| OTP | Ought to Pass |
| OTP-ND | Ought to Pass in New Draft |
| OTP-ND-NT | Ought to Pass in New Draft, New Title |
| OTP-A | Ought to Pass as Amended |
| ONTP | Ought Not to Pass |

Each individual summary was prepared by the analyst assigned, as noted for each committee. Please give us your suggestions and comments on these summaries and tell us of any inaccuracies.

COMMITTEE REPORT

ONTP

AMENDMENTS ADOPTED

SUMMARY

The shoreland zone encompassed within the protection of the Site Location of Development Law would have been increased under this bill by decreasing the drainage area used to designate the headwaters of a river from 25 to 5 square miles. This would have increased review of some multi-unit housing developments and subdivisions.
