SUMMARY

This bill provides the supplementary allocations from the Highway Fund for Fy 1989-90 and 1990-91, including about \$1.1 million the first year and \$800,000 the second to fund the 50% Highway Fund share of 22 new people in the Bureau of State Police, full funding for 4 new people in the safety program, and capital and contractual funds to upgrade the mini computers at the Division of Motor Vehicles.

CA (H-577) revises the supplemental allocations and makes several other changes as follows:

Sections 1, 2, and 7 provide for a special registration and inspection for altered vehicles, including vehicles with body lifts. These would be subject to standards to be adopted by the Chief of the State Police. The registration fee would be \$27 per year, the same as a street rod, and the fee for the additional inspection would be \$15. These provisions would take effect March 1, 1990.

Section 3 deals with evasion of the fuel decal requirement by establishing a minimum fine of \$250 for failure to obtain and display a fuel use decal.

Section 4 deals with the islands in Penobscot Bay in which 75% of the vehicle registration fees must be spent by adding Frenchboro and Islesboro to the list.

Sections 5 and 6 deal with posted roads, making it clear that the prohibition applies to loaded vehicles with a registered gross weight exceeding the limit allowed by chapter 303 of the DOT rules, and making the minimum fine \$250 for operating overweight on a posted road, not to be suspended.

HB (H-606) increases motor vehicle inspections fees to cover the shortfall in the highway budget, as proposed in LD 70.
