SUMMARY

This bill provides HIV antibody testing, AIDS education and prevention programs for those convicted of or pleading to drug, prostitution and sex-related offenses, behaviors that are considered to be at high risk for acquiring and transmitting the Human Immunodeficiency Virus or HIV.

These programs are intended to motivate convicted offenders by offering a reduction in sentences or fines in exchange for participation in counseling, education and antibody testing.

This bill provides matching state funds to start a program, Operation HEAT, that offers convicted intravenous drug users and sex offenders the option to volunteer for AIDS testing. The bill also provides funds for case management services, AIDS education, counseling and substance abuse treatment and rehabilitation programs.
