Each individual summary was prepared by the analyst assigned, as noted for each committee. But, this document was produced by the efforts of all the office staff, including Research Assistant Barbara McGinn, and secretaries: Charlene Brann, and Valarie Parlin, and especially Laurette Knox who coordinated preparation of the overall document.

Please give us your suggestions and comments on these summaries and tell us of any inaccuracies.

basic nonsalaried medical examiner fee by \$5, raises the fee for scene visits by \$30 and authorizes a fee of up to \$20 relative to the taking, labeling, packaging and shipping of specimens.

The bill revises existing law to conform with the prevailing practice that long-term exposures to occupational and environmental toxins and beverage alcohol are matters for private handling between survivors and the victim's physician. This change does not exclude involvement of the medical examiner if the interests of the public must be served.

The bill provides to medical examiners more freedom to use their own discretion in selecting autopsy physicians.

The bill provides for the reporting of missing persons, when there is reason to suspect that those persons may not be found alive, and the accumulation and preservation of material, records and information which might be needed to identify the individual. It provides for confidentiality of the records and materials and for cooperation from government, medical and other private individuals and entities.

This bill was carried over by the Appropriations Committee.

AMENDMENTS ADOPTED

H-309      MAJ REP

SUMMARY

The original bill would require the Department of Human Services to require administrators of all boarding care facilities to obtain continuing education. The Committee Amendment (H-309) restricted the requirement to administrators of boarding homes (facilities with 6 or more beds) and clarified that the credits should be in areas relating to the administrator's functions.
