**SUMMARY**

This bill, a unanimous final recommendation of the Commission on Manufactured Housing established by P&S 1987 c. 139, enables a mobile home park owner to require, at the time a mobile home is sold and at the tenant's expense, that a mobile home not built to the HUD Code, i.e. pre-1976 homes, be inspected by appropriate licensed tradespersons to determine that the home meets the State's used manufactured home standard in regard to fire safety and the safety of heating and electrical systems. The bill requires the Manufactured Housing Board to adopt rules establishing a used manufactured home standard.

Committee Amendment "A" adds a January 1, 1993 sunset to the provisions enabling a park owner to require inspection of pre-1976 homes.
