit to a beneficiary who is permanently mentally incompetent or physically incapacitated; a minor under the age of 18, 22 if a student; an adult who has the care of the deceased members minor children; or an adult age 60 or older, or delayed until the adult reaches age 60. It also enacted these provisions as an option for participating local districts.
