#### **SUMMARY**

This bill enables the use of managed care techniques as a means to contain medical costs. Specifically, the bill amends current law to differentiate between types of preferred provider arrangements, simple reimbursement mechanisms as contrasted to capitated arrangements that may be based upon a fixed per member per month payment structure. As proposed, capitated arrangements are required to file more detailed information with the Bureau of Insurance than is required of a simple reimbursement plan.

#### **SUMMARY**

This bill requires group health insurers to provide 80% coverage for certain outpatient and inpatient treatment for all policies or certificates executed, delivered, issued for delivery, continued or renewed on or after January 1, 1992.

This bill provides that certain biologically based severe mental disorders are covered in the same manner as any other biologically based diseases or disorders of the brain for the purposes of health insurance coverage.

Senate Amendment "A", S-775, delays the implementation of the benefit changes for one year, then begins benefit changes on a 3-year schedule, ending with parity of benefits on July 1, 1996. The amendment requires Blue Cross Blue Shield of Maine to report to the Legislature on or before May 1, 1993 regarding costs for coverage specified in the bill and amendment. The amendment also adds a fiscal note.

House Amendment "A", H-1336, clarifies a potential ambiguity in the Senate Amendment "A", specifying that the references to mental illness in the maximum lifetime benefit paragraphs are to mental illnesses listed in paragraph A.
