AMENDMENTS ADOPTED

H-310

SUMMARY

The original bill would require the State to assume the financial responsibility for minors in need of welfare services by assessing their needs and providing necessary services and direction. It would require municipalities to refer children to the Department of Human Services. The department would assign a caseworker to the child who would be responsible for coordinating ongoing necessary services for the child. If the department is unable to provide temporary food, shelter or other basic necessities in a timely manner, it would refer the child to the appropriate general assistance administrator for temporary assistance, but the State would reimburse municipalities for 100% of the cost.

The Committee Amendment (H-310) provides that a municipality may apply to the Department of Human Services, when an unaccompanied minor has been found eligible for general assistance, for a determination by the Department of what services may be available for the minor. The municipality would be reimbursed by the State for 100% of the assistance provided by the municipality to the minor.

AMENDMENTS ADOPTED

S-63

SUMMARY

The original bill changes the current statute relating to the Region II Crisis Intervention Program Advisory Board to allow representation from Eastern Maine Medical Center, which is the general hospital with the largest community inpatient mental health program in the region.

Committee amendment "A" (S-63) removes the language designating Eastern Maine Medical Center's participation on the Board, and replaces it with language which does not specify a particular hospital's participation, but ensures participation by a psychiatrist. The amendment also adds a sunset provision of October 1, 1991.
