## JOINT STANDING COMMITTEE BILL SUMMARIES

This document is a compilation of the bill summaries prepared by this office for the Joint Standing Committees and Joint Select Committees of the Maine Legislature. The volume is organized alphabetically by committee; within each committee, the summaries are arranged by LD number. A subject index is provided at the beginning of each committee's summaries.

All adopted amendments are listed, by paper number (e.g., H - 584 or S - 222), together with the sponsor for floor amendments. Final action on each bill is listed to the right of the title. Various types of final action are abbreviated as follows:

These summaries were prepared by the analyst or analysts assigned to the committee. But, this document was produced by the efforts of all the office staff, including secretaries: Charlene Raymond and Valarie Parlin, and especially Laurette Knox who coordinated preparation of the overall document.

If you have any suggestions or comments on these summaries, please let us know.

#### **SUMMARY**

This bill changes the definition of missing child to mean any person under the age of 18 years whose whereabouts are unknown to the child's legal custodian. The bill also deletes the provision giving a law enforcement agency up to 48 hours after receiving a missing child report before making an entry into the National Crime Information Center and the Maine Wanted and Missing computer systems. Under this bill, when a preliminary investigation by a law enforcement agency indicates that a child is missing, that information would be entered immediately so that all law enforcement agencies have access to the data. The bill also requires the agency to update entries within 60 days with any additional information, including, where available, medical and dental records. With these changes, Maine's statute will mirror the National Child Search Assistance Act of 1990.
