This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees and Joint Select Committees of the Maine Legislature. The summaries are arranged by LD number for each committee.

All Adopted Amendments are listed, by paper number (e.g., H-584 or S-222), together with the sponsor for floor amendments. Final action is listed to the right of the title. If final House and Senate action differ, both are listed. Committee Reports and Floor Action are abbreviated as follows:

OTP	Ought to Pass
OTP-ND	Ought to Pass in New Draft
OTP-ND-NT	Ought to Pass in New Draft, New Title
OTP-A	Ought to Pass as Amended
ONTP	Ought Not to Pass

Each individual summary was prepared by the analyst assigned, as noted for each committee. But, this document was produced by the efforts of all the office staff, including Research Assistant Barbara McGinn, and secretaries: Charlene Brann, and Valarie Parlin, and especially Laurette Knox who coordinated preparation of the overall document.

Please give us your suggestions and comments on these summaries and tell us of any inaccuracies.

H-90

SUMMARY

The bill, as amended (H-90), requires the Department of Environmental Protection to undertake rulemaking governing the management and disposal of biomedical wastes. The rules must be adopted and submitted to the Legislature for review prior to January 1, 1990. As an incentive for all parties involved in the rulemaking, the committee included pathogenic and infectious waste under the regulatory provisions of hazardous waste. This provision has a delayed effective date of February 1, 1990 to allow the Legislature to repeal it if the proposed rules are found adequate.
