AMENDMENTS ADOPTED**SUMMARY**

This bill limits payment of retirement options for persons who are not in service if the application for service retirement benefits is received by the retirement system more than one year following the attainment of normal retirement age.

The bill also requires that, before January 1, 1992, the Maine State Retirement System notify each inactive vested member who is over normal retirement age before that date that if the member does not file an application for retirement benefits before January 1, 1993, the method in which the benefits will be paid will be limited to full benefits.
