AMENDMENTS ADOPTED

SUMMARY

This resolve authorized the Commissioner of Administration, through the Bureau of Public Improvements, to undertake on behalf of the State the sale of property located in the City of Bangor, for which neither the Department of Mental Health and Mental Retardation, to which the property is currently entrusted, nor any other state agency has any current or anticipated need.

After conducting an appropriate legal title search and obtaining a market value appraisal, the commissioner would advertise the property for sale to the highest bidder, while retaining the right to reject any or all bids in the event that in the commissioner's judgment they are unresponsive.

Net proceeds from the sale would have been deposited as undedicated General Fund revenue of the State.

Testimony concerned the sale of an asset that has been appreciating at a rapid rate for funding state government. Many opponents argued that government operations should not be funded from the sale of capital assets.

Net proceeds from the sale would have been deposited as undedicated General Fund revenue of the State.

The issue of selling capital assets to fund state government operations was a major issue addressed by opponents to the bill.
