LD 840 **An Act to Provide Greater Public Input into Public Lands Management**

PUBLIC 192

SPONSOR(S)	COMMITTEE REPORT	AMENDMENTS ADOPTED
MITCHELL J POWERS TITCOMB JACQUES	OTP-AM	H-190

SUMMARY

The original bill would have required adoption of Bureau of Public Lands management plans under the Maine Administrative Procedure Act and undedicated the bureau's funds. The committee amendment (H-190) replaces the original bill and requires the Joint Standing Committee on Energy and Natural Resources to approve the allocation of funds within the bureau's dedicated funds. It also requires the Director of the Bureau of Public Lands to study the concept of an advisory committee for the Bureau of Public Lands and to bring recommendations and implementing legislation to the Legislature in 1992. This amendment also adds a fiscal note.

LD 841 **An Act to Facilitate Municipal Review of Commercial Hazardous Waste License Applications and the Collection of Municipal Fees Levied on Commercial Hazardous Waste Facilities**

PUBLIC 205

SPONSOR(S)	COMMITTEE REPORT	AMENDMENTS ADOPTED
NUTTING BERUBE ST. ONGE MITCHELL J	OTP-AM	H-217

SUMMARY

The original bill would have made a hazardous waste facility license void if the Department of Environmental Protection failed to give a 30-day notice to all interveners before the public hearing is held. The bill also would have given municipalities the right to request the Commissioner of Environmental Protection to audit a facility.

The committee amendment (H-217) changes the original bill to allow a municipality to audit a commercial hazardous waste facility within its jurisdiction to ensure compliance with any local ordinances that levy fees on the facility based on that facility's annual billings. It removes authority from the Commissioner of Environmental Protection to audit the facility for this purpose. The amendment makes payment of any locally-imposed fee a condition to issuing a license. The amendment also removes a retroactivity clause and adds a fiscal note to the bill.
