SUMMARY

This bill would expand the Department of Human Services' responsibility to review all general assistance ordinances by requiring the department to notify the municipality if an ordinance complies with the law. If the department fails to notify the municipality in writing within 60 days of receiving the ordinance, the ordinance will be considered in compliance with the law for purposes of State reimbursement. The bill would correct an error by clarifying that the threshold level for State reimbursement at 90% is .0003 of the municipality's 1981 valuation. It also requires the department to notify each municipality of reimbursement provisions annually, requires municipalities to choose when they will file their expenditure statements and makes changes in municipal reporting requirements.

S-301 PEARSONSUMMARY

This bill enables the Department of Human Services to work with health care providers and community agencies to determine the medical eligibility of nursing home applicants who will be financially eligible for medical assistance within 180 days of admission to a facility. This bill ensures that applicants are assessed to determine their need for intermediate or skilled care and that they are then referred to an appropriate level of care, either at home or in a facility.

The bill also enables the department to comply with the requirements of the Federal Omnibus Budget Reconciliation Act of 1987, Public Law 100-203, Section 4211 requiring screening for mental retardation and mental illness.
