LD 309 An Act Regarding Truck Weights for Sand and Gravel Hauling

ONTP-MIN REP

SPONSOR(S)	COMMITTEE REPORT		AMENDMENTS ADOPTED
DUPLESSIS	OTP-AM	MAJ	
LOOK	ONTP	MIN	
NUTTING			

SUMMARY

This bill allows haulers of sand, gravel or stone to haul up to 110% of the maximum gross weight otherwise permitted on their vehicle thus compensating for moisture and other factors in their loads.

Committee Amendment "A" (H-869) is the majority report of the committee and clarifies the intent of the original bill. The amendment allows haulers of sand, gravel or stone to apply for a special commodity permit to extend truck weight limits to 64,000 pounds for a tri-axle truck. That is the limit available to haulers of forest products. This amendment also adds a fiscal note to the bill. The minority ONTP Report was accepted in both houses.

LD 498 An Act to Modify Weight Limits for Farm Trucks

DIED BETWEEN BODIES

LD 702 An Act Regarding the Relocation of Utility Facilities as a Result of State Highway Construction

PUBLIC 860

SPONSOR(S)	COMMITTEE REPORT		AMENDMENTS ADOPTED
MARTIN J	OTP-AM		H-871
THERIAULT			
GOULD R R			
HUSSEY			

SUMMARY

Under current law public utilities are entitled to reimbursement from the Highway Fund for up to 90% of the costs of facility relocation when required in connection with construction of interstate highways. No similar provision applies when public utility facilities must be relocated in connection with state highway construction. This bill establishes a procedure of notice of need to relocate and payment of relocation costs if adequate notice is not provided by the DOT. The bill is an attempt to encourage the Department of Transportation and the utilities to work together to minimize the costs of relocation of utility facilities.
