SUMMARY

Existing sources of water supply of the Camden and Rockland Water Company are inadequate to meet the future needs of the inhabitants of Camden, Rockport, Thomaston, South Thomaston, Owls Head and Rockland. This bill allows the company to use the water of Megunticook Lake to provide for an uninterrupted and adequate supply of water for human consumption and fire protection.

The committee amendment adds an emergency. It clarifies that Water Company's water rights are exercised in accordance with all applicable state and local regulatory requirements. Finally, it establishes a Moratorium on the Camden Rockland Water Company's withdrawal of water from Hobbs and Fish's Ponds until the hazardous waste site around Union Chemical in Hope is corrected.

The House amendment makes a technical change in the wording.
